How Long Is the Present David Antin,2014-12-01 Poet performance artist and critic David Antin invented the talk poem He insists that his poems be oral and created in front of a live audience in a specific time and place with the transcription of the performance adjusted for print by presenting it not in prose but in clumps of words without justified margins or punctuation peppered with white spaces that indicate pauses In this book editor Stephen Fredman provides a critical

introduction to a selection of talk poems from three out of print collections accompanied by a new interview with the author As Fredman points out Antin's work is a form of conceptual writing that has influenced generations of experimental poets and prose writers His profound and humorous talk poems are essential for classroom and scholarly discussions of the arts in modernism and postmodernism offering as well an invitation to strengthen the ties between the sciences and the humanities
