Speak Good News David Schaal, 2024-02-16 If one word evokes discomfort when spoken to Christ followers and non Christ followers alike it would be the word evangelism For the Christ follower this word brings feelings of guilt shame and inadequacy They know that at some level they should be participating in evangelistic activities but they are not My passion is to see Christ followers intentionally engaging people in spiritual conversations I wrote this book to educate and encourage Christ followers in the beauty of sharing the love of Jesus with others Speak Good News aims to change the less than favorable reputation associated with evangelism This book will encourage and equip Christ followers to confidently engage in spiritual conversations with individuals they experience life with I do this by taking a historical look at evangelism its purest meaning and offering a fresh lens for the Church to view evangelism I identify misconceptions and barriers that keep faithful Christ followers from sharing

The Moral Demands of Affluence Garrett Cullity,2006-09-21 How much are we morally required to do to help people who are much worse off than us On any credible moral outlook other people s pressing need for assistance can ground moral requirements on us to help them requirements of beneficence How far do those requirements extend One way to think about this is by means of a simple analogy an analogy between joining in efforts to help people at a distance and rescuing a needy person yourself directly Part I of Garrett Cullity s book examines this analogy In some ways the analogy is not only simple but politically and metaphysically simplistic However it contains an important truth we are morally required to help other people indirectly as well as directly But the number of needy people in the world is enormous and their need is very great Once we start to recognize requirements to help them when is it morally acceptable to stop Cullity answers this question in Part II Examining the nature of beneficence he argues that its requirements only make sense on the assumption that many of the interests we share in common rich and poor alike are interests it is not wrong to pursue

Resources United States. Congress. Senate. Committee on Human Resources,1978 *Retirement* Peter K. Rimbach,2011-08 Retirement is certainly not a new concept In our Western Societies it the way most individuals plan to spend the last third of their lives Depending on how financially and emotionally well prepared one is this period in one s life can provide rich and rewarding experiences On the other hand there are dark mysteries in these years that have been largely ignored However Society is beginning to learn that for most people especially but not exclusively men are psychological unprepared for what they are finding in these latter years in their lives What s more the problems that arise when a man retires are totally unexpected much less easily addressed In some cases not treating these psychological issues leads to divorce alcoholism or in severe cases suicide This is why I call this period the Mr Everest on life What s worse the psychological community that has taken on the challenge to protect society from situations like this has all but ignored that there is any problem I find this both shocking and unconscious able Up to now the Third Age transition hasn t caused too many severe problems However between January 1st 2011 and 2030 seventy million of the Baby Boomer generation some ten thousand per day will have turned sixty five This will do precisely to the Third Age what the same cohort did to the earlier ages reframe the dialogue Retirees both women and men must take heed to this issue that will literally change their lives

Williams, 2010-12-07 The lives of our children are being destroyed by drugs gangs and so often the loneliness of growing up without a mom or a dad Many moms and dads have given up all hope of a better life for their families People all over our world are hungry not only for food but also for a stabilizing force in their lives Our mission as Christians is to bring the love mercy and saving grace of Christ to the hurting the hungry the thirsty and the helpless on planet earth To impact the world in which we live we must first focus our faith firmly on God who created our world When our lives are focused on Christ's example and we accept the great mission that He gave us the world will become a better place for everyone My dear brothers and sisters dare to reach out and become the hands and arms of Jesus and to embrace the hurting and brokenhearted of this world with His love There are people dying every day all over the earth without Christ's saving grace or mercy We have Christ's love living within us Brothers and sisters we must dare to give it away
