

Those hours that with gentle work did frame
The lovely gaze where every eye doth dwell,
Will play the tyrants to the very same
And that unfair which fairly doth excel:
For never-resting time leads summer on
To hideous winter and confounds him there;
Sap check'd with frost and lusty leaves quite gone,
Beauty o'ersnow'd and bareness every where:
Then, were not summer's distillation left,
A liquid prisoner pent in walls of glass,
Beauty's effect with beauty were bereft,
Nor it, nor no remembrance what it was:
 But flowers distill'd, though they with winter meet,
 Leese but their show; their substance still lives sweet.

Five Authors Of Shakespeares Sonnets:

The Five Authors of 'Shake-speares Sonnets' Henry Telford Stonor Forrest,1923 *The Original Order of Shakespeare's Sonnets* William Shakespeare,Denys Bray, *Shakespeare and His Authors* William Leahy,2015-03-17 The Shakespeare Authorship question the question of who wrote Shakespeare s plays and who the man we know as Shakespeare was is a subject which fascinates millions of people the world over and can be seen as a major cultural phenomenon However much discussion of the question exists on the very margins of academia deemed by most Shakespearean academics as unimportant or indeed of interest only to conspiracy theorists Yet many academics find the Authorship question interesting and worthy of analysis in theoretical and philosophical terms This collection brings together leading literary and cultural critics to explore the Authorship question as a social cultural and even theological phenomenon and consider it in all its rich diversity and significance *The New Cambridge Bibliography of English Literature* George Watson,Ian Roy Willison,1974 *The Problems of the Shakespeare Sonnets* John Mackinnon Robertson,1926 **The Bookman** ,1891 An Historical and Critical Review of Samuel Butler's Literary Works Willem Gerard Bekker,1925 **First Readers of Shakespeare's Sonnets, 1590-1790** Faith D. Acker,2020-09-22 For more than four centuries cultural preferences literary values critical contexts and personal tastes have governed readers responses to Shakespeare s sonnets Early private readers often considered these poems in light of the religious political and humanist values by which they lived Other seventeenth and eighteenth century readers such as stationers and editors balanced their personal literary preferences against the imagined or actual interests of the literate public to whom they marketed carefully curated editions of the sonnets often successfully Whether public or private however many disparate sonnet interpretations from the sonnets first two centuries in print have been overlooked by modern sonnet scholarship with its emphasis on narrative and amorous readings of the 1609 sequence First Readers of Shakespeare s Sonnets reintroduces many early readings of Shakespeare s sonnets arguing that studying the priorities and interpretations of these previous readers expands the modern critical applications of these poems thereby affording them numerous future applications This volume draws upon book history manuscript studies and editorial theory to recover four lost critical approaches to the sonnets highlighting early readers interests in Shakespeare s classical adaptations political applicability religious themes and rhetorical skill during the seventeenth and eighteenth centuries
