Thomas Middleton and Early Modern Textual Culture Gary Taylor, John Lavagnino, 2007-11-22

Thomas Middleton and Early Modern Textual Culture is not only a companion to The Collected Works of Thomas Middleton which every scholar of Renaissance literature will find indispensable. It is also essential reading for anyone interested in the history of the book in early modern Europe. The book is divided into two parts. The first part on The Culture situates Middleton within an historical and theoretical overview of early modern textual production, reproduction, circulation and reception. An introductory essay by Gary Taylor, The Order of Persons, surveys lists of persons written by or connected to Middleton using the complex relationship between textual and social orders to trace the evolution of textual culture in England during the Middleton century 1580-1679. Ten original essays then focus on Middleton's connections to different aspects of textual culture in that century: authorship by MacD P Jackson; manuscripts Harold Love; legal texts Edward Geiskes; censorship Richard Burt; printing Adrian Weiss; visual texts John Astington; music Andrew Sabol; stationers and living authors Cyndia Clegg; posthumous publishing Maureen Bell; and early readers John Jowett. The second part, The Texts, supplies the documentation for claims made in the first part. This includes detailed evidence for the canon and chronology of Middleton's works in all genres, greatly extending previous scholarship and using the latest corpus-based attribution techniques. A full editorial apparatus is supplied for each item in The Collected Works: an Introduction which summarizes and extends previous scholarship is followed by textual notes recording substantive departures from the control text; variants between early texts; press variants; discussions of emendations; and for plays, an exact transcription of all original stage directions. Cross-references make it easy to move between the two volumes. This authoritative account of the early texts includes some extraordinarily complicated cases which have never before been systematically collated. Hence all you vain delights, the most popular song lyric from the Renaissance stage, The Two Gates of Salvation; The Peacemaker and A Game at Chess, the most complex editorial problem in early modern drama with eight extant texts and numerous reports of the early performances.

Interruptions in Early Modern English Drama Michael M. Wagoner, 2022-09-22

To interrupt both on stage and off is to wrest power. From the Ghost's appearance in Hamlet to Celia's frightful speech in Volpone, interruptions are an overlooked linguistic and dramatic form that delineates the balance of power within a scene. This book analyses interruptions as a specific form in dramatic literature, arguing that these everyday occurrences when transformed into aesthetic phenomena reveal illuminating connections between characters, between actor and audience, and between text and reader. Focusing on the works of William Shakespeare, Ben Jonson, and John Fletcher, Michael M. Wagoner examines interruptions that occur through the use of punctuation and stage directions as well as through larger forms such as conventions and dramaturgy. He demonstrates how studying interruptions may indicate aspects

of authorial style emphasizing a playwright's use and control of a text and how exploring relative power dynamics pushes readers and audiences to reconsider key plays and characters providing new considerations of the relationships between Othello and Iago or Macbeth and the Ghost of Banquo **All about Adam** Alice C. Thompson, 1911 **Dramatic Bibliography** , 1933 **The Happy Day** Octavia Roberts, 1915 **The Changed Valentines, and Other Plays for St. Valentine's Day** Elizabeth F. Guptill, 2022-06-02 This work is a collection of three short dramas by Elizabeth F Guptill circling St Valentine written to be performed on St Valentine's Day The plays include The Changed Valentines in two acts A Romance of St Valentine's Day in three acts The Queen of Hearts in one act These are short and delightful plays that are interesting while reading or watching as an audience Saint Valentine's Day is a historical event celebrated yearly on February 14 It started as a Christian feast day celebrating a Christian martyr named Saint Valentine Through later folk traditions St Valentine's Day has become an important cultural and commercial festival of romance and love in many parts of the world
