*Finding New England's Shipwrecks and Treasures* Robert Ellis Cahill, 1984

*The Wreck of the Portland* J. North Conway, 2019-07-01 The SS Portland was a solid and luxurious ship and its loss in 1898 in a violent storm with some 200 people aboard was later remembered as New England s Titanic The Portland was one of New England s largest and most luxurious paddle steamers and after nine years solid performance she had earned a reputation as a safe and dependable vessel In November 1898 a perfect storm formed off the New England coast Conditions would produce a blizzard with 100 miles per hour winds and 60 foot waves that pummeled the coast At the time there was no radio communication between ships and shore no sonar to navigate by and no vastly sophisticated weather forecasting capacity The luxurious SS Portland a sidewheel steamer furnished with chandeliers red velvet carpets and fine china was carrying more than 200 passengers from Boston to Portland Maine over Thanksgiving weekend when it ran headlong into a monstrous violent gale off Cape Cod It was never seen again All passengers and crew were lost at sea More than half the crew on board were African Americans from Portland Their deaths decimated the Maine African American community Before the storm abated it became one of the worst ever recorded in New England waters The storm now known as The Portland Gale killed 400 people along the coast and sent more than 200 ships to the bottom including the doomed Portland To this day it is not known exactly how many passengers were aboard or even who many of them were The only passenger list was aboard the vessel As a result of this tragedy ships would thereafter leave a passenger manifest ashore The disaster has been blamed on the hubris of the captain of the Portland Hollis Blanchard who decided to leave the safety of Boston Harbor despite knowing that a severe storm was hurtling up the coast Blanchard a long time mariner had been passed over for a promotion for a younger captain He decided he wanted to show the steamship company that they had made a mistake by getting the Portland safely into port ahead of the imminent storm Author J North Conway has created here a personal visceral account of the sinking and the times and the people involved with stories to bring readers onto the Portland that day Here is Eben Heuston the chief steward onboard the ill fated ship

More than half of the crew of the ship were African Americans Hueston was an African American who lived in the Portland community of Munjoy Hill and was a member of the Abyssinian Church After the sinking of the Portland the African American community disappeared and the church closed And Emily Cobba nineteen year old singer from Portland s First Parish Church who was scheduled to give her first recital at the church on that Sunday And Hope Thomas who came to Boston to shop for Christmas and because she decided to exchange some shoes she purchased missed taking the ill fated Portland Because of the lack of communications from Maine to Cape Cod it was days before anyone was able to get word about the fate of the ship or survivors Author J North Conway has painstakingly recreated the events using first hand sources and testimonies to weave a dramatic can t put it down narrative in the tradition of Erik Larson s Isaac s Storm and Walter Lord s *Enduring* classic *A Night to Remember* He brings the tragedy to life with contemporaneous accounts the Coast Guard from Boston newspapers such as the *Globe Herald* and *Journal* and from *The New York Times* and the *Brooklyn Daily Eagle*

**New England's Riotous Revolution** Robert Ellis Cahill, 1987 George Twelvetrees Hewes wasn t a midget but he was close After his funny exploits during the American Revolution he wrote a journal and the author uses this journal to weave his tantalizing true story of those great and little known characters who won our independence from England People like Revere John Adams and Hancock were not considered heroes by their co patriots whereas the eccentric Otis and the crafty Warren were the real leaders their names are almost forgotten now A real insight into the courage humor and day to day lives of our revolutionaries

**New England's Ancient Mysteries** Robert Ellis Cahill, 1993 Called the Reader s Digest of New England Archaeology by experts in the field this book covers all finds and sits by amateur and professional ancient artifact hunters since America was first settled Hundreds of messages were cut into stone by unknown ancient settlers Carved faces well made homes of rock Celtic ritual sites dolmens and other ancient remnants are scattered throughout the New England states making it quite apparent that visitors from other lands lived here hundreds of years before Columbus discovered America Ancient coins weapons lamps containers and art objects have been uncovered as well all well documented and described with photos in this fascinating book

**New England's Strange Sea Sagas** Robert Cahill, 1990 The Doryman rowed hundreds of miles in a blizzard until his hands froze off a ship smashes against the rocky coast of Maine and the crew begins eating the cook a captain ships a rock hard cargo to the tropics where it begins to disappear and no one will touch it because it burns their skin what is it These and many more strange sea stories of fact including Flotsam and Jetsam and an ongoing curse on submarines

**Whalemen of the Josephine** Pat Holenstein, 2003 The early phase of industrialization in America devastated many lives by what the author calls The Fiery Furnace Effect Not only were the initial participants affected but much of the effect through them was carried over into the subsequent generation and beyond in some cases This novel focuses upon the intergenerational impact for two decades in the life of young Adam Vasilyevich born out of wedlock in 1926 in the Loch Jean coal camp of Paine County West Virginia His early personal development in what Borges would call his

green Garden is detailed as is the subsequent series of events that strip him of his human connections and even his identity. Then he is uprooted from his native soil like a hickory sapling and is banished into for Adam the urban wilderness of Detroit. There he is abandoned by his mother who was his last bond to his previous existence. For six years thereafter Adam is increasingly demoralized and estranged from his life and from his own self. At that point he is surely on a path toward a life of crime and self destruction but a fortunate stroke of fate provides new opportunities for a meaningful and gratifying life. However Adam has been beaten into a feckless alienated condition for so long that it is highly problematic whether or not he can marshal any inner resources to take advantage of the new circumstances in Melville Township.

**New England's Mad & Mysterious Men** Robert Ellis Cahill, 1990. You've never met such wonderful nor wacky men as you'll be introduced to in this book. Mad Dog McGovern who was a coward but during the last moments of his life became one of the greatest heroes who ever lived. Mike Martin the greatest and most humorous highwayman of all time. Timothy Dexter who insisted on watching his own funeral and struck his wife when she didn't cry plus many more true stories of fascinating men including Johnny Appleseed and Paul Bunyan.

**Shipwrecks of Massachusetts Bay** Thomas Hall, 2012-08-07. Massachusetts Bay stretches along the rocky coast and dangerously sandy shoals from Cape Ann to Cape Cod and gives the Bay State its distinctive shape and the Atlantic Ocean one of its largest graveyards. Author and longtime diver Thomas Hall guides us through the history of eight dreadful wrecks as we navigate around Mass Bay. Learn the sorrowful fate of the Portland and its crew during the devastating Portland Gale of 1898 how the City of Salisbury went down with its load of exotic zoo animals in the shadow of Graves Light and how the Forest Queen lost its precious cargo in a nor'easter. Hall provides updated research for each shipwreck as well as insights into the technology, ship design and weather conditions unique to each wreck.

**The Old Irish of New England** Robert Ellis Cahill, 1974. Most of the servants who came to the New World with the Pilgrims and Puritans were Irish and Scots Irish yet their names were not recorded for posterity. The Irish snuck into Boston by the hundreds in the 1600s and by the thousands in the early 1700s. The famed Boston Massacre was really an Irish Massacre since most who participated on both sides were Irish. The greatest American privateersman was Irish and many of Washington's generals were Irish as were a high percentage of his troops. If you're of Irish blood this is the book for you.

**New England's Naughty Navy** Robert Ellis Cahill, 1976. How did America with no Navy and no weapons defeat the greatest naval power in the world? This book tells you how and also tells who the real heroes were in the Revolutionary War. George Washington started his own navy with Marblehead fishermen most of whom George didn't like at all and the first ship of the navy turned out to be a dud. The crew mutinied, the commander was fired and the ship ended up on a sandbar.
