Skateboard Video Duncan McDuie-Ra, 2021-09-20 This book is about skateboard video and experimental ways of thinking about cities It makes a provocative argument to consider skate video as an archive of the city from below Here below has a dual meaning First below refers to an unofficial archive a subaltern history of urban space Second below refers to the angle from which skateboarders and filmmakers gaze upon capture and consume the city from the ground up Since taking to the streets in the early 1980s skateboarding has been captured on film video tape and digital memory cards edited into consumable forms and circulated around the world Videos are objects amenable to ethnographic analysis while also archiving exercises in urban ethnography by their creators I advocate for taking skate video seriously as a fragile archive of the urban backstage collective memory across time and space creative urban practice urban encounters people to people and people to objects and the globalization of a subculture at once delinquent and magnificent

present and future collide HoMe is poised to come tumbling down unless a new kind of hero can emerge from the rubble

What Einstein Told His Barber Robert Wolke, 2009-07-29 What makes ice cubes cloudy How do shark attacks make airplanes safer Can a person traveling in a car at the speed of sound still hear the radio Moreover would they want to Do you often find yourself pondering life's little conundrums Have you ever wondered why the ocean is blue Or why birds don't get electrocuted when perching on high voltage power lines Robert L Wolke professor emeritus of chemistry at the University of Pittsburgh and acclaimed author of What Einstein Didn't Know understands the need to well understand Now he provides more amusing explanations of such everyday phenomena as gravity If you're in a falling elevator will jumping at the last instant save your life and acoustics Why does a whip make such a loud cracking noise along with amazing facts belly up to the bar bets and mind blowing reality bites all with his trademark wit and wisdom If you shoot a bullet into the air can it kill somebody when it comes down You can find out about all this and more in an astonishing compendium of the proverbial mind boggling mysteries of the physical world we inhabit Arranged in a question and answer format and grouped by subject for browsing ease WHAT EINSTEIN TOLD HIS BARBER is for anyone who ever pondered such things as why colors fade in sunlight what happens to the rubber from worn out tires what makes red hot objects glow red and other scientific curiosities Perfect for fans of Newton's Apple Jeopardy and The Discovery Channel WHAT EINSTEIN TOLD HIS BARBER also includes a glossary of important scientific buzz words and a comprehensive index **Microtimes**, 2001 **The Devil's Triangle**

Mark Judge, 2022-11-28 Do you remember the woman in To Kill a Mockingbird who falsely accuses a black man of raping her What could possess anyone to do such an evil thing to viciously attempt to destroy a life by knowingly lying For that answer look no farther than the riveting and gloriously candid The Devil's Triangle by Mark Judge who himself was targeted for destruction by that same evil and who lived to tell the tale if only so that we might all recognize the dark forces at work in our nation In a voice evoking J.D. Salinger Hunter S. Thompson and yes Lester Bangs within a narrative that brings to mind All the President's Men and Fast Times at Ridgemont High Judge tells us the truth in all of its brutality and beauty May this book open the way for a spate of similar memoirs whose honesty will lead this once great nation out of the fetid triangular swamp of lies that is this brave book's eponymous Devil's Triangle and toward a new sunlit frontier in which genuine liberty and unvarnished truth once more become our beacons and our hope Eric Metaxas 1 New York Times Bestselling author of Fish Out of Water A Search for the Meaning of Life and Host of Socrates in the City In 2018 in the midst of a contentious Supreme Court confirmation battle Christine Blasey Ford named Mark Judge as a witness to her alleged attempted rape over thirty years earlier at the hands of a teenaged Brett Kavanaugh Overnight the unassuming writer critic videographer and recovering alcoholic was unwillingly thrust into the national media spotlight Reporters combed through Judge's writings pored over his high school yearbook hounded him with emails and phone calls and invaded the privacy of his relatives friends and former girlfriends He was mauled in the press denounced in the Senate received threatening late night calls became the

target of a classic honey trap and was even called out by Matt Damon on Saturday Night Live As the lunacy reached its crescendo Judge began to fear for his sanity and even his life A year later still traumatized by this Kafkaesque experience Judge found himself washing dishes in a Maryland restaurant trying to piece his shattered life back together Even at the time it was clear that Judge himself was not the target of this campaign of vilification Instead it was an attempt to use his spotty record as a teenage alcoholic and later a political and cultural conservative to destroy Brett Kavanaugh by proxy The actors in this malicious and cynical plot were an informal cabal of partisan reporters Democrats in Congress and shadowy opposition researchers a Devil s Triangle whom Judge aptly compares to the Stasi the dreaded East German secret police who terrorized citizens during the Cold War Now in a frank confessional and deeply moving book that stands comparison to Arthur Koestler s Cold War classic Darkness at Noon Judge rips the mask from the new American Stasi Using pop culture politics the story of his friendship with Kavanaugh and the fun wild and misunderstood 1980s Judge celebrates sex art and freedom while issuing a timely warning to the rest of us about our own endangered freedoms
