## **Fog Over Hong Kong:**

**Meteorological Observations Made at the Hongkong Observatory** Royal Observatory (Hong Kong),1887      **The Port of Hong Kong** Tzu-nang Chiu,1973-01-01 Hong Kong's one great physical asset is its port Throughout the one hundred and thirty years of the Colony's history its economy has depended to an important degree on this asset In this book Dr T N Chiu describes and explains the pattern of port development in Hong Kong where he sees the present structure of port activities as the product of a long period of economic demographic and political developments One of the most persistent themes is that in the laissez faire economic environment that has prevailed in the Colony port development is due less to internal demand than to external stimulant which keeps changing the port's relative locational value Development since the industrialization of the 1950S represents the culminating stage in the struggle to stay high in the emerging hierarchy of ports The author gives a balanced estimate of what has been accomplished and evaluates the planning of specialized port development in the context of the recent technological revolution in port activities Hong Kong's economy has in common with the trend in most developing economies a firm orientation towards overseas markets but the more or less unique circumstance in the Colony make this book particularly welcome It will be of interest to geographers to all concerned with the ways in which a developing economy adjusts to changing conditions and to those with a particular interest in the phenomenal development of Hong Kong      **A Companion to Hong Kong Cinema** Esther M. K. Cheung,Gina Marchetti,Esther C. M. Yau,2015-06-08 A Companion to Hong Kong Cinema provides the first comprehensive scholarly exploration of this unique global cinema By embracing the interdisciplinary approach of contemporary film and cultural studies this collection navigates theoretical debates while charting a new course for future research in Hong Kong film Examines Hong Kong cinema within an interdisciplinary context drawing connections between media gender and Asian studies Asian regional studies Chinese language and cultural studies global studies and critical theory Highlights the often contentious debates that shape current thinking about film as a medium and its possible future Investigates how changing research on gender the body and sexual orientation alter the ways in which we analyze sexual difference in Hong Kong cinema Charts how developments in theories of colonialism postcolonialism globalization neoliberalism Orientalism and nationalism transform our understanding of the economics and politics of the Hong Kong film industry Explores how the concepts of diaspora nostalgia exile and trauma offer opportunities to rethink accepted ways of understanding Hong Kong's popular cinematic genres and stars      **Report of the General Committee of the Hongkong General Chamber of Commerce ... Presented to the Members at the Annual Meeting** Hong Kong General Chamber of Commerce,1906      *Events in Hongkong and the Far East, 1875 to 1884* ,1885      **The Laws of Hongkong** Hong Kong,1913      **Annual Report on Hong Kong** Hong Kong,1976      **Hong Kong Law Reports** ,1914      *Monthly Meteorological Bulletin* Royal Observatory (Hong Kong),1926      **Asia and the Americas** ,1928      *Hong Kong ...* ,1977      **Last Kiss in the Concrete**

**Garden of Myth** Anthony St. Clair, 2020-06-19 She knows what he will ask but not how she will answer A bird poops on a blue dragon A gleaming white Tiger Pagoda stretches high above a city of bamboo scaffolding The moment Jade steps into Hong Kong's otherworldly Aw Boon Haw Garden she knows she approaches a crossroads of her life What love will the lifelong wanderer choose the man the road or something else If only Jade had gotten that extra cup of coffee to help her decide Last Kiss in the Concrete Garden of Myth is a companion short story to the 2013 Rucksack Universe book The Martini of Destiny As we journey through the mind and heart of the hero of 2014's Forever the Road and 2019's Cloud Fortress Jade reminds us that how we live our love is not always what we expect The Rucksack Universe series combines alternate history speculative fiction myth adventure globetrotting and intrigue all with well poured pints of beer Library Journal says Anthony St. Clair's storytelling has universe building reminiscent of Terry Pratchett and readers say they love the Rucksack Universe's unique combination of quirk wit travel and magic Hong Kong at the Handover Bruce Herschensohn, 2000-04-26 Hong Kong at the Handover explores the days of handover through the words of leading Hong Kong citizens Bruce Herschensohn utilizes transcribed interviews to tell the story of one of the most important events of this generation the taking over of a political entity through a 99 year old treaty Herschensohn emphasizes the irony of the Chinese government coming to Hong Kong the majority of whose people had fled from that same government Throughout the book Herschensohn seeks to record for history the words of many leading and varied interests in Hong Kong at the time of handover Hong Kong at the Handover will be of interest to students and scholars of Asian studies and foreign affairs **The Hong Kong Government Gazette** Hong Kong, 1912 *Meteorological Observations* Royal Observatory (Hong Kong), 1888 Includes appendix to 1903 **The Publishers Weekly**, 1945-03 *Hongkong Blue Book for the Year ...* Hong Kong, 1912 Monthly Weather Review, 1924

*Revolutionary Stagecraft* Tarryn Li-Min Chun, 2024-06-04 Revolutionary Stagecraft draws on a rich corpus of literary historical and technical materials to reveal a deep entanglement among technological modernization political agendas and the performing arts in modern China This unique approach to Chinese theater history combines a close look at plays themselves performance practices technical theater details and behind the scenes debates over how to make theater amid the political upheavals of China's 20th century The book begins at a pivotal moment in the 1920s when Chinese theater artists began to import use and write about modern stage equipment and ends in the 1980s when China's scientific and technological boom began By examining iconic plays and performances from the perspective of the stage technologies involved Tarryn Li Min Chun provides a fresh perspective on their composition and staging The chapters include stories on the challenges of creating imitation neon rigging up a makeshift revolving stage and representing a nuclear bomb detonating onstage In thinking about theater through technicity the author mines well studied materials such as dramatic texts and performance reviews for hidden technical details and brings to light a number of previously untapped sources such as technical journals and manuals set design renderings lighting plots and prop schematics and stage technology how to guides

for amateur thespians This approach focuses on material stage technologies situating these objects equally in relation to their technical potential their human use and the social political economic and cultural forces that influence them In each of its case studies Revolutionary Stagecraft reveals the complex and at times surprising ways in which Chinese theater artists and technicians of the 20th century envisioned and enacted their own revolutions through the materiality of the theater apparatus
