**Joe's Letters**

David W Clark, 2006-03-13 Flight Lieutenant Frank Clark died in a fiery collision between two Spitfires in the war-torn skies over Normandy. He left behind a one-year-old son and a thirteen-year-old brother. These two had an intense interest in trying to piece together the life and times of Frank Clark. However, there was no stash of photographs, no neat pile of letters, no log book, no diary. Then serendipity stepped in. A dozen photographs of Frank came to light and a cache of 50 letters written to his best friend. These letters revealed a colourful flesh and blood person whose youth vitality and good humour sprang out from the pages. This book is that story.

**The American Eagle**

**Squadrons of the Royal Air Force**

Timothy S. Good, 2020-04-16 While the United States sought to remain neutral in the early years of World War II, some Americans did not. This book is the first to provide the operational records and combat reports of the three American Eagle Royal Air Force squadrons, units comprised of volunteer American pilots who served with the British prior to the U.S. entering the war. The records tell the story of the more than 200 pilots who, against federal law, flew with the British in their fight against Nazi Germany. While some Americans served individually in other RAF units, these three squadrons, the 71st, 121st, and 133rd, were the only ones organized exclusively for Americans. They were the first of dozens of American fighter squadrons that would soar over Europe.
