Psalms Folk Songs of Faith author Ray Stedman shares insights from Psalm 77 to help those who are struggling with feelings of doubt and disappointment in God Discover how you can persevere through the silence and allow God to bring you to a place of unshakeable faith *Hymns of the Faith* George Harris, William Jewett Tucker, Edward K. Glezen, 1890 [This Is Our Song](#) Janet Wootton, 2013-01-07 Women have made an amazing creative and prolific contribution to hymnody through the centuries of Christian worship Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches women were able to express and influence spirituality in the writing of hymns This influence spreads across the whole range of hymn writing including writing for children which was at one time seen as women s natural place but also the introduction of new voices through translations engagement in social campaigns such as temperance and the abolition of slavery mission and evangelism and the general development of worshipping life However with the exception of the nineteenth century the voices of women have been largely silenced or marginalized The Hymn Explosion of the 1960s onward almost completely ignored women s writing and there has only recently been something of a recovery There is much more to *Our Song* than people think This book opens up women s writing from the beginnings of Christianity through the Middle Ages the development of printing and the rise of popular hymnody to the present day Living hymn writers add their voices in a series of biographical stories which complete the overarching story of *Our Song* *The Study of Celtic Folklore, Mythology & Dogma* John Arnott MacCulloch, 2020-12-17 Celtic Mythology is a study on ancient folk tales and legends of old Ireland Wales and other Celtic regions which remained a precious legacy to their illustrative history The book deals with different aspects of folklore and mythology myths of the creation tales of gods and their position and behavior the mythical creatures and animals folk tales of the divine land and many more Well grounded in history and sociology the author relates these folk tales legends and myths of Gaelic Brythonic and Gaulish people to each other and explores the influence of Christianity on their development through the ages The Religion of the Ancient Celts is an exhaustive and comprehensive study of the Celtic religion It provides insights into Celtic religious practices and comparisons geographically as well as with more familiar Roman and Christian pantheons The author offers numerous interpretations and overlaps regarding the mythological roles of gods and goddesses The Celts interacted with many cultures over the years and adopted their gods and combined with theirs Roman and Greek gods were adopted as were Vikings and Christianity later
