The Fire of Love Richard Rolle,Aeterna Press, The four great English mystics of the fourteenth century Richard Rolle Walter Hilton Julian of Norwich and the anonymous author of The Cloud of Unknowing though in doctrine as in time they are closely related to one another yet exhibit in their surviving works strongly marked and deeply interesting diversities of temperament Rolle the romantic and impassioned hermit his great successor that nameless contemplative acute psychologist and humorous critic of manners who wrote The Cloud of Unknowing and its companion works Hilton the gentle and spiritual Canon of Throgmorton and Julian the exquisitely human yet profoundly meditative anchoress whose Revelations of Divine Love are perhaps the finest flower of English religious literature these form a singularly picturesque group in the history of European mysticism Aeterna Press

The Fire of Love Ganjavi Nizami,Louis Rogers,2002 Layla and Majnun reflects the spiritual struggle within the soul of every human being to reunite with the inner flame of love merging then into the timeless splendor of Divine Love into the infinite majesty of God

The Fire of God's Love Bob Sorge,1996-11 This book explores how God is igniting His Bride in this hour with His fiery love awakening us to blazing passion for our Beloved Lord Jesus Emerging from the crucible of the fiery dealings of God is a Bride who has been purified of all other affections but one her desire for her Beloved the Lord Jesus Look into this furnace of God's love at your

own risk It is a fire that consumes all but love Take the time to come to the passion that blazes on the cross let that love purge you of every defiling desire He intends to capture and possess every part of your being by revealing to you the fire of His love *Tears of Love* Wilfred Oyem,2022-05-30 Everybody wants freedom Every nation wants freedom Every organisation wants freedom The press wants freedom From the Garden of Eden to the present day the quest for freedom continues unabated Yet no one has been able to define what freedom really is That makes freedom subjective to individual or societal perception The British Press one of the freest and most powerful in the world has its own perception of freedom And when professed press freedom colludes with perceived society freedom in the climate of political correctness there can only be one result The result is what this book is all about and makes it a must read book for everyone because the British media has the power to influence and alter your perception We know that today s world thrives on information And the speed of information flow is what makes today s world a global village The British media has been at the forefront of global information and has its tentacles spread all over the world However its world view is solely a reflection of British society Thus a globalised world is cocooned into British societal values and norms So somehow you are affected by the freedom experiment originating from Britain *Fire of Mercy, Heart of the Word* Erasmo Leiva-Merikakis,2021-09-01 To the unstudied eye St Matthew s Gospel can seem a terse narrative almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is In his fourth and final volume of meditations on Matthew chapters 26-28 Father Simeon formerly Erasmo Leiva Merikakis continues to show Matthew s prose to be not so much terse as economical astoundingly so given its depth The lay reader can derive great profit from reading this book Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent but rich with meaning Father Simeon s work is scholarly but eminently approachable by the lay reader The tone is very much of taste and see how good the Lord is and an invitation of friend come up higher The goal of the book is to help the reader experience the heat of the divine Heart and the light of the divine Word The author addresses both the objective and subjective levels of the Word of God both what it is in itself and what impact it ought to have in our lives Father Simeon comments on the Greek text demonstrating nuances in the text that defy translation He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus He shows that ultimately the text of the Gospel serves only one purpose to make possible a living encounter with the person of Jesus Christ an encounter that is wholly life transforming Every effort therefore has been made throughout the commentary to show how the presence of Christ in the world has changed the very nature of both history and human experience *The Balance of Love and Pain* Troy Sydney Maxwell Pearson,2019-03-14 Although we might not like to make the association love and pain do seem to go together Maybe it s because when we love someone we care enough to give more of ourselves leaving the door open to pain Whatever the reason the relationship between love and

pain exists brought to life in *The Balance of Love and Pain* Poet songwriter Troy Sydney Maxwell Pearson has experienced his own struggles in personal relationships but also in the battle for his mental health as schizophrenia lingers in the shadows of his mind His collection although sometimes sad is also one of hope which can be found through the love of others and love of self Troy finds happiness after living through hell but then again suffers the pain of loss Here there is also the healing power of love but always the struggles of the mind as Pearson's schizophrenia threatens to steal his joy He has survived a series of triumphs and defeats but has found balance Find your own balance between love and pain in this collection that portrays the troubles of the world but also the world's beauty

