Ezra Pound And Confucianism Remaking Humanism In The Face Of Modernity:

Ezra Pound and Confucianism Feng Lan,2011-11-01 In *Ezra Pound and Confucianism* Feng Lan offers the first study of Ezra Pound's project of establishing a Confucian humanism as an alternative to Western modernism. While Pound scholars are familiar with the American poet's commitment to Confucianism, the question of how Confucianism systematically shaped Pound's thoughts has not been convincingly answered. Lan shows that when confronted with what appeared to him a dehumanising modern world, Pound discovered in Confucianism possible solutions to issues that he encountered in language, politics and religion, which Western intellectual tradition as a whole had failed to provide. By integrating Confucian doctrines with received ideas from Western tradition, Pound developed a humanist discourse and brought it to bear on the historical conditions of his time. The result was a discourse characterized primarily by the following beliefs: the human mind as the source of creation; the individual's moral will as the basis of truth and social order; the human partnership with the world of nature; the self-perfectibility of human beings and their innate capability for internal transcendence in spiritual life. Lan examines the strategies with which Pound reconstructed Confucianism into a systematic modern discourse, focusing on his controversial translation of Confucian scriptures, his rethinking of the nature of language and poetry, his political theory of the individual and the state, and his formulation of an unorthodox spirituality. Situating Pound's works in diverse cultural, historical and intellectual contexts, *Ezra Pound and Confucianism* demonstrates that, despite its frequent divergence from the Confucian canon, Pound's Confucian humanism gives his poetry an ideological coherence, enriches the Western humanist tradition, and asserts its relevance to the historical and cross-cultural development of Confucianism in modern times. **Ezra Pound: Poet** A. David Moody,2015-09-24 This third and final volume of A. David Moody's critical life of Ezra Pound presents Pound's personal tragedy in a tragic time. In this volume, we experience the 1939-1945 World War and Pound's hubristic involvement in Fascist Italy's part in it; we encounter the grave moral and intellectual error of Pound holding the Jewish race responsible for the war and his consequent downfall, being charged with treason, condemned as an anti-Semite, and shut up for twelve years in an institution for the insane. Further, we see Pound stripped for life by his own counsel and wife of his civil and human rights. Pound endured what was inflicted upon him justly and unjustly without complaint and continued his lifetime's effort to promote in and through his *Cantos* and his translations a consciousness of a possible humane and just social order. The contradictions run deep and compel as tragedy does a steady and unprejudiced contemplation and an answering depth of comprehension. **The New Ezra Pound Studies** Mark Byron,2020 Essays on recent developments in Pound scholarship and research, including newly available primary sources and methodological advances in cognate fields.

Modernism and Homer Leah Culligan Flack,2015-09-16 This comparative study crosses multiple cultures, traditions, genres and languages in order to explore the particular importance of Homer in the emergence, development and promotion of modernist writing. It shows how and why the Homeric epics served both modernist formal experimentation, including

Pound's poetics of the fragment and Joyce's sprawling epic novel and sociopolitical critiques including H.D.'s analyses of the cultural origins of twentieth-century wars and Mandelstam's poetic defiance of the totalitarian Stalinist regime. The book counters a long critical tradition that has recruited Homer to consolidate and more recently chastise an elitist masculine modernist canon. Departing from the tradition of reading these texts in isolation as mythic engagements with the Homeric epics, Leah Flack argues that ongoing dialogues with Homer helped these writers to mount their distinct visions of a cosmopolitan post-war culture that would include them as artists working on the margins of the Western literary tradition.

Ezra Pound and 'Globe' Magazine: The Complete Correspondence Ezra Pound, 2015-11-19 In the summer of 1936 Ezra Pound agreed to take on the role of European Correspondent for a newly launched travel journal entitled *Globe*. The *International Magazine*. Ezra Pound and *Globe Magazine*. The *Complete Correspondence* collects for the first time Pound's writings for the journal and his extensive correspondence with one of its editors, James Taylor Dunn, and the leading writers who Pound himself attempted to recruit for the magazine. Numbering almost forty letters and twenty published and unpublished articles, these writings represent a darkly significant time in Pound's thought as his infatuation with the rise of fascism took root. Annotated throughout and supported by substantial explorations of the historical and cultural contexts of the writings, the book also includes a substantial bibliography of related writings and a biographical glossary of the major figures discussed in the correspondence and writing. Together, these texts represent an important resource for anyone interested in an important phase of 20th-century literary modernism.

Ezra Pound in Context Ira B. Nadel, 2010-11-11 Long at the centre of the modernist project from editing Eliot's *The Waste Land* to publishing Joyce, Pound has also been a provocateur and instigator of new movements while initiating a new poetics. This is the first volume to summarize and analyze the multiple contexts of Pound's work, underlining the magnitude of his contribution and drawing on new archival, textual, and theoretical studies. Pound's political and economic ideas also receive attention. With its concentration on the contexts of history, sociology, aesthetics, and politics, the volume will provide a portrait of Pound's unusually international reach: an American-born modern poet absorbing the cultures of England, France, Italy, and China. These essays situate Pound in the social and material realities of his time and will be invaluable for students and scholars of Pound and modernism.

A History of Modernist Poetry Alex Davis, Lee M. Jenkins, 2015-04-27 *A History of Modernist Poetry* examines innovative anglophone poetries from decadence to the post-war period. The first of its three parts considers formal and contextual issues, including myth, politics, gender, and race, while the second and third parts discuss a wide range of individual poets, including Ezra Pound, T.S. Eliot, W.B. Yeats, Mina Loy, Gertrude Stein, Wallace Stevens, William Carlos Williams, and Marianne Moore, as well as key movements such as Imagism, Objectivism, and the Harlem Renaissance. This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism. The collection concludes with a wide-ranging discussion of the inheritance of modernism in recent writing.
