A Gustave Flaubert Encyclopedia Laurence M.

Porter,2001-03-30 Gustave Flaubert is probably the most famous novelist of nineteenth century France and his best known work *Madame Bovary* is read in numerous comparative literature and French courses His fiction set the standard to which other authors turned to learn their craft and his cult of art and his unrelenting search for stylistic perfection inspired many later writers such as Maupassant Proust Conrad Faulkner and Joyce His denunciation of materialistic corrupt society his fascination with altered states of consciousness his oscillation between metaphysical longings and a radical nihilism and his deep seated mistrust of the adequacy of words themselves anticipate the works of contemporary authors This reference is a convenient guide to his life and writings Included in this volume are several hundred alphabetically arranged entries on Flaubert s individual works and major characters historical persons and events that shaped his life the themes that run throughout his writings the critical approaches employed by scholars studying his works and related topics of interest Each entry is written by an expert contributor and most close with a brief bibliography All of his major works are treated at length and the volume mentions nearly every unpublished project of his that has a title The book concludes with a selected general bibliography of major studies

Reader's Guide to Women's Studies Eleanor Amico,1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors

A Companion to American Fiction, 1865 - 1914 Robert Paul Lamb,G. R. Thompson,2008-04-15 A Companion to American Fiction 1865 1914 is a groundbreaking collection of essays written by leading critics for a wide audience of scholars students and interested general readers An exceptionally broad ranging and accessible Companion to the study of American fiction of the post civil war period and the early twentieth century Brings together 29 essays by top scholars each of which presents a synthesis of the best research and offers an original perspective Divided into sections on historical traditions and genres contexts and themes and major authors Covers a mixture of canonical and the non canonical themes authors literatures and critical approaches Explores innovative topics such as ecological literature and ecocriticism children s literature and the influence of Darwin on fiction

Ethical Aestheticism in the Early Works of Henry James Tomoko Eguchi,2016-05-11 This study re locates the work of Henry James by revealing parallels between the aestheticism of John Ruskin and that of James It explores a mix of well known fictional texts alongside James s essays and tales which are less frequently analysed but which nevertheless offer important insights into James s attitude to his artistic method Tracing James s early development in comparison with Ruskin s

this book also explores German Romantic thought and the idealism of Kant Goethe and Hegel While examining the German connections with James this study is also alert to James s relations with Walter Pater and French realism to which James became increasingly close in the mid 1880s Rather than placing James within one single category it demonstrates how James interfused Romanticism and realism in establishing his own form of aestheticism Shedding light on James s period of apprenticeship this book therefore articulates the Victorian concept of aestheticism as used by James and Ruskin

The Female Performer between Exhibitionism and Feminism in Novels by James, Hawthorne, and Zola Nodhar Hammami Ben Fradj,2021-03-11 This book is concerned with the figure of the female performer in nineteenth century fiction It explores the attitudes of Henry James Nathaniel Hawthorne and Emile Zola towards women s appearances on political daises and theatrical stages Literature as a cultural force can either boost women s participation in public life or bolster the patriarchal ideology The book verifies Henry James s feminist ideology that lies behind the positive representation of women s political activism and acting as two different modes of performance through a comparative study between him and two of his contemporary novelists It reflects the clash of opinions among nineteenth century American and French authors on the issue of women s public manifestation as caught between the spectacular and the political While some writers have deemed it an exhibitionist demeanour others have considered it a commitment to the feminist project The first section shows how a feminist reading in the history of European and American female performers as emerging figures in the nineteenth century can help to understand the position of the figure in the literary works of the period Nathaniel Hawthorne is shown to be an author who holds the same feminist temperament as James through his portrayal of a talented political rhetorician in his novel *The Blithedale Romance* which is compared to James s *The Bostonians* in the second section The final part conducts a study in contrasts between James s supportive rendering of the actress in *The Tragic Muse* and Emile Zola s derogatory stereotyping of the female performer as a prostitute in his novel *Nana*

The American Henry James,2009-07-30 A wealthy American man of business descends on Europe in search of a wife to make his fortune complete His bid for Claire de Cintr hand receives an icy welcome from the heads of her aristocratic family Can they stomach his manners for the sake of his dollars Out of this classic collision between the old world and the new James weaves a fable of thwarted desire that shifts between comedy tragedy romance and melodrama a fable which in the later version printed here takes on some of the subtleties associated with this greatest novels

