Flavia 2004 Calendar:

The Publishers Weekly ,2005 **International Congress Calendar** ,2001 *The New Domestic Automakers in the United States and Canada* A.J. Jacobs,2015-12-16 Over the past forty years state provincial and local governments in the United States and Canada have provided foreign automakers with approximately 4 80 billion in incentives in order to lure light vehicles assembly plants to their areas This has included tax abatements infrastructure construction land giveaways job training programs and other subsidies As of early 2015 ten foreign vehicle makers operated 20 light vehicles in developed North America Despite the fact that all ten of these automakers have pursued a similar pattern first exporting vehicles into the United States and Canada before launching vehicle plants in developed North America each has followed its own specific historical development path and has created its own unique growth trajectory This book provides a unique historical and qualitative review of these ten vehicle makers from their early beginnings to their export entry into the United States and or Canada through early 2015 In addition it chronicles the histories of more than a dozen former automakers and potential future foreign light motor vehicle assembly plants in the United States and Canada This includes the first foreign automaker to build its cars in the United States De Dion Bouton of France in July 1900 the early 20th Century endeavors of Fiat Mercedes and Rolls Royce and the present day hopes of Chinese and Indian automakers In the process the text also provides an assessment of the top competing states and sites for any future plants the possible incentives packages governments may offer to attract such facilities and an estimated incentive value for each automaker Overall the goal of this book is to expand the knowledge of policymakers at all tiers of government in the United States and Canada and to help them take a more holistic look at the pros and cons of attracting Automobile Manufacturing FDI It is hoped that this will enable them to make more informed decisions when pursuing a new foreign motor vehicle assembly plant Its findings should also prove informative to urban and regional planning political science sociology economics labor and international development scholars and students in North America and worldwide **Flavian Poetry and its Greek Past** Antonios

Augoustakis,2014-01-16 Flavian Poetry and its Greek Past breaks new ground by investigating the close interaction between Flavian poetry and Greek literary tradition and by evaluating the meaning of this affiliation in the socio political and cultural context of the late first century CE Authors examined include Martial Silius Italicus Statius and Valerius Flaccus Their interaction with Greek literature is not just thematic or geographical the Greek literary past is conceived as the poetic influence of a variety of authors periods and genres such as Homer the Cyclic tradition Greek lyric poetry Greek tragedy Hellenistic poetry and aesthetics and Greek historiography The Fragility of Power Stefano Rebeggiani,2018-09-10 Statius narrative of the fraternal strife of the Theban brothers Eteocles and Polynices has had a profound influence on Western literature and fascinated generations of scholars and readers This book studies in detail the poem s view of power and its interaction with historical contexts Written under Domitian and in the aftermath of the civil war of 69 CE the Thebaid uses

the veil of myth to reflect on the political reality of imperial Rome The poem offers its contemporary readers including the emperor a cautionary tale of kingship and power Rooted in a pessimistic view of human beings and human relationships the Thebaid reflects on the harsh necessity of monarchical power as the only antidote to a world always on the verge of returning to chaos While humans and especially kings are fragile and often the prey of irrational passions the Thebaid expresses the hope that an illuminated sovereign endowed with clementia mercy may offer a solution to the political crisis of the Roman empire Statius narrative also responds to Domitian s problematic interaction with the emperor Nero whom Domitian regarded as both a negative model and a secret source of inspiration With The Fragility of Power Stefano Rebeggiani offers thoughtful parallels between the actions of the Thebaid and the intellectual activities and political views formulated by the groups of Roman aristocrats who survived Nero s repression He argues that the poem draws inspiration from an initial phase in Domitian s regime characterized by a positive relationship between the emperor and the Roman elite Statius creates a number of innovative strategies to negotiate elements of continuity between Domitian and Nero so as to show that while Domitian recuperated aspects of Nero s self presentation he was no second Nero Statius poem interacts with aspects of imperial ideology under Domitian Statius allusions to the stories of Phaethon and Hercules engage Domitian s use of solar symbols and his association with Hercules This book also shows that the Thebaid adapts previous texts in particular Lucan s Bellum Civile in order to connect the mythical subject of its narrative with the historical experience of civil war in Rome in 69 CE By moving past recent solely aesthetic readings of the Thebaid The Fragility of Power offers a serious and thoughtful addition to the recent scholarship in Statian studies **Thecla and Medieval Sainthood** Ghazzal Dabiri, Flavia Ruani, 2022-05-26 Explores Saint Thecla and her story as preeminent models for medieval hagiographers across Eurasia and North Africa

Rethinking the Origins of the Eucharist Martin D. Stringer, 2013-01-25 The Eucharist is the central act of Christian worship In this book Martin Stringer brings together some of the scholarship associated with the sociological analysis of biblical texts into conversation with liturgists and historians of the first century He begins his analysis of the Eucharist and other early Christian meals from a detailed discussion of Paul s first letter to the Corinthians the most studied text in the sociological tradition of biblical scholarship He proposes that the meal portrayed in chapter 11 of that letter is more likely to have been an annual event rather than a weekly one He considers other texts both biblical and those from the first hundred and fifty years or so of Christian history and shows that the Eucharist that is a ritual event consisting of the sharing of bread and wine which are associated by the community with the body and blood of Jesus is most likely to have been an invention of the Asian or Roman church in around 100 110 CE Martin D Stringer is Professor of Liturgical and Congregational Studies in the Department of Theology and Religion in Birmingham His main book so far is A Sociological History of Christian Worship CUP 2005 **Who's Who of American Women 2004-2005** Inc. Sabina Augusta T. Corey Brennan,2018-03-12 Sabina Augusta ca 85 ca 137 wife of the emperor Hadrian reigned 117 38 accumulated more public honors in Rome and the provinces than any imperial woman had enjoyed since the first empress Augustus wife Livia Indeed Sabina is the first woman whose image features on a regular and continuous series of coins minted at Rome She was the most travelled and visible empress to date Hadrian also deified his wife upon her death In synthesizing the textual and massive material evidence for the empress T Corey Brennan traces the development of Sabina s partnership with her husband and shows the vital importance of the empress for Hadrian s own aspirations Furthermore the book argues that Hadrian meant for Sabina to play a key role in promoting the public character of his rule and details how the emperor s exaltation of his wife served to enhance his own claims to divinity Yet the sparse literary sources on Sabina instead put the worst light on the dynamics of her marriage Brennan fully explores the various and overwhelmingly negative notions this empress stirred up in historiography from antiquity through the modern era and against the material record proposes a new and nuanced understanding of her formal role This biographical study sheds new light not just on its subject but also more widely on Hadrian including the vexed question of that emperor s relationship with his apparent lover Antino s and indeed Rome s imperial women as a group
