Finding Mann A Novel:

Heinrich Mann's Novels and Essays Karin Verena Gunnemann, 2002 The first full length study in English of Heinrich Mann's literary work and political activism Heinrich Mann once counted among the most important literary figures in Germany is known to most English speaking readers only as the brother of Thomas Mann or in connection with Marlene Dietrich and the film *The Blue Angel* which was based on one of his novels Only a few of his novels and stories and virtually none of his hundreds of provocative essays are available in English But he deserves special attention for the window his work provides onto the intellectual social and political history of Germany especially Germany's struggle with the question of democracy in the early twentieth century In his essays and novels Mann exposed Germany's resistance to democracy well before the First World War and especially during the Revolution of 1918/19 and the Weimar Republic he made the education of the German people to democratic values and a democratic form of government the center of his life and work Professor Gunnemann's book is the first work in English that explores Heinrich Mann's work in detail Special attention is given to the history of the reception of Mann's works in Germany which is also a history of that nation's self understanding Karin Verena Gunnemann is professor of German at Agnes Scott College in Atlanta

Changing Perceptions of Thomas Mann's Doctor Faustus John F. Fetzer, 1996 Ever since its appearance in 1947 Thomas Mann's novel Doctor Faustus has generated heated reactions among critics Whereas initial ideological differences stemming from the Cold War and the division of Germany have abated following the reunification of 1990 diverse opinions and controversies persist about Mann's daring treatment of the Faust theme These include such topics as the political stance of the author and the historical dimensions of the novel the biographical and autobiographical and backgrounds of the work especially in light of the subsequent publication of Mann's diaries and private notebooks the writer's sexual and psychological proclivities the thorny issues of montage collage and intertextuality musical concerns such as the extent to which the novel's protagonist appropriates as his own Arnold Schonberg's twelve tone system of composition or the role of Mann's fellow exile and mentor Theodor W Adorno in indoctrinating his pupil into avant garde musical techniques the degree to which the novel exhibits structural features of the music on which the narrative focuses and the function of certain mythic prototypes for this modern parody in fashioning the fortunes and fate of Adrian Leverkühn A provocative and still unresolved question centers on the precise role played by Goethe's Faust in the conception and execution of Doctor Faustus in spite of Mann's assertion that his version of the legend had nothing in common with the work of his famous predecessor Finally the presence of strong visual elements in the novel leads to an assessment of the critical reception accorded Franz Seitz's film adaptation of Doctor Faustus 1982 a dicey subject in Mann's circles since few filmed versions of his novellas or novels have enjoyed an unsullied reputation
