Cervantes's Novelas ejemplares William H. Clamurro,2015-09-17 Cervantes s Novelas ejemplares Reading their Lessons from His Time to Ours offers a fresh approach to the Novelas ejemplares 1613 of Cervantes in which the twelve novelas are not analyzed individually nor on the basis of generic definitions but rather from a thematic perspective

In this way certain pertinent themes and problems are explored by grouping the relevant novelas as they dramatize these problems often leaving the reader with unresolved conclusions and in other instances offering an affirmative solution The issues examined include the ironies and injustices of social class the problem of honra and justice the complex hostilities and interactions of distinct cultures and the problem of finding a seventeenth century work of fiction relevant and stimulating to the twenty first century reader
