Wrong Women Caroline West, 2025-02-20 I found it fascinating it is an integral part of the history of Dublin that has been lost to time for too long Rick O Shea A feminist history of Europe's largest red light district and an examination of the lives of the women who worked there Tucked away in Dublin's north inner city Monto purported to be Europe's biggest red light district from 1860 to 1925 with up to 1600 sex workers at any one time made headlines for wild tales of debauchery However what happened to the women and girls within its brothels in life and death is less clear This account balances the historical origins of Monto's rise and fall with an investigation into the inhumane and heartbreaking reality of the treatment of the women that worked there while delving into the impact of class sexual violence and British colonialism on the women's survival West explores the stigma and violence the women and girls of Monto endured and investigates the shocking claims surrounding their treatment by medial professionals Weaving together oral histories historical records fashion trends and family memories this book brings the women of Monto to life within its pages as it explores how they lived worked loved dressed mourned and built a tight knit community

Sex Pots Paul Mathieu, 2003 Over the past twenty years debates about pornography have raged within feminism and beyond Throughout the 1970s feminists increasingly addressed the problem of men's sexual violence against women and many women reduced the politics of men's power to questions about sexuality By the 1980s these questions had become more and more focused on the issue of pornography now a metaphor for the menace of male power Collapsing feminist politics into sexuality and sexuality into pornography has not only caused some of the deepest splits between feminists but made it harder to think clearly about either sexuality or pornography indeed about feminist politics more generally This provocative collection by well known feminists surveys these arguments and in particular asks why recent feminist debates about sexuality keep reducing to questions of pornography
