Membrane Proteins: Structures, Interactions and Models A. Pullman, Joshua Jortner, 2012-12-06 The 25th Jerusalem Symposium represents a most significant highlight in the development and history of these meetings Living within the decimal system we have celebrated with much pleasure the lath and the 20th Jerusalem Symposia With this one we experience a feeling of particular satisfaction because 25 years is different from is more than two decades and a half It is a quarter of a century It seems thus as if we have changed the dimension of our endeavour In no way do we loose the sense of modesty with respect to the significance of these meetings For the organizers however they do represent a continuity of efforts which we feel happy to have been able to carry out At this occasion it seems useful to say a few words about the origin of the Jerusalem Symposia and to recall the name of a colleague who played an essential role in their creation and has been a most efficient and devoted co organizer of the seven first of them This was Professor Ernst Bergmann one of the most distinguished founders of Israeli Science and a world famous physico organic chemist *Official Gazette of the United States Patent and Trademark Office* United States.
