Get A Life:

Getting Life Michael Morton, 2015-07-28 On August 13 1986 Michael Morton went to work at his usual time By the end of the day his wife Christine had been savagely bludgeoned to death in the couple's bed and the Williamson County Sheriff's office in Texas wasted no time in pinning her murder on him Michael was swiftly sentenced to life in prison for a crime he had not committed It would take twenty five years and thousands of hours of effort on the part of Michael's lawyers including the team at the New York based Innocence Project before DNA evidence was brought to light that would ultimately set Michael free

This Robot Brain Gets Life (Making AI Pseudo-Conscious) Carter Blakelaw, 2023-04-23 For those in a hurry this To align an AI's goals with our own we must build in alignment from the start To keep an AI honest we must build in honesty from the start To get an AI to understand anything we must invest it with something of what it's like to be conscious In this book a theory of consciousness is cast into an AI architecture that allows interventions in concept formation by design For the rest of you who enjoy reading and mulling things over this Can a computing device appreciate the smell of coffee on a Sunday morning or contemplate the Earth as seen from the Moon or worry about inflation and the price of fuel Not without being conscious and understanding the world And one can't be done without the other surely In this book Carter Blakelaw uses a theory of what makes us conscious to present a machine that will genuinely think for itself Not only that but once he has his machine he looks at how to ensure its interests align with our own and how to keep it honest and true alignment and hallucinations being two of the biggest issues in AI Discover what he discovers about the machine about our world and about us

Sentencing Youth to Life in Prison Kathi Milliken-Boyd, James Windell, 2022-04-07 This book analyzes the impact of the U S Supreme Court rulings deeming juvenile life without parole LWOP sentences to be cruel and unusual punishment These Court decisions brought about controversy and resistance in the criminal justice field while at the same time providing hope for those 2 300 people who never thought they had a chance to experience life as an adult outside prison By looking in depth at the lives of some of the individuals serving life terms and understanding both the prosecutors who oppose review and resentencing of juvenile lifers and those who are sincerely following the Supreme Court's guidelines this book provides a comprehensive understanding of the issues as well as the people involved in the sentencing and potential resentencing of juveniles to life without the possibility of parole The authors provide unique perceptive and straightforward profiles on some of the prisoners who were ultimately sentenced to LWOP after being involved in criminal offenses committed before their 18th birthdays The book poignantly features the experiences of young people who did not commit a murder yet were still sentenced to life terms but also delves into the perspectives of the families of victims of juvenile offenders prosecutors on both sides of the issue psychologists who have interviewed many of the juvenile lifers and advocates for change in the way juveniles are treated by the criminal justice system The decisions in *Miller v Alabama* and *Montgomery v Louisiana* clearly demonstrated that the Court's view of juveniles evolved over decades to reflect advances in our understanding of the unique

characteristics of youth and their involvement in juvenile crimes This book takes the position that the sentence of life without the possibility of parole for youth is wasteful of both human lives and scarce public resources The authors write about the human concerns on both sides of the question and ultimately allow readers to make their own decisions about how society should best handle juvenile offenders This engaging ethnographic treatment will appeal to students and scholars of criminology corrections juvenile justice and delinquency practitioners working in social policy and all those interested in a criminal justice system capable of positive outcomes for involved youth *Life Association News* ,1918 **Untie Your**

Macpherson: a Devoted Life John Macpherson,1889 *Prison and Social Death* Joshua M. Price,2015-07-01 The United States imprisons more of its citizens than any other nation in the world To be sentenced to prison is to face systematic violence humiliation and perhaps worst of all separation from family and community It is to borrow Orlando Patterson's term for the utter isolation of slavery to suffer social death In *Prison and Social Death* Joshua Price exposes the unexamined cost that prisoners pay while incarcerated and after release drawing upon hundreds of often harrowing interviews conducted with people in prison parolees and their families Price argues that the prison separates prisoners from desperately needed communities of support from parents spouses and children Moreover this isolation of people in prison renders them highly vulnerable to other forms of violence including sexual violence Price stresses that the violence they face goes beyond physical abuse by prison guards and it involves institutionalized forms of mistreatment ranging from abysmally poor health care to routine practices that are arguably abusive such as pat downs cavity searches and the shackling of pregnant women And social death does not end with prison The condition is permanent following people after they are released from prison

Finding housing employment receiving social welfare benefits and regaining voting rights are all hindered by various legal and other hurdles The mechanisms of social death Price shows are also informal and cultural Ex prisoners face numerous forms of distrust and are permanently stigmatized by other citizens around them A compelling blend of solidarity civil rights activism and social research Prison and Social Death offers a unique look at the American prison and the excessive and unnecessary damage it inflicts on prisoners and parolees
