## **Fingerprints Of God Tracking The Divine Suspect Through A History Of Images:**

**The Fingerprints of God** Robert Farrar Capon, 2000-06-26 This is a print on demand book and is therefore non returnable *The Fingerprints of God* Robert Farrar Capon, 2000 In *The Fingerprints of God* best selling author Robert Farrar Capon takes readers on a sleuthing project using his own uniquely developed history of images to find evidence of the Divine Suspect in our midst Capon first explores various images that prompt proper talk about God and the nature of Scripture The Bible he says is the mystery story of God's hidden presence as the Divine Suspect behind all history Capon discusses the misuse of Scripture due to literalist interpretation looks at the ways Christ has suffered at the hands of human image makers and proposes a novel understanding of salvation history that clarifies the proper roles of Scripture the Holy Spirit and Jesus In the second part of the book Capon turns his magnifying glass on major thinkers from church history Irenaeus Athanasius Anselm Luther Melancthon Calvin Julian of Norwich and others pointing out both the strong and the weak images they have produced Throughout the centuries Capon sees God as the Divine Bowler trying to knock down the faulty pins of ideas that have been set up in the lanes of religious history while also disclosing himself in profound and powerful ways *Essentials of Christian Theology* Stanley James Grenz, William Carl Placher, 2003-01-01 This splendid introductory textbook for Christian theology presents two essays by leading scholars on each of the major theological questions William Placher provides an excellent discussion of the history and current state of each doctrine while the essays explore the key elements and contemporary issues relating to these important theological concepts *Envisioning the Word* Richard A. Jensen, 2005 In this one volume resource kit Jensen helps preachers use visual images creatively and responsibly How how much when what equipment use of teams relationship to exegesis different varieties of images sources all the essential topics and concerns are addressed here Jensen first discusses how vital if controversial image making has always been in Christian tradition and then demonstrates how preaching with images is both profoundly traditional and necessary to contemporary proclamation His work combines practical advice with religious reflection to enable preachers to help their congregations envision the Word anew The accompanying CD ROM contains not only the full text of the book and helpful study guide but links to the most helpful Websites and Web based sources of images **Believing in Jesus Christ** Leanne Van Dyk, 2002-01-01 This book is a clear treatment in nontechnical language of the person and work of Jesus Christ especially focusing on the nature of atonement The chapters are arranged around several central questions Who is Jesus What do the Bible and the church tell us about him Just what is in the nature of the salvation he offers and how does it work Most of all what difference do the answers to these questions make for the church and for the world The Foundations of Christian Faith series enables readers to learn about contemporary theology in ways that are clear enjoyable and meaningful It examines the doctrines of the Christian faith and stimulates readers not only to think more deeply about their faith but also to understand their faith in relationship to contemporary challenges and questions Individuals and study groups alike will find these guides

invaluable in their search for depth and integrity in their Christian faith      Exploring Colossians: Living the New Reality Roy R. Jeal, 2024-11-22 In this comprehensive sociorhetorical interpretation of Colossians Roy R Jeal explores the letter's portrayal of the grand vision that extends from the realm of God before the creation of the cosmos to the new reality and new culture of the life of fullness in Christ The commentary analyzes the pictures the text evokes in the human visual imagination identifies the persuasive modes of discourse in the letter and evaluates the range of textures that interweave to produce the dynamic rhetorical argument of Colossians Demands to conform to empty deceitful philosophy human tradition and the elements of the world rather than to Christ are irrelevant for believers who have been transferred from darkness to the light of the Son of God's kingdom The rhetoric of the letter moves believers to ideologies of living in the body of Christ where orderly behavior guided by love contrasts with the chaotic self-indulgent divisive uncertainties of Mediterranean existence

