Eyewitness 1910-1919 Joanna Bourke, 2004 Indeholder autentiske stemmer fra perioden *A Book about the Film Monty Python's The Meaning of Life* Darl Larsen, 2020-06-29 Darl Larson identifies and explains virtually every allusion and reference that appears in Monty Python's *The Meaning of Life* Organized chronologically by scene the entries cover literary and metaphoric allusions symbolisms names peoples and places as well as the many social cultural and historical elements that populate this film **The Darkest Days** Douglas Newton, 2014-08-12 The centenary of the outbreak of the First World War may be commemorated by some as a great moment of national history But the standard history of Britain's choice for war is far from the truth Using a wide range of sources including the personal papers of many of the key figures some for the first time historian Douglas Newton presents a new dramatic narrative He interleaves the story of those pressing for a choice for war with the story of those resisting Britain's descent into calamity He shows how the decision to go to war was rushed in the face of vehement opposition in the Cabinet and Parliament in the Liberal and Labour press and in the streets There was no democratic decision for war The history of this opposition has been largely erased from the record yet it was crucial to what actually happened in August 1914 Two days before the declaration of war four members of the Cabinet resigned in protest at the war party's manipulation of the crisis The government almost disintegrated Meanwhile large crowds gathered in Trafalgar Square to hear the case for neutrality and peace Yet this cry was ignored by the government Meanwhile elements of the press the Foreign Office and the Tory Opposition sought to browbeat the government into a quick decision Belgium had little to do with it The key decision to enter the war was made before Belgium was invaded Those bellowing for hostilities were eager for Britain to enter any war in solidarity with Russia and France for the future safety of the British Empire In particular Newton shows how Prime Minister H H Asquith Foreign Minister Sir Edward Grey and First Lord of the Admiralty Winston Churchill colluded to pre-empt the decisions of Cabinet to manipulate the parliament and to hurry the nation toward intervention by any means necessary Asquith Stephen Bates, 2006-11 Biography of the 4th British Prime Minister of the 20th Century **In Our Own Words** Robert G. Torricelli, Andrew Carroll, 2000-10 Presents a collection of oratory including sermons speeches courtroom arguments radio broadcasts eulogies and commencement addresses **The Glory of Van Gogh** Nathalie Heinich, 1997-11-16 The author explores how and why the impoverished and mentally tormented Van Gogh came to be glorified shortly after his suicide at the age of 37 Apart from describing his life she also explores the economics of the art market In an appendix attention is given to Van Gogh and art criticism in France 1888 1901 Eyewitnesses to the Indian Wars, 1865-1890 Peter Cozzens, 2001 Eyewitnesses to the Russian Revolution Todd Chretien, 2017-11-20 This comprehensive chronicle of the Russian Revolution is told through the eyewitness accounts of journalists political leaders and ordinary citizens More than a century ago workers and peasants in Russia turned the world upside down when they overthrew their tsar took over their factories farms and schools and set out to build a new society In

King, 2011-08-05 Employing studies in population ecology as a framework for understanding the growth of religious movements Disfellowshipped traces the growth of the Pentecostal movement The author explores how the Pentecostal movement developed in relationship to Fundamentalism from its roots in the Holiness movement to the formation of the National Association of Evangelicals Particular attention is given to the various critiques and rebuttals exchanged between Fundamentalists and Pentecostals exploring how these two movements influenced and shaped one another This book shows how despite their mutual antagonism these two movements held far more in common than in contrast This book will be of great importance to all those interested in the history of Fundamentalism and the rise of Pentecostalism Entangled Histories of the Balkans - Volume Four Roumen Dontchev Daskalov, Diana Mishkova, Tchavdar Marinov, Alexander Vezhenkov, 2017-02-06 The present volume is the last in the Entangled Balkans series and marks the end of several years of research guided by the transnational entangled history and *histoire croisée* approaches The essays in this volume address theoretical and methodological issues of Balkan or Southeast European regional studies not only questions of scholarly concepts definitions and approaches but also the extra scholarly ideological political and geopolitical motivations that underpin them These issues are treated more systematically and by a presentation of their historical evolution in various national traditions and schools Some of the essays deal with the articulation of certain forms of Balkan heritage in relation to the geographical spread and especially the cultural definition of the Balkan area Concepts and definitions of the Balkans are thus complemented by self representations that reflect on their cultural
