Flash Point The American Mass Murderer:

Flash Point Michael D. Kelleher, 1997-07-16 The crime of mass murder is surrounded by myth false assumptions and misinformation It is frequently sensationalized in the press while the complex motivations of the perpetrator are ignored or soon forgotten The mass murderer is rarely a crazed killer who lashes out against his victims in a mindless frenzy of violence This book examines not only the crime of mass murder but also the complex motivations of the mass murderer presenting a completely new method of categorizing and analyzing the crime and its perpetrator The evolving nature of the crime is examined in the context of actual case histories of mass murder in America Kelleher's insights will be of interest to

criminologists and anyone interested in the sociology of crime *Handbook of Research on Mass Shootings and Multiple Victim Violence* Crews, Gordon A., 2019-10-25 The phenomena of mass shootings appear to be on the rise Within the past decade shootings have occurred in schools religious institutions concerts movie theaters and other public venues as well as at home in the form of domestic mass shootings This phenomenon is influenced by factors such as access to guns mental illness the desire for fame revenge from being bullied and copycat killing to name a few Mass shootings are a serious problem for society and must be explored further in order to provide preventive solutions The *Handbook of Research on Mass Shootings and Multiple Victim Violence* is a pivotal reference source that provides vital research on contributing factors to gun violence characteristics of shooters and victims solutions for preventing incidents from occurring and the impact these shootings have on the community While highlighting topics such as school safety cyberbullying and mental illness this publication is ideally designed for law enforcement government officials psychologists psychiatrists sociologists politicians policymakers law makers academicians researchers and students seeking current research on the latest empirical findings of mass shootings in the United States **Guncrazy America** Frank N. Egerton, 2018-10-06 The conclusion of this professor

historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it's time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization **Handbook of Behavioral Criminology** Vincent B.

Van Hasselt, Michael L. Bourke, 2018-02-10 This multidisciplinary volume assembles current findings on violent crime behavioral biological and sociological perspectives on its causes and effective methods of intervention and prevention Noted experts across diverse fields apply a behavioral criminology lens to examine crimes committed by minors extremely violent offenses sexual offending violence in families violence in high risk settings and crimes of recent and emerging interest The work of mental health practitioners and researchers is shown informing law enforcement response to crime in interrogation investigative analysis hostage negotiations and other core strategies In addition chapters pay special attention to criminal activities that violate traditional geographic boundaries from cyberstalking to sex trafficking to international terrorism

Among the topics in the Handbook Dyadic conceptualization measurement and analysis of family violence School bullying and cyberbullying prevalence characteristics outcomes and prevention A cultural and psychological perspective on mass murder Young people displaying problematic sexual behavior the research and their words Child physical abuse and neglect Criminal interviewing and interrogation in serious crime investigations Violence in correctional settings Foundations of threat assessment and management The Handbook of Behavioral Criminology is a meticulous resource for researchers in criminology psychology sociology and related fields It also informs developers of crime prevention programs and practitioners assessing and intervening with criminal clients and in correctional facilities

Research Anthology on Modern Violence and Its Impact on Society Management Association, Information Resources, 2022-08-12 Violence on both large and small scales has a tremendous impact on society The causes and impacts of violence have been under study for decades however in the modern era it is important to remain knowledgeable of the current research on violence As tragic events flood news headlines around the world it is essential to evaluate violence its causes and its impact on society in order to mitigate and prevent violence globally The Research Anthology on Modern Violence and Its Impact on Society discusses the causes ideologies and perceptions of modern violence and examines its impact on society It presents emerging research on modern violence in multiple dimensions from interpersonal to mass violence Covering topics such as gun violence radicalization and victim offender overlap this major reference work is an essential resource for sociologists politicians government officials law enforcement community leaders educators and administrators of both K 12 and higher education students of higher education psychologists criminologists victimologists researchers and academicians

Flash Point Colby Marshall, 2016-10-01 A unique forensic psychiatrist must decipher clues left behind by assassins attacking D C in this psychological thriller from the author of Color Blind A band of ruthless assassins converges on a bank in Washington D C They slaughter everyone inside and escape without stealing a dime leaving only a message for police warning that another attack is coming The attackers are more than willing to communicate who they are and what they want The problem is they only do so through cryptic messages hidden in a labyrinth of classic literature references With the clock ticking down the hours and minutes until another bloodbath Dr Jenna Ramey and the rest of the FBI's Behavioral Analysis Unit have a challenge profiling not one or two but a dozen individual killers But even if she can save the day two enemies from Ramey's past are lurking in her blind spot ready to take advantage of her current preoccupation Just the gift for connoisseurs of multiple murders who also want to plume themselves on their knowledge of literary classics Kirkus Reviews Absorbing Adding spice is Jenna's special gift grapheme color synesthesia which allows her to use colors she associates with people and situations to help her determine the truth Publishers Weekly

