## **Flying Lessons The Psychology Of Intimacy And Anxiety:**

Flying Lessons John A. Snyder, 2005-12-07 We fly in a moving medium of air We live in a moving medium of feelings In *Flying Lessons* clinical psychologist Dr John Snyder weaves together these two realms drawing on his experiences as a licensed pilot to illuminate the existential truths that have helped him transform the lives of troubled men and women for more than 35 years Part adventure story part philosophical meditation in the tradition of Saint Exupery *Flying Lessons* offers a fresh perspective on timeless problems of anxiety depression and relational conflict Each of the books eight chapters begins with a dramatic incident from Dr Snyders 2000 hour flight log the sheer terror of a total power loss the disconcerting moment when the sky above becomes indistinguishable from the sea below the sensation of spiraling toward the earth in a stall the shock of emerging from a cloud bank to find a mountain peak rising dead ahead Dr Snyder uses each of these flying stories to generate a metaphorical lesson about the nature of human relationships illustrating general principles for sustaining joy and intimacy with case histories from his clinical practice Written in a straightforward unpretentious personal style *Flying Lessons* is designed for everyone who desires a more exciting and intimate life and for everyone in the helping professions who would like to be more effective in their practice

## **Escaping Depression** John A. Snyder, 2025-07-08

*Overcoming Depression Without Drugs* John A. Snyder, 2012-02-21 In this revolutionary new book on music and emotion Dr John A Snyder shows us how not to get depressed Drawing on 40 years of clinical experience as a psychotherapist he demonstrates that antidepressant pills are dangerous addictive and don t work What does work is listening to feelings and moving toward the very feelings we object to most Snyder illustrates the special relationship between music and emotion by exploring the inner life of composer Gustav Mahler 1860 1911 Often wrongly portrayed as neurotic Mahler was actually quite resilient despite the many tragedies of his short life a strength that came from his ability to listen to his darkest feelings *Overcoming Depression* explains how all of us can access that same emotional strength in our own lives Written in a direct conversational style and filled with personal stories from Snyder s life and practice the book is designed to be a bedside companion to which readers can return again and again for insight and support Dr Snyder forcefully challenges what is currently being taught in professional schools and to the public about feeling states His insights are invaluable for any person interested in how we understand and integrate feeling into our daily lives I especially recommend this book to any professional who works with people suffering from depression Dr William Packard psychiatrist Interwoven with Mahler s riveting life story Dr Snyder has another agenda a sweeping analysis of how sadness which should be viewed as a normal part of the life experience has been hijacked and given a new identity as a Disease requiring Treatment with a drug courtesy of the pharmaceutical industry Dr Donald Kushon

psychiatrist Like Leonard Bernstein in his Young Peoples Concerts John Snyder makes Mahler come alive He traces the emotional threads that are woven through Mahler s life in music creating a tapestry that helps us better understand our own life symphony and how to orchestrate it The book s lively and straightforward style makes even subtle concepts easy to grasp