*The Nonviolent Atonement, Second Edition* J. Denny Weaver, 2011-01-26 A provocative study that cuts to the very heart of Christian thought *The Nonviolent Atonement* challenges the traditional Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ's passive innocent submission to violent death at the hands of a cruel God Instead J Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement grounded in the New Testament and sensitive to the concerns of pacifist black feminist and womanist theology While many scholars have engaged the subject of violence in atonement theology Weaver's *Nonviolent Atonement* is the only book that offers a radically new theory rather than simply refurbishing existing theories Key features of this revised and updated second edition include new material on Paul and Anselm expanded discussion on the development of violence in theology interaction with recent scholarship on atonement and response to criticisms of Weaver's original work Praise for the first edition The best current single volume on reconstructing the theology of atonement S Mark Heim in *Anglican Theological Review* Weaver provides an important contribution to atonement theories by seriously inserting the contemporary concerns of pacifist feminist womanist and black theologians into the centuries-old christological conversation A provocative but faithful proposal benefiting any student of christology *Religious Studies Review* A noteworthy contribution to the literature on the atonement Weaver provides a useful critique of the history of atonement motifs he does a fine job of placing Anselm's theology in its historical context he creatively fuses a singular biblical vision from the earthly narrative of the Gospels and the cosmic perspective of the Apocalypse and he attempts to relate discussions of the atonement to Christian social ethics *Trinity Journal* This is a superb succinct survey and analysis of classical and contemporary theories of the atonement ideal for students and general readers A clearly written passionately expressed introduction to current debates on the atonement Excellent resource *Reviews in Religion and Theology*      **Kingdom, Grace, Judgment** Robert Farrar Capon, 2002-03-11 Here in one volume is Robert Farrar Capon's widely praised trilogy on Jesus parables *The Parables of the Kingdom* *The Parables of Grace* and *The Parables of Judgment* These studies offer a fresh adventurous look at all of Jesus parables treated according to their major

themes With the same authorial flair and daring insight that have earned him a wide readership Capon admirably bridges the gap between the biblical world and our own making clear both the original meaning of the parables and their continuing relevance today

**Our World-God's Visible Language** Jerry Salloum,2022-05-18 How could you ever have thought our world was the ultimate reality How could you ever have thought that it was merely a stage set for the moral drama of men and women For the many who share these thoughts from C S Lewis our world is far more than mere matter space and energy Its orderly patterns its reliable processes and arresting natural beauty give it the capacity to speak without words a mysterious language that feeds our curiosity and wonder about it We are drawn into the world of the audacious with thoughts beyond the conventional to posit an intelligent and imaginative Artist and Architect whose ineffable Creation in both its spatial and temporal dimensions defies adequate verbal expression In delving into revelation contained in various earth sciences and within the pages of the Bible Our World God s Visible Language reveals a congruency between these two avenues to Truth that the visible Creation repeatedly declares the glory and mystery of the invisible God and that science is not an enemy to faith Informative and written with imagination and personal anecdotes these pages provide readers an opportunity to better understand the invisible God and His written Word nudging us toward a loftier context in which life can be lived and enjoyed with hope and purpose

**Personal Spirituality** Daniel J. Benor,2006 Dr Benor addresses his explorations from the standpoint of an advocate but one who is an open minded explorer neither from a religious nor a conventional medical perspective The breadth and depth of the research reports in this volume on the psychic intuitive and spiritual aspects of healing will engage even the knowledgeable reader This book is destined to take its place among the most influential and controversial in the field of claims reports and experiences of unconventional healing and spiritual awareness

**The Political Dimension of Reconciliation** Ralf K. Wüstenberg,2009-04-08 When a nation is working through its past the call for reconciliation is often expressed as was the case in South Africa after the end of apartheid and in Germany after the fall of the Berlin Wall Informed by Ralf Wstenberg s long residence in South Africa and his own native Germany this book investigates the conditions and dynamics associated with political reconciliation Wstenberg starts from the observation that reconciliation as a central theme in Christian theological teaching is spoken of in both theology and politics But does it mean the same thing in both contexts Is there a commonality of meaning for words like guilt and reconciliation in politics and theology Where and under what conditions is it possible to translate from theological language into political and vice versa Wstenberg s study promotes a genuine dialogue between religion and politics by carefully analyzing moral discourses in political transitions to democracy