Why We Kill Nancy Loucks, Sally Smith Holt, Joanna R. Adler, 2013-01-11 Infanticide serial killings war terrorism abortion honour killings euthanasia suicide bombings and genocide all involve taking of life Put most simply all involve killing one or more other people Yet cultural context influences heavily

how one perceives all of these and indeed some readers of this paragraph may already have thought But surely that doesn't belong with those others that's not really killing Why We Kill examines violence in many of its manifestations exploring how culture plays a role in people's understanding of violent action From the first chapter which tries to understand multiple forms of domestic homicide including infanticide filicide spousal homicide and honour killings to the final chapter's bone chilling account of the massacre at Murambi in Rwanda this fascinating book makes compelling reading *The Routledge Companion to Death and Dying* Christopher Moreman, 2017-05-18 Few issues apply universally to people as poignantly as death and dying All religions address concerns with death from the handling of human remains to defining death to suggesting what happens after life The Routledge Companion to Death and Dying provides readers with an overview of the study of death and dying Questions of death mortality and more recently of end of life care have long been important ones and scholars from a range of fields have approached the topic in a number of ways Comprising over fifty two chapters from a team of international contributors the companion covers funerary and mourning practices concepts of the afterlife psychological issues associated with death and dying clinical and ethical issues philosophical issues death and dying as represented in popular culture This comprehensive collection of essays will bring together perspectives from fields as diverse as history philosophy literature psychology archaeology and religious studies while including various religious traditions including established religions like Christianity Judaism Islam Hinduism and Buddhism as well as new or less widely known traditions such as the Spiritualist Movement the Church of Latter Day Saints and Rastafarianism The Routledge Companion to Death and Dying is essential reading for students and researchers in religious studies philosophy and literature Wicked Deeds James M. O'Kane, 2017-10-24 To most Americans homicide appears to be a random act one committed by a deranged and irrational killer in a haphazard unpredictable manner Murder is seen as a chaotic disorganized act beyond the realm of reason In Wicked Deeds James O'Kane shows that homicide is actually rather predictable and patterned with respect to its assailants and victims the circumstances in which it takes place the time and location where it occurs and the motives which precipitate the murderous act Engagingly written and solidly grounded in evidence this is a definitive study of murder in the United States O'Kane explores the phenomena of homicide illustrating the journalists who what why when and where of murder He differentiates criminal homicide such as murder in the first and second degree from other types of killings including legal and quasi legal killings These include suicide abortion accidental death terrorism and other non criminal types of homicide such as justifiable and excusable homicide The author's focus is criminal homicide and he uses age sex race and socioeconomic status as well as demographic data to explain ever recurring patterns of murder in the United States Wicked Deeds analyzes numerous categories of murder intimate partner homicide child and family murders multiple victim killings including mass murder and serial homicide Each type of murder is illustrated by accounts of actual murders reported in the media and on internet sites Approximately 200 cases illustrate the typical homicides as well as the bizarre ones In portraying the patterns

and regularities of murder in the United States *Wicked Deeds* is an essential treatment of a subject too often given over to sensationalism It will be of keen interest to professionals and students of criminal justice as well as those interested in American culture and the general reader who wants to grasp the patterns underlying the headlines **Man with the Killer Smile** Mitchel P. Roth, 2022-11-15 On a cold windy December night in 1926 hell was unleashed on a tenant farm near Farwell the last Texas town before the New Mexico border Prone to the bottle and fits of rage the burly man with the smiling blue eyes was in no mood to quarrel with his third wife over his bootleg whisky and sexual abuse of his stepdaughter He went from room to room in the house killing his wife and each child with primitive cutting tools and his bare hands By the time he concluded his bloody work he had taken the lives of nine family members ranging in age from 2 to 41 committing what one local reporter called the blackest crime in the history of the West Texas Panhandle Husband father uncle embezzler serial mass murderer philanderer child molester convict and military deserter George Jefferson Hassell was many things to many people most of them bad His pattern of familicide crime had begun in 1917 when he slaughtered his common law wife and her three kids in Whittier California Later in Texas he married his brother s wife and became stepfather to her eight children Using Hassell s confessions and his many interviews with reporters as well as the trial transcripts and reminiscences of those who crossed paths with him in Texas Oklahoma and California Mitchel P Roth presents the first comprehensive account of the life and crimes of one of the least known multiple murderers in Texas let alone American history Roth situates Hassell s saga within the 1920s Texas criminal justice system including the death penalty which Hassell ultimately received from Old Sparky the electric chair at Huntsville *Innocent Until Interrogated* Gary L. Stuart, 2012-08-12 On a sweltering August morning a woman walked into a Buddhist temple near Phoenix and discovered the most horrific crime in Arizona history Nine Buddhist temple members six of them monks committed to lives of non violence lay dead in a pool of blood shot execution style The massive manhunt that followed turned up no leads until a tip from a psychiatric patient led to the arrest of five suspects Each initially denied their involvement in the crime yet one by one under intense interrogation they confessed Soon after all five men recanted saying their confessions had been coerced One was freed after providing an alibi but the remaining suspects dubbed The Tucson Four by the media remained in custody even though no physical evidence linked them to the crime Seven weeks later investigators discovered almost by chance physical evidence that implicated two entirely new suspects The Tucson Four were finally freed on November 22 after two teenage boys confessed to the crime yet troubling questions remained Why were confessions forced out of innocent suspects Why and how did legal authorities build a case without evidence And ultimately how did so much go so wrong In this first book length treatment of the Buddhist Temple Massacre Gary L Stuart explores the unspeakable crime the inexplicable confessions and the troubling behavior of police officials Stuart s impeccable research for the book included a review of the complete legal records of the case an examination of all the physical evidence a survey of three years of print and broadcast news and more than fifty personal

