Dowling,2020-11-23

This book examines the brief yet accelerated evolution of newsgames a genre that has emerged from puzzles quizzes and interactives augmenting digital journalism into full fledged immersive video games from open world designs to virtual reality experiences Critics have raised questions about the credibility and ethics of transforming serious news stories of political consequence into entertainment media and the risks of trivializing grave and catastrophic events into mere games Dowling explores both the negatives of newsgames and how the use of entertainment media forms and their narrative methods mainly associated with fiction can add new and potentially more powerful meaning to news than traditional formats allow The book also explores how industrial and cultural shifts in the digital publishing industry have enabled newsgames to evolve in a manner that strengthens certain core principles of journalism particularly advocacy on behalf of marginalized and oppressed groups Cutting edge and thoughtful *The Gamification of Digital Journalism* is a must read for scholars researchers and practitioners interested in multimedia journalism and immersive storytelling A Viking Voyage W. Hodding

Carter,2001-10-02 Fascinated since childhood with Leif Eriksson s triumphant sailing voyage a thousand years ago from Greenland to North America Hodding Carter could not shake his admittedly crazy idea of reenacting Eriksson s epic journey in a precise replica of the precarious Viking cargo ship known as a knarr This extraordinary book is the account of how he pulled it off By turns thrilling and slapstick sublime and outrageous *A Viking Voyage* is an unforgettable adventure story that will take you to the heart of some of the most magnificent unspoiled territory on earth and even deeper to the heart of a journey like no other A celebration of the people and places Carter visits and a treasure trove of fascinating Viking lore here is an unforgettable story of friendship and teamwork and the thrill of accomplishing a goal that once seemed impossible

Greenland's Icy Fury Wallace R. Hansen,1994 Hitler s Nazis as well as the Allies knew that Greenland s white expanse was a virtual weather factory that played a key role in the day to day weather of the North Atlantic shipping lanes and the battlefields of western Europe Ironically few people today even realize that American troops were stationed in Greenland during World War II or what obscure role these troops played *Eventide* Cindy Martinusen Coloma,2006-10-29 Eventide

the time from when the sun begins to set until total darkness has descended It was once of those magical seasons that lives forever in memory An Italian seaside village Days of adventure and romantic exploration Moonlight swims in a sparkling sea A once in a lifetime love And though it ended in heartbreak though she moved on to marry happily and have a son Carrie never quite put that summer behind her Now she's dying young and still haunted by thoughts of her long ago love Her best friend Lauren determined to put Carrie's mind at ease sets out to do something completely foreign to her own cautious conservative nature Out of love Lauren will find and confront the man she despises the man who broke her best friend's heart the man who has spent the last twenty years running from his past Out of love she will journey alone to retrieve secrets left behind after that never forgotten summer And somehow she will set into motion events that change nothing but transform everything As the mysteries of twenty years unravel as husband and son and friend and even a long lost love converge to say goodbye something unexpected unfolds Another seaside adventure Another moonlight swim And somehow even at eventide the miracle of enduring grace
