Hume,2022-05-10 A father shares the joys of fly fishing with his daughters A heartfelt beautifully written celebration of the wonders of nature and comfort of family Kirkus STARRED Fishing was Mark Hume s passion since he was a young boy a lifeline through a childhood marked by his family s frequent moves When he became a father he knew he wanted to pass on his love of water fishing and the natural world to his daughters Most of all he wanted to give them hope for their future even as they were coming of age during uncertain times As soon as they were old enough Mark taught his girls how to read the water and see the patterns in nature He showed them how to cast how to catch fish and release them and only when needed how to kill them He discovered that fly fishing and fatherhood require many of the same skills patience flexibility and the knowledge of when to reel in and when to let go Illuminating and heartfelt Reading the Water is a much needed positive story about a father raising daughters and a meditation on finding faith in a deep connection with the natural world     **Essential**