The Turn of the Mind Adré Marshall,1998 James s narrative strategies are discussed in the context of the techniques employed by his literary predecessors Illuminating comparisons are made with novelists such as Jane Austen and George Eliot and particular attention is paid to the French novelist Flaubert who was probably the most significant influence on James The author examines James s stylistic devices in a selection of representative works from his early middle and late periods Roderick Hudson *The Portrait of a Lady* and *The Golden Bowl*

The Prose Elegy John B. Vickery,2009-05-15 Traditional English poetic elegists offer both writers and readers hope

After lamenting an individual's death and confronting the mortality of all living things these poets seek consolation from religion philosophy or culture for the inevitability of death The modern prose elegy however follows a different path one that determinedly questions all possible resolutions In *The Prose Elegy* John B Vickery continues the work he began in *The Modern Elegiac Temper* which examined the form in British and American poetry He now considers the works of American and British fiction writers from Henry James to Joan Didion and reveals how the elegy expanded into prose and why it evolved so as to deal not only with death but also with other forms of loss Focusing on individual works Vickery explores both the forms the elegy takes throughout the twentieth century and the skeptical and uncertain attitudes of writers struggling to confront the trauma of loss He offers detailed interpretations of the elegiac components in the works of novelists James Joyce William Faulkner Virginia Woolf and Ernest Hemingway each of whom forged a distinctive style as well as chroniclers of a pervasive stoicism such as Malcolm Lowry and Joan Didion and writers as nuanced as Sherwood Anderson F Scott Fitzgerald James Agee and Ford Madox Ford For these writers Vickery shows sorrow intrudes upon the personal intellectual and cultural aspects of daily living By exploring how loss touches each of these areas their books probe intellectual boundaries and discover new elegiac themes Truman Capote and John Updike for example view memory which can disappear quickly as inherently sad They therefore elegize memory What consoles writers of the modern elegy changes too In place of Milton's religion or Shelley's philosophy twentieth century writers also seek comfort from what also saddens them family marriage and ideas of the self In *The Prose Elegy* Vickery convincingly demonstrates that the elegy remains a dominant mode throughout British and American literature with perhaps greater pertinence to our lives than ever before

Sexuality, Iconography, and Fiction in French Jason James Hartford, 2018-02-19 This book explores the modern cultural history of the queer martyr in France and Belgium By analyzing how popular writers in French responded to Catholic doctrine and the tradition of St Sebastian in art *Queering the Martyr* shows how religious and secular symbols overlapped to produce not one but two martyr types These are the queer type typified first by Gustave Flaubert which is a philosophical foil and the gay type popularized by Jean Genet but created by the Belgian Georges Eekhoud which is a political and pornographic device Grounded in feminist queer theory and working from a post psychoanalytical point of view the argument explores the potential and limits of these two figures noting especially the persistence of misogyny in religious culture

Comparative Criticism: Volume 4, The Language of the Arts E. S. Shaffer, 1982-11-11 Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives

In Black and Gold , 2022-06-08 In *Black and Gold* indicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement

or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual quest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world The Nature of True Virtue James Duban,2001-06 This study details the compatibility of ideas between Jonathan Edwards and Emanuel Swedenborg that helped forge the theological socialism of Henry James Sr Duban demonstrates how a forgotten newspaper exchange between the elder James and Unitarian minister Henry Whitney Bellows clarified the Puritan foundations of the elder James s philosophy Henry James Jr in turn transformed the phenomenalist and Edwardsian foundations of his father s philosophy into the psychological dramas of major novels although deeming the father s political radicalism destructive of aesthetic valuation *Henry James* Judith E. Funston,1991 **James the Critic** Vivien Jones,1985-08-12 *A Companion to Henry James Studies* Daniel M. Fogel,1993-01-30 This Companion to Henry James Studies which is itself a companion of Robert L Gale s Henry James Encyclopedia presents twenty essays written specially for this volume and intended to provide both advanced students and scholars with a reference guide to Henry James studies in all or nearly all of the rich and multivariiegated dimensions of the field Pg xiii **Traveling Traditions** Erik Redling,2016-03-21 This study seeks to fill a major gap in the fields of Nineteenth Century American and British Studies by examining how nineteenth century intellectuals shaped and re shaped aesthetic traditions across the Atlantic Ocean Special attention is paid to a group of salient cultural concepts such as artist as hero imagination the picturesque reform simultaneity and seriality Although embedded in a particular aesthetic tradition these concepts travel from one culture to another and are transformed along their transatlantic journeys The purpose of this book is to explore the roles of these traveling concepts within the realm of transatlantic cultures and to trace their at times surprising paths within ever widening transnational intellectual networks Henry James ,1983-03-29 Product information not available
