Flea Palace:

The Flea Palace Elif Shafak, 2012-10-25 Shortlisted for the 2005 Independent Foreign Fiction Prize Elif Shafak's *The Flea Palace* is a moving and highly original novel about a group of individuals who live in the same building and who together become embroiled in a mystery. By turns comic and tragic, *The Flea Palace* is an outstandingly original novel driven by an overriding sense of social justice. Bonbon Palace was once a stately apartment block in Istanbul. Now it is a sadly dilapidated home to ten wildly different individuals and their families. There's a womanizing hard-drinking academic with a penchant for philosophy, a clean freak and her lice-ridden daughter, a lapsed Jew in search of true love, and a charmingly naïve mistress whose shadowy past lurks in the building. When the rubbish at Bonbon Palace is stolen, a mysterious sequence of events unfolds that result in a soul-searching quest for truth. Picaresque, Guardian Hyperactive and hilarious. Independent ELIF SHAFAK'S NEW NOVEL THERE ARE RIVERS IN THE SKY IS AVAILABLE NOW

Istanbul Richard Tillinghast, 2017-02-15 With its varied and glorious history, Istanbul remains one of the world's perennially fascinating cities. Richard Tillinghast, who first visited Istanbul in the early 1960s and has watched it transform over the decades into a vibrant metropolis, explores its rich art and architecture, culture, cuisine, and much more in this book. Istanbul was known in Byzantine times as the Queen of Cities and to the Ottoman Turks as the Abode of Felicity. Steeped in Istanbul's history, Tillinghast takes his readers on a voyage of discovery through this storied cultural hub, and he is as comfortable talking about Byzantine mosaics and dervish ceremonies as Iznik ceramics and the imperial mosques. His lyrical writing brings Istanbul alive on the page as he accompanies readers to cafés, palaces, and taverns, perfectly conjuring the atmospheric delights, sounds, and senses of the city. Illuminating Istanbul's great buildings with tales that bring Ottoman and Byzantine history to life, Tillinghast is adept at discovering both what the city remembers and what it chooses to forget. *Turkish Ecocriticism* Sinan Akilli, Serpil Oppermann, 2020-12-10 *Turkish Ecocriticism: From Neolithic to Contemporary Timescapes* explores the values, perceptions, and transformations of the environment, ecology, and nature in Turkish culture, literature, and the arts. Through these themes, it examines historical and contemporary environmentally engaged literary and cultural traditions in Turkey. The volume reimagines Turkey in its geo-social and ecocultural narratives of multiple connections and complexities in its multi-faceted webs of histories and in its rich multispecies stories.

Honor Elif Shafak, 2014-02-25 A nuanced, powerful, and psychologically complex novel about the practice of honor killings from the author of *The Island of Missing Trees*, a Reese's Book Club pick. Turkey's leading female writer, Elif Shafak, has won international acclaim for her lyrical blend of Eastern and Western storytelling styles. In this heartbreaking tale of love and misunderstanding, Shafak draws upon the dazzling insight, emotion, and drama that infused *The Bastard of Istanbul* to explore the controversial issue of honor killings as it tragically plays out in one family's life. Twin sisters are born in the mid-1940s in a small Kurdish village on the border of Turkey and Syria. Jamila becomes a local midwife. Pembe marries Adem, and they immigrate to London in the 1970s. Bitter and frustrated

with his new life Adem moves out and Iskender their eldest son must step in as keeper of the family's honor But when Pembe begins to spend time with another man Iskender will discover that you could love someone with all your heart and yet still hurt them

Orhan Pamuk and the Good of World Literature Gloria Fisk, 2018-02-13 When Orhan Pamuk won the Nobel Prize for Literature in 2006 he was honored as a builder of bridges across a dangerous chasm. By rendering his Turkish characters and settings familiar where they would otherwise seem troublingly foreign and by speaking freely against his authoritarian state he demonstrated a variety of literary greatness that testified also to the good literature can do in the world. Gloria Fisk challenges this standard for canonization as world literature by showing how poorly it applies to Pamuk. Reading the Turkish novelist as a case study in the ways Western readers expand their reach Fisk traces the terms of his engagement with a literary market dominated by the tastes of its Anglophone publics who received him as a balm for their anxieties about Islamic terrorism and the stratifications of global capitalism. Fisk reads Pamuk's post 9/11 novels as they circulated through this audience as rich in cultural capital as it is far flung in the American English that is global capital's lingua franca. She launches a polemic against Anglophone readers' instrumental use of literature as a source of crosscultural understanding contending that this pervasive way of reading across all manner of borders limits the globality it announces because it serves the interests of the Western cultural and educational institutions that produce it.

Orhan Pamuk and the Good of World Literature proposes a new way to think about the uneven processes of translation, circulation and judgment that carry contemporary literature to its readers wherever they live.

Pamuk's Istanbul Pallavi Narayan, 2022-04-28 This book reconstructs Istanbul through the prism of Orhan Pamuk's fiction. It navigates the multiple selves and layers of Istanbul to present how the city has shaped the writings of Pamuk and has in turn been shaped by it. Through everyday objects and architecture it shows how Pamuk transforms the city into a living museum where different objects converse along with characters to present a rich tapestry across space and time. Further, the monograph explores the formation of communal and literary identity within and around nation-building narratives informed by capitalism and modernization. The book also examines how Pamuk uses the postmodern city to move beyond its postmodern confines and utilizes the theories and universes of Bakhtin, Benjamin and Foucault to open up his fiction and radically challenge the idea of the novel. The volume will be of great interest to scholars and researchers of literature, literary theory, museum studies, architecture and cultural studies and especially appeal to readers of Orhan Pamuk.