Chittick, 1983-01-01 This is the most accessible work in English on the greatest mystical poet of Islam providing a survey of the basic Sufi and Islamic doctrines concerning God and the world the role of man in the cosmos the need for religion man's ultimate becoming the states and stations of the mystical ascent to God and the means whereby literature employs symbols to express unseen realities William Chittick translates into English for the first time certain aspects of Rumi's work He selects and rearranges Rumi's poetry and prose in order to leave aside unnecessary complications characteristic of other English translations and to present Rumi's ideas in an orderly fashion yet in his own words Thorough nontechnical introductions to each chapter and selections that gradually present a greater variety of terms and images make this work easily accessible to those interested in the spirituality of any tradition

The Song of Songs; an Exposition of the Song of Solomon Alexander Moody Stuart, 1860

A Philosophical History of Love

Wayne Cristaudo, 2017-07-28 *A Philosophical History of Love* explores the importance and development of love in the Western world Wayne Cristaudo argues that love is a materializing force a force consisting of various distinctive qualities or spirits He argues that we cannot understand Western civilization unless we realize that within its philosophical and religious heritage there is a deep and profound recognition of love's creative and redemptive power Cristaudo explores philosophical love the love of wisdom and the love of God and neighbor The history of the West is equally a history of phantasmic versions of love and the thwarting of love Thus the history of our hells may be seen as the history of love's distortions and the

repeated pseudo victories of our preferences for the phantasms of love Cristaudo argues that the catastrophes from our phantasmic loves threaten to extinguish us forcing us repeatedly to open ourselves to new possibilities of love to new spirits Fusing philosophy literature theology psychology and anthropology the volume reviews major thinkers in the field from Plato and Freud to Pierce Shakespeare and Flaubert Cristaudo explores the major themes of love of the Church romantic love and the return of the feminine the conflict between familial and romantic love love in a meaningless world and the love of evil and the evolutionary idea of love With Cristaudo the reader embarks on a journey not just through time but also through the different kinds origins and spirits of love

Wounds of Love Frank Graziano, 2004-01-15 The Peruvian mystic St Rose of Lima Isabel Flores y Oliva 1586 1617 was canonized in 1671 as the first saint of the New World and remains the object of widespread devotion today In this engrossing new study Frank Graziano uses the example of St Rose to explore the meaning of female mysticism and the way in which saints are products of their cultures Virginité austerity eucharistic devotion incessant mortification and mystical marriage to Christ characterized the devotional regimen that structured St Rose's entire life Many of her mystical practices echo the symptoms of such modern psychological disorders as masochism depression hysteria and anorexia nervosa Graziano offers a sophisticated argument not only for the origins and meaning of these behaviors in Rose's case but also for the reason her culture venerated them as signs of sanctity In the process he explores a wide range of themes from the idea of suffering as an expression of love to the assimilation of childhood trauma through religious repetition Graziano also offers a penetrating analysis of the politics of Rose's canonization He finds that her mystical union with God bypassing the institutional channels of sacrament and priestly mediation was inherently subversive to the bureaucratized Church Canonization was a cooptation by which Rose's competing claim to Christ was integrated into the Catholic canon The book concludes with a fascinating exploration of mystical eroticism with its intense experiences of vision and ecstasy The eroticized suffering of many mystics is shown to be very human in origin the mystic's wounded love is projected onto a God conceived to accommodate it Wounds of Love is based on a decade of research in archives rare books and an extraordinary range of secondary sources Introducing an innovative method that integrates history cultural studies psychoanalysis and clinical psychology this compelling work offers a bold new interpretation of female mysticism
