**Flamenco Rose** Janet Louise Roberts, 1983-01-01      *Celebrating Flamenco's Tangled Roots* K. Meira Goldberg, Antoni Pizà, 2022-01-18 This collection of essays poses a series of questions revolving around nonsense cacophony queerness race and the dancing body How can flamenco as a diasporic complex of performance and communities of practice frictionally and critically bound to the complexities of Spanish history illuminate theories of race and identity in performance How can we posit and argue for genealogical relationships within and between genres across the vast expanses of the African and Roma diaspora Neither are the essays presented here limited to flamenco nor consequently are the responses to these questions reduced to this topic What all the contributions here do share is the wish to come together across disciplines and subject areas within the academy and without in the whirling raucous and messy spaces where the body is free to celebrate its questioning as well as the depths of the wisdom and knowledge it holds and sometimes reveals      **Made in Spain** Sílvia Martínez, Héctor Fouce, 2013-07-18 *Made in Spain* Studies in Popular Music will serve as a comprehensive and rigorous introduction to the history sociology and musicology of 20th century Spanish popular music The volume will consist of 16 essays by leading scholars of Spanish music and will cover the major figures styles and social contexts of pop music in Spain Although all the contributors are Spanish the essays will be expressly written for an international English speaking audience No knowledge of Spanish music or culture will be assumed Each section will feature a brief introduction by the volume editors while each essay will provide adequate context so readers understand why the figure or genre under discussion is of lasting significance to Spanish popular music The book first presents a general description of the history and background of popular music followed by essays organized into thematic sections      **The Unexpected Mistress** Sara Wood, 2010-12-27 She wanted to be more than just his mistress They are complete opposites Cassian is gorgeous wealthy he exudes charisma and confidence But Laura is penniless and painfully shy Unexpectedly Cassian finds he's attracted to her Laura has never expected she'd be anyone's mistress let alone Cassian's He's the man of her dreams yet she finds she can't be satisfied as his mistress She wants to be his wife      **Carmen and the Staging of Spain** Michael Christoforidis, Elizabeth Kertesz, 2019 Georges Bizet's *Carmen* and its staging of an exoticized Spain was progressively reimagined between its 1875 Paris premiere and 1915 This book explores *Carmen*'s dynamic interaction with Spanishness in this cosmopolitan age of spectacle across operatic productions parodies and theatrical adaptations from Spain to Paris London and New York      **MBGU Rock Curriculum: Rock Guitar Masterclass, Vol. 2** Ioannis Anastassakis, 2018-07-06 A collection of 60 of the best sweep picking ideas concepts and licks based on 20 years of electric guitar playing experience This book includes licks from and inspired by Frank Gambale Steve Vai Joe Satriani George Lynch Zakk Wylde Yngwie Malmsteen John Petrucci Randy Rhoads Paul Gilbert Richie Kotzen Mathias Eklundh Rusty Cooley Michael Fath and more Builds musical vocabulary a veritable dictionary of licks or rather a lick tionary Most of these licks are in the key of A minor since this is a key most guitarists are

Sonic Interventions makes a compelling case for the importance of sound in theorizing literature subjectivity and culture Sound is usually understood as our second sense and as our belief in a visually dominated culture prevails remains of secondary interest Western cultures are considered to be predominantly visual while other societies are thought to place more importance on the acoustic dimension This volume questions these assumptions by examining how sound differs from and acts in relationship to the visual It moves beyond theoretical dichotomies between the visual and the sonic the oral and literature and instead investigates sonic interventions in their often multi faceted forms The case studies deal with political appropriations of music and sounds they explore the poetic use of the sonic in novels and plays they develop theoretical concepts out of sonic phenomena and pertain to identity formation and the practice of mixing in hip hop opera and dancehall sessions Ultimately the book brings to the fore what roles sound may play for the formation of gendered identity for the stabilization or questioning of race as a social category and the conception of place Their intricate interventions beckon critical attention and offer rich material for cultural analysis
