Casting into Mystery Robert Reid,2020-01-10 Every time I leave the world of work family and community to wade into a river with fly rod in hand I enter a sacred space that sometimes finds expression in the written word In Casting into Mystery writer Robert Reid and wood engraver Wesley W Bates avid anglers both put ink to paper in homage to the venerable sport of fly fishing Through text and image they recall with fondness the company of rivers each is grateful to know providing a glimpse inside a sporting culture teeming with literature art and music Part memoir part objet d art and part field guide Casting into Mystery will delight passionate fly fishing practitioners and armchair anglers alike **Shooting and Fishing** ,1904 **Tying and Fishing Bucktails and Other Hair Wings** Mike Valla,2016-09-05 The classic bucktails Mickey Finn Black Nose Dace are some of the very first flies that anglers learn to tie and they are the most well traveled of all streamer types from Maine to Washington trout to salmon With over 500 patterns this is the only book to date written on bucktails as well as other hairwing streamers **Reading the Water** Mark Hume,2022-05-10 A father shares the joys of fly fishing with his daughters A heartfelt beautifully written celebration of the wonders of nature and comfort of family Kirkus STARRED Fishing was Mark Hume s passion since he was a young boy a lifeline through a childhood marked by his family s frequent moves When he became a father he knew he wanted to pass on his love of water fishing and the natural world to his daughters Most of all he wanted to give them hope for their future even as they were coming of age during uncertain times As soon as they were old enough Mark taught his girls how to read the water and see the patterns in nature He showed them how to cast how to catch fish and release them and only when needed how to kill them He discovered that fly fishing and fatherhood require many of the same skills patience flexibility and the knowledge of when to reel in and when to let go Illuminating and

heartfelt Reading the Water is a much needed positive story about a father raising daughters and a meditation on finding faith in a deep connection with the natural world **My Québec** René Lévesque, Québec (Province). Prime Minister (1976-1985 : Lévesque), 1979 **Hemingway: The Paris Years** Michael Reynolds, 1999-05-17 Excellent Reynolds is as good on the Paris writing as he is on the Paris life Times Literary Supplement The 1920s in Paris are the pivotal years in Hemingway s apprenticeship as a writer whether he was sitting in cafes or at the feet of Gertrude Stein These are the heady times of the Nick Adams short stories Fitzgerald s The Great Gatsby and the writing of The Sun Also Rises These are also the years of Hemingway s first marriage to Hadley Richardson the birth of his first son and his discovery of the bullfights at Pamplona The Blue-eyed Sheiks Peter Foster, 1980 **Canadiana** , 1980-10 Canadian Books in Print , 1986 In the Studio Todd Hignite, 2007-09-21 Nine critically acclaimed cartoonists and graphic novelists invite us into their studios to discuss their art and inspirations These studio visits with some of today s most popular and innovative comic artists present an unparalleled look at the cutting edge of the comic medium The artists some of whom rarely grant interviews offer insights into the creative process their influences and personal sources of inspiration and the history of comics The interviews amount to private gallery tours with the artists commenting now thoughtfully now passionately on their own work as well as the works of others The book is generously illustrated with full color reproductions of the artists works including some that have been published and others not originally intended for publication such as sketchbooks and personal projects Additional illustrations show behind the scenes working processes of the cartoonists and particular works by others that have influenced or inspired them Through the eyes of these artists we see with a new clarity the achievement of contemporary cartoonists and the extraordinary possibilities of comic art *Hunting and the Ivory Tower* Douglas Higbee, David Bruzina, 2018-05-11 Seventeen hunter scholars explore the hunting experience and question common negative stereotypes Despite the academy having a reputation for supporting broad and open inquiry in scholarship some academics have not extended this open minded support to colleagues personal pursuits A variety of scholars enjoy hunting which has been stereotyped by some as an activity of the unsophisticated In *Hunting and the Ivory Tower* Douglas Higbee and David Bruzina present essays by seventeen hunter scholars who explore the hunting experience and question negative assumptions about hunting made by intellectuals and academics who do not hunt Higbee and Bruzina suspect most academics understanding of hunting is based on brief television news reports of hunter politicians and commercials for reality TV shows such as Duck Dynasty The editors contend that few scholars appreciate the complexities of hunting or give much thought to its ethical ecological and cultural ramifications Through this anthology they hope to start a conversation about both hunting and academia and how they relate The contributors to this anthology are academics from a variety of disciplines each with firsthand hunting experience Their essays vary in style and tone from the scholarly to the personal and represent the different ways in which scholars engage with their avocation The essays are grouped into three sections the first focuses on

the often fraught relation between hunters and academic culture the second section offers personal accounts of hunting by academics and the third portrays hunting from an explicitly academic point of view whether in terms of value theory metaphysics or history Combined these essays render hunting as a culturally rich deeply personal and intellectually satisfying experience worthy of further discussion A foreword is provided by Robert DeMott the Edwin and Ruth Kennedy Distinguished Professor at Ohio University in Athens Ohio He is a teacher writer critic and internationally respected expert on novelist John Steinbeck

Trustworthy Men Ian Forrest, 2020-03-31 The medieval church was founded on and governed by concepts of faith and trust but not in the way that is popularly assumed Offering a radical new interpretation of the institutional church and its social consequences in England Ian Forrest argues that between 1200 and 1500 the ability of bishops to govern depended on the cooperation of local people known as trustworthy men and shows how the combination of inequality and faith helped make the medieval church Trustworthy men in Latin *virī fidedigni* were jurors informants and witnesses who represented their parishes when bishops needed local knowledge or reliable collaborators Their importance in church courts at inquests and during visitations grew enormously between the thirteenth and fifteenth centuries The church had to trust these men and this trust rested on the complex and deep rooted cultures of faith that underpinned promises and obligations personal reputation and identity and belief in God But trust also had a dark side For the church to discriminate between the trustworthy and untrustworthy was not to identify the most honest Christians but to find people whose status ensured their word would not be contradicted This meant men rather than women and usually the wealthier tenants and property holders in each parish *Trustworthy Men* illustrates the ways in which the English church relied on and deepened inequalities within late medieval society and how trust and faith were manipulated for political ends
