From performers who bask in the spotlight to those who find inspiration in the midnight glow of a computer monitor, the world has no shortage of creative people. While the day-to-day realities of a ballerina may be quite different from that of a novelist, actor, graphic artist, musician, or software developer, they share many things in common. Chief among these is the desire to make a living with their art. Maybe you're working to build a sustainable full-time creative career. Or perhaps you're happy in the corporate world but would like to turn your love for music, dance, painting, or programming into a steady stream of extra income. Either way, if you're like most creative souls, you tend to focus on your passion to the exclusion of all else, and you may scorn the details of business and promotion.
