Digital Video Recorders Jimmy Schaeffler, 2013-07-24 Four specific trends are driving the DVR industry: consumer content choice, consumer content control, personalization of content libraries, and the ability to transfer content from device to device and person to person. *Digital Video Recorders* features a macro and micro view of the already established yet still burgeoning DVR industry. As part of the NAB Executive Technology Briefing series, this book gives you a wealth of market knowledge, business models, case studies, and industry insights explained in a non-technical fashion. *Digital Video Recorders* discusses the impact of the technology across many different industries and platforms, explains hardware, software, and technology of set-top boxes, DVR infrastructure, on-screen guides, planning, and scheduling, content security, and more. Whether you are an executive in the broadcast telecommunications, consumer electronic, or advertising space, you will expand your knowledge on DVR, impact, explore new business opportunities, and get a brief overview of the technical terms needed. You will also be able to accurately analyze and understand the trends, projections, and other data, all of which will help lead to the expedited growth and development of the DVR industry. The Children's Television Community J. Alison Bryant, 2014-04-08 *The Children's Television Community* presents a cutting-edge analysis of the children's television community, the organizations, major players, and approaches to programming, and gives an overview of the history, current state, and future of children's programming. Leading children's television professionals and distinguished academicians come together in this volume to take a distinctive behind-the-scenes look at how children's television is created, programmed, and sold. This thought-provoking work emphasizes the various actors whose creative, financial, political, and critical input go into children's television.

and addresses advocacy for children's television from multiple approaches. By blending these diverse perspectives, editor J. Alison Bryant offers readers a comprehensive picture of children's television. Highlights include a community-level approach to understanding children's television, perspectives from colleagues in various aspects of the media industry, and an eye-opening analysis of how decision-making affects what children are exposed to through television. *The Children's Television Community* is highly informative for educators, industry professionals, and practitioners in media, developmental psychology, and education.
