Folk Music Of Hungary:

Folk Music Of Hungary Zoltan Kodaly, 1987-10-21 *Hungarian Folk Music* Béla Bartók, 1981 *Folk Music of Hungary*, 1982 *The Hungarian Folk Song* Béla Bartók, 2002 **Hungarian folk music recordings 1936-1963** Ferenc Sebő, 2010 *Folk Music of Hungary* Zoltán Kodály, 1971 **Folk Music of Hungary**, 1971 *The Hungarian Folk Songs* Béla Bartók, 1980-06

Bartók's classic Hungarian Folk Music long out of print in English remains the standard study of a single folk musical culture. This new edition of a major work in ethnomusicology is enriched by Benjamin Suchoff's research on Bartók's notes, analyses and observations in the New York Archive of Bartók Estate and the volume contains the history of Hungarian ethnomusicology, a discussion of the Bartók-Kodály relationship, a comparative overview of Bartókian and other Hungarian approaches to the systematic classification of Hungarian musical folklore, a review of related literature with emphasis on variant relationships based on data extracted from source materials published as recently as 1979 and previously unavailable or new data on Bartók's biography, research methods and approach to musical composition. The volume also includes a tabulation of material compiled in accordance with Bartók's innovative procedure which first reached the scholarly public in the composer's 4 volume study *Yugoslav Folk Music*. A computerized lexico-graphical index of themes is provided. The Bartók texts and the music examples have been enriched by the addition of Zoltán Kodály's annotations. Clarification where needed is achieved through the comparative study of Hungarian, German and English drafts. Previous errata have been eliminated and symbols have been updated in accordance with Bartókian procedures of the 1940s.

Bartók, Hungary, and the Renewal of Tradition David E. Schneider, 2006-11-06

It is well known that Béla Bartók had an extraordinary ability to synthesize Western art music with the folk music of Eastern Europe. What this rich and beautifully written study makes clear is that contrary to much prevailing thought about the great twentieth century Hungarian composer, Bartók was also strongly influenced by the art music traditions of his native country. Drawing from a wide array of material including contemporary reviews and little known Hungarian documents, David Schneider presents a new approach to Bartók that acknowledges the composer's debt to a variety of Hungarian music traditions as well as to influential contemporaries such as Igor Stravinsky. Putting representative works from each decade beginning with Bartók's graduation from the Music Academy in 1903 until his departure for the United States in 1940 under critical lens, Schneider reads the composer's artistic output as both a continuation and a profound transformation of the very national tradition he repeatedly rejected in public. By clarifying why Bartók felt compelled to obscure his ties to the past and by illuminating what that past actually was, Schneider dispels myths about Bartók's relationship to nineteenth century traditions and at the same time provides a new perspective on the relationship between nationalism and modernism in early twentieth century music.