interviews related to the case *Like In Cold Blood* and *The Executioner's Song* *Innocent Until Interrogated* is a riveting read that provides not only a striking account of the crime and the investigation but also a disturbing look at the American justice system at its very worst

Encyclopedia of Social Problems Vincent N. Parrillo, 2008-05-22 Social problems affect everyone. Because so many actual and potential problems confront us, it is often difficult to decide which ones affect us most severely. Is it the threat of death or injury during a terrorist attack? Is it the threat caused by industrial pollution that may poison us or destroy our physical environment? Or does quiet but viciously damaging gender, age, class, racial, or ethnic discrimination have the most far-reaching effect? Do the problems of cities affect us if we live in the suburbs? Do poorer nations' problems with overpopulation affect our quality of life? The *Encyclopedia of Social Problems* offers an interdisciplinary perspective into many social issues that are a continuing concern in our lives, whether we confront them on a personal, local, regional, national, or global level. With more than 600 entries, these two volumes cover all of the major theories, approaches, and contemporary issues in social problems and also provide insight into how social conditions get defined as social problems and the ways different people and organizations view and try to solve them.

Key Features: Provides as comprehensive an approach as possible to this multifaceted field by using experts and scholars from 19 disciplines: anthropology, biology, business, chemistry, communications, criminal justice, demography, economics, education, environmental studies, geography, health, history, languages, political science, psychology, social work, sociology, and women's studies. Presents a truly international effort with contributors from 17 countries: Argentina, Australia, Canada, England, France, Germany, Greece, Hong Kong, India, Ireland, Italy, Kenya, New Zealand, Romania, Scotland, Turkey, and the United States. Addresses social problems that are fairly new, such as computer crimes and identity theft, and others that are centuries old, such as poverty and prostitution. Examines social problems differently from place to place and from one era to another. Explains the perspectives and foundations of various social theories and offers different lenses to view the same reality. **Key Themes:** Aging and the Life Course, Community, Culture and Change, Crime and Deviance, Economics and Work, Education, Family, Gender, Inequality, and Sexual Orientation, Health, Housing and Urbanization, Politics, Power and War, Population and Environment, Poverty and Social Class, Race and Ethnic Relations, Social Movements, Social Theory, Substance Abuse. Readers investigating virtually any social problem will find a rich treasure of information and insights in this reference work, making it a must-have resource for any academic library.

Strange Things Done Ken S. Coates, William R. Morrison, 2004-04-28 Klondike lore is full of accounts of the exploits of Dangerous Dan McGrew, Sergeant Preston of the Mounted, and the Mad Trapper of Rat River. The stories vary from outright fabrications to northern fantasies and, on occasion, real-life accounts. *Strange Things Done* investigates a series of murders in the pre-World War II Yukon, exploring the boundaries between myths and historical events. The book seeks to understand both the specific events carefully reconstructed from court evidence and police records and the broader social and cultural context within which these violent deaths occurred. The murder case studies provide a unique and penetrating perspective on

key aspects of Yukon history such as Native newcomer relations mental illness and the folklore about cabin fever the role of immigrants in northern society violence in the gold fields and the role of the police and courts in regulating social behaviour The investigation of these capital cases also illustrates the fear and paranoia which gripped the territory in the aftermath of a murder and the societys insistence on quick and retributive justice when offenders were caught and convicted The Yukon experienced fewer murders than popular literature would suggest and fewer than most would expect given the region s intense and dramatic history but those that did occur illustrate the passions frustrations angers and human frailties that are present in all societies The manner in which the murders occurred and the way in which Yukoners reacted also reveals specific and important aspects of territorial society

Introduction to Criminology Anthony Walsh,Craig

Hemmens,2010-12-09 This new edition of the authors popular text reader provides instructors and students with the best of both worlds authored text with carefully selected accompanying readings Thoroughly updated throughout this Second Edition provides an interdisciplinary perspective on crime and criminality that incorporates the latest theories concepts and research from sociology psychology genetics evolutionary biology and the neurosciences Book Jacket
