Christian Perspective Justin A. Irving, Mark L. Strauss, 2019-06-18 This book brings the best of leadership theory and research together with biblical reflection and examples of leadership in action to offer a practical guide to Christian leaders. Combining expertise in leadership studies and biblical studies, Justin Irving and Mark Strauss explore how leadership models have moved from autocratic and paternalistic leader-centered models toward an increased focus on followers. The authors show how contemporary theories such as transformational leadership, authentic leadership, and servant leadership take an important step toward prioritizing and empowering followers who work with leaders to accomplish organizational goals. Irving and Strauss organize their book around nine empowering practices, making it accessible to students, church leaders, and business leaders. Integrating solid research in leadership studies with biblical and theological reflection on the leadership ideas that are most compatible with Christian faith, this book is an important resource for all Christian students of leadership.

You Can't Make Me Angry Dr. Paul O., 2022-01-14 And acceptance is the answer to all my problems today. You may already know of Dr. Paul's simple yet profound wisdom in the frequently quoted passage from his story in the Big Book of Alcoholics Anonymous. Dr. Paul continues sharing his experience, strength, and hope in this his second book, *You Can't Make Me Angry*. By the time you put this book down, you will be convinced that people and circumstances don't make us angry; we make ourselves angry. People can't make us angry unless we let them. We alone are responsible for our feelings. A measure of the effectiveness of communication is the result it produces. If you don't like the results you are getting when communicating with another person, there's a great deal you can do about it. I'm not willing to let anything or any person put my physical sobriety at risk; why should I put less value on my emotional sobriety? For physical sobriety, we had to give up drinking, and for emotional sobriety, we have to give up blaming others. No longer can we say, "You made me angry." Instead, we must accept personal responsibility for our emotional state. This much responsibility may seem extreme, yet in fact, it is a great freedom. Henceforth, no person or situation can upset us if we don't give them or it permission to do so. What could be a greater freedom than that? Emotional maturity is like serenity. The first time I felt serene, I wondered what was happening, but I liked the feeling and wanted more. The more I got, the more I wanted. Serenity is addictive. *Get Along with Anyone, Anytime, Anywhere!* Arnold Sanow, Sandra Strauss, 2013-01-01 A renowned business and communication expert demonstrates 8 key ways to create enduring connections with friends, customers, co-workers, and even kids. Communicating User Experience Trudy Milburn, 2015-07-01. *Communicating User Experience: Applying Local Strategies Research to Digital Media Design* examines how Local Strategies Research (LSR) helps investigate user experiences with digital media. This edited collection uses case studies to examine the way we communicate in the digital age, whether between individuals and digital interfaces such as those installed in cars, dyads via mobile phones and online interfaces, or members of a group through a video conference. Milburn and her contributors consider the cultural norms that both inform and are used during interaction to provide a useful methodology that shifts design, particularly HCI research, from a focus on emotional, subjective user experiences to the everyday practices involved in interacting with one another in and through digital devices and interfaces. *Communicating User Experience* will be a valuable resource for designers and scholars of communication and new media.
