Getting Home:

Getting Home Liz McCartney, Zack Rosenberg, 2019-03-22 When the flood waters of Hurricane Katrina receded around New Orleans they revealed unimaginable destruction and a traditional disaster recovery process that was Byzantine costly and far too slow for the victims who just wanted to get home *Getting Home* is the inspiring story of a defense lawyer and a school teacher who left their careers to rebuild homes for desperate survivors but wound up reconstructing the entire process for rebuilding after disasters Authors Liz McCartney and Zack Rosenberg describe how SBP the disaster relief nonprofit they founded partnered with Toyota to apply the lean principles of the Toyota Production System to rebuild homes and lives following hurricanes tornadoes and floods throughout the U S and its territories For lean thinkers this story offers a fresh look at lean tools being used in non traditional settings With a short term volunteer workforce a layer of middle management that turns over every 10 months and constantly shifting sources of income SBP seemed like it could never escape a constant cycle of emergencies and triumphs Using lean tools however Liz and Zack got their work processes under control and found the time to think deeply about the nature of disasters and rebuilding and found themselves with a clearer mission The book also details an innovative 9 step blueprint for how private industry relief agencies volunteers and all levels of government can work together to dramatically shrink the time between when disasters hit and victims get home in a prompt efficient and predictable way ____ In these pages you will read and be inspired by the spirit of a defense lawyer and a school teacher who left their careers to rebuild homes for the most desperate survivors of Hurricane Katrina in New Orleans What Liz McCartney and Zack Rosenberg quickly discovered about this work is that the duration of time between disaster and recovery inflicts an immense toll on people They were determined to do better and Toyota wanted to help By sharing the Toyota Production System with SBP we helped them reduce the home rebuilding time by about 50% Jim Lentz CEO Toyota Motor North America Inc [First Time Homebuyer: 13 Steps to Get You Home](#) R. Is This It? Rachel Jones,2019 A personal journey through the challenges of adulting revealing the difference Jesus makes This book is for you if You dread family occasions because relatives will ask you what you re doing with your life Social media leaves you with the miserable suspicion that most of your friends have more fun a better relationship more money a better house more friends than you do Watching sitcoms from your adolescence on Netflix makes everything feel better You ve ended up in a job that has absolutely nothing to do with what you dreamed of doing when you were six or eleven or sixteen You still keep loads of stuff at your parent s house Sooner or later most of us find that adult life is not all it s cracked up to be At some point most of us take a look at where we ve got to and wonder Is this it Why did no one warn me that adult life was going to be this difficult Rachel Jones is 20 something trying to keep it together and ready to say what we re all thinking Whether you re just feeling a bit lost or having a full quarter life crisis this funny honest hopeful book reveals the difference Jesus makes to the angst of adulting **Hannah's Faith Through The Storm** Linda Dickens Sturgill,2017-03-21 This is the inspiring true story of a girl that despite hardships with abuse her mother s death her father s alcoholism and many other trials she overcame the odds as many as they were Who didn t know what love was Until Jesus Christ came into her life like a shining beacon overshadowing all the pain she d faced in life With God ALL things are possible [Oh No! We're Gonna Die Too](#) Bob Bell,2009-07-01 [Oh No We re Gonna Die Too](#) came about due to the popularity of Bob s first book [Oh No We re Gonna Die](#) That book was mostly about the author s misadventures in Alaska Many of his friends and associates approached him after reading the book and told him their stories which were very similar to his He collected those stories and with a few details filled in and some observations by Bob compiled them into the second book This book is also written in a humorous fashion but again conveys the apprehension excitement and relief involved in life threatening adventures This book shows how a relatively small mistake can quickly put one s life at risk in the Alaska wilderness It also takes the reader on adventures throughout Alaska with a whole new cast of characters who continue the tradition of questionable judgment and bad luck You will experience airplane crashes wild critters trying to eat folks extreme weather malfunctioning equipment sinking boats and many other challenges These stories give the reader a personal look at how many Alaskans live recreate

and somehow survive It is doubtful many of them would have survived if it weren't for pure luck As one can see from these stories there is not a lot of clear thinking or intelligence involved in most of the stories but there is an ample amount of excitement Please enjoy your trip with us through our Alaska misadventures
