Action Andrea Nava, Luciana Pedrazzini, 2018-03-22 Despite the key role played by second language acquisition SLA courses in linguistics teacher education and language teaching degrees participants often struggle to bridge the gap between SLA theories and their many applications in the classroom In order to overcome the transfer problem from theory to practice Andrea Nava and Luciana Pedrazzini present SLA principles through the actions and words of teachers and learners *Second Language Acquisition in Action* identifies eight important SLA principles and involves readers in an experiential approach which enables them to explore these principles in action Each chapter is structured around three stages experience and reflection conceptualisation and restructuring and planning Discussion questions and tasks represent the core of the book These help readers in the process of experiencing SLA research and provide them with opportunities to try their hands at different areas of language teachers professional expertise Aimed at those on applied linguistics MA courses TESOL EFL trainees and in service teachers *Second Language Acquisition in Action* features Key Questions at the start of each chapter Data based tasks to foster reflection and to help bridge the gap between theory and practice Audiovisual extracts of lessons on an accompanying website Further Reading suggestions at the end of each chapter *Second Language Acquisition and the Younger Learner* Jenefer Philp, Rhonda Oliver, Alison Mackey, 2008-10-01 This new volume of work highlights the distinctiveness of child SLA through a collection of different types of empirical research specific to younger learners Characteristics of children's cognitive emotional and social development distinguish their experiences from those of adult L2 learners creating intriguing issues for SLA research and also raising important practical questions regarding effective pedagogical techniques for learners of different ages While child SLA is often typically thought of as simple and often enjoyable and universally effortless in other words as child's play the complex portraits of young second language learners which emerge in the 16 papers collected in this book invite the reader to reconsider the reality for many younger learners Chapters by internationally renowned authors together with reports by emerging researchers describe second and foreign language learning by children ranging from pre schoolers to young adolescents in home and school contexts with caregivers peers and teachers as interlocutors *Understanding Second Language Process* Zhaohong Han, Eun Sung Park, 2008 This is a collection of 11 analytical and empirical studies on the process of second language acquisition probing a wide array of issues from transfer appropriate processing to L2 default processing strategies among hearing or deaf learners of a variety of target languages *Second Language Acquisition* Kees De Bot, Wander Lowie, Marjolyn Verspoor, 2005 *Second Language Acquisition* introduces the key areas in the field including multilingualism the role of teaching the mental processing of multiple languages and patterns of growth and decline explores the key theories and debates and elucidates areas of controversy gathers together influential readings from key names in the discipline including Vivian Cook William E Dunn and James P Lantolf S P Corder and Nina Spada and Patsy Lightbown **The Routledge Handbook of Second Language Acquisition** Susan M. Gass, Alison Mackey, 2013-06-17 The Routledge Handbook of Second Language Acquisition brings

together fifty leading international figures in the field to produce a state of the art overview of Second Language Acquisition. The Handbook covers a wide range of topics related to Second Language Acquisition: language in context, linguistic, psycholinguistic and neurolinguistic theories and perspectives, skill learning, individual differences, L2 learning settings and language assessment. All chapters introduce the reader to the topic, outline the core issues, then explore the pedagogical application of research in the area and possible future development. The Routledge Handbook of Second Language Acquisition is an essential resource for all those studying and researching Second Language Acquisition.

Handbook of Research in Second Language Teaching and Learning Eli Hinkel, 2011-01-25. This landmark volume provides a broad-based comprehensive state of the art overview of current knowledge and research into second language teaching and learning. All authors are leading authorities in their areas of expertise. The chapters, all completely new for Volume 2, are organized in eight thematic sections: Social Contexts in Research on Second Language Teaching and Learning; Second Language Research Methods; Second Language Research and Applied Linguistics Research in Second Language Processes and Development; Methods and Instruction in Second Language Teaching; Second Language Assessment; Ideology, Identity, Culture and Critical Pedagogy in Second Language Teaching and Learning; Language Planning and Policy Changes in Volume 2 captures new and ongoing developments, research and trends in the field, surveys prominent areas of research that were not covered in Volume 1, includes new authors from Asia, Australia, Europe and North America to broaden the Handbook's international scope. Volume 2 is an essential resource for researchers, faculty, teachers and students in MA, TESL and applied linguistics programs as well as curriculum and material developers.

Extending the Boundaries of Research on Second Language Learning and Teaching Mirosław Pawlak, 2011-08-30. The book contains a selection of papers reflecting cutting-edge developments in the field of learning and teaching second and foreign languages. The contributions are devoted to such issues as classroom-oriented research, sociocultural aspects of language acquisition, individual differences in language learning, teacher development, new strands in second language acquisition research as well as methodological considerations. Because of its scope, the diversity of topics covered and the adoption of various theoretical perspectives, the volume is of interest not only to theorists and researchers but also to methodologists and practitioners and can be used in courses for graduate students.

Aspects of Culture in Second Language Acquisition and Foreign Language Learning Janusz Arabski, Adam Wojtaszek, 2011-08-27. In recent years, language learning has been increasingly viewed by some SLA researchers as an essentially social psychological process in which the role of a wider sociocultural context should not be marginalized. This volume offers a valuable contribution to this growing body of research by providing theoretical considerations and empirical research data on themes such as the development of intercultural communicative competence, the role of English as a lingua franca in intercultural communication and the place of cultural factors in SLA theorizing, research, second foreign language teaching and teacher training. The volume also contains contributions which share the

linguistic interest in the culture related concepts and constructs such as time modesty politeness and respect discussing the culture dependent differences in conceptualization and their reflection in particular language forms and linguistic devices
