

IDENTITY IN
DEMOCRACY

AMY GUTMANN

Identity In Democracy

Ted Hopf, Bentley Allan

Identity In Democracy:

Identity in Democracy Amy Gutmann, 2009-01-10 Written by one of America's leading political thinkers this is a book about the good the bad and the ugly of identity politics Amy Gutmann rises above the raging polemics that often characterize discussions of identity groups and offers a fair minded assessment of the role they play in democracies She addresses fundamental questions of timeless urgency while keeping in focus their relevance to contemporary debates Do some identity groups undermine the greater democratic good and thus their own legitimacy in a democratic society Even if so how is a democracy to fairly distinguish between groups such as the KKK on the one hand and the NAACP on the other Should democracies exempt members of some minorities from certain legitimate or widely accepted rules such as Canada's allowing Sikh members of the Royal Canadian Mounted Police to wear turbans instead of Stetsons Do voluntary groups like the Boy Scouts have a right to discriminate on grounds of sexual preference gender or race Identity group politics Gutmann shows is not aberrant but inescapable in democracies because identity groups represent who people are not only what they want and who people are shapes what they demand from democratic politics Rather than trying to abolish identity politics Gutmann calls upon us to distinguish between those demands of identity groups that aid and those that impede justice Her book does justice to identity groups while recognizing that they cannot be counted upon to do likewise to others Clear engaging and forcefully argued Amy Gutmann's *Identity in Democracy* provides the fractious world of multicultural and identity group scholarship with a unifying work that will sustain it for years to come

Identity, Self-determination and Secession Igor Primoratz, Aleksandar Pavković, 2006 Engaging with a range of interconnected and highly topical issues of identity self determination and secession this book discusses nationalism as an important component of identity of individuals and groups and also examines patriotism which has recently undergone a dramatic revival The book includes contributions by prominent philosophers and political and legal theorists from Australia Canada Israel and the United States

Society in the Self H. J. M. Hermans, 2018 *Society in the Self* A Theory of Identity in Democracy shows how society is working in the deeper regions of self and identity This book is an exploration of the democratic potentials of self and identity in a globalizing and localizing society

Making Identity Count Ted Hopf, Bentley Allan, 2016 *Making Identity Count* presents a new constructivist method for the recovery of national identity applies the method in nine country cases and draws conclusions from the empirical evidence for hegemonic transitions and a variety of quantitative theories of identity

Identity Politics in Deconstruction Dr Carolyn D'Cruz, 2012-10-01 Identity politics dominates the organisation of liberation movements today This is the case whether fighting over one's birthright to a nation such as in the Palestinian Israeli conflict lobbying for civil rights such as in gay and lesbian campaigns for marriage or struggling for citizenry recognition as currently experienced by asylum seekers In this book Carolyn D Cruz investigates the nexus between what David Birch describes as the seemingly impossible of high theory and the seemingly accessible possibilities of popular discourse as encountered in liberation movements based on

identity D Cruz reworks the logic of such movements through the unique combination of Derridean deconstruction Foucauldian discourse and Levinasian ethics Moving both within and between the domains of philosophy politics and postmodern culture this book offers both a clear explication of complex philosophical issues and an understanding of how they relate to the political practicalities of everyday life **Identity, Difference** William E. Connolly, 2002 *Media and Identity in Africa* John Middleton, Kimani Njogu, 2010-01-04 What is the role of the media in Africa How do they work How do they interact with global media How do they reflect and express local culture Incorporating both African and international perspectives Media and Identity in Africa demonstrates how media outlets are used to perpetuate question or modify the unequal power relations between Africa and the rest of the world Discussions about the construction of old and new social entities which are defined by class gender ethnicity political and economic differences wealth poverty cultural behavior language and religion dominate these new assessments of communications media in Africa This volume addresses the tensions between the global and the local that have inspired creative control and use of traditional and modern forms of media *Debating Political Identity and Legitimacy in the European Union* Sonia Lucarelli, Furio Cerutti, Vivien Schmidt, 2012-08-06 How can we conceptualize identity and legitimacy in the context of the European union What is the role of narratives political symbols public debate and institutional practices in the process of identity formation and legitimacy consolidation Debating Political Identity and Legitimacy in the European Union addresses these questions and brings together high profile scholars from various disciplinary backgrounds to debate the ontological and epistemological aspects of research on identity and legitimacy formation in the EU Part I investigates key elements such as the relationship between Europeanization of the EU member states and its effect on the political identity of their citizens the relationship between the politicization of the EU and processes of identity and legitimacy formation and the indispensability of European identity for legitimizing the EU Part II looks at pathways to identity formation and legitimacy construction in the EU by considering alternative types of constitutional legitimacy political symbolism Europeanization and politicization of the debate on EU focusing on the foreign policy domain Bringing together a wide but coherent range of high profile perspectives this book will of interest to students and scholars of European studies Political Science Philosophy Sociology and Law

Democratization and Identity Susan J. Henders, 2004-01-01 The notable contributors to Democratization and Identity introduce the experiences of East and Southeast Asia into the study of democratization in ethnically including religiously diverse societies This collection suggests that the risk of ethnicized conflict exclusion or hierarchy during democratization depends in large part on the nature of the ethnic identities and relations constituted during authoritarian rule This volume s theoretical breakthroughs and its country case studies shed light on the prospects for ethnically inclusive and non hierarchical democratization across East and Southeast Asia and beyond **Defending Identity** Andrew A. Rooney, Natan Sharansky, 2010-10 Who is better prepared to confront challenges and defend principles in a volatile modern world Those

with strong national religious ethnic or tribal identities who accept democracy or democrats who renounce identity as a kind of divisive prejudice Natan Sharansky building on his personal experience as a dissident argues that valueless cosmopolitanism even in democracies is dangerous Better to have hostile identities framed by democracy than democrats indifferent to identity In a vigorous insightful challenge to the left and right alike Natan Sharansky as he has proved repeatedly is at the leading edge of the issues that frame our times *International Journal of Ethics*, 1927 Includes section Book reviews

Identity and Integration Bernhard Peters, 2017-03-02 Symbolic boundaries cultural differences and ethnic conflicts have gained significance and new meanings in a global situation characterized by the dissolution of traditional political and societal structures Communications and political and economic interactions increasingly cross the borders of states nations and ethnic communities and yet symbolic borders and separate group identities are nevertheless asserted The perceived efforts of migrants to maintain their cultural and ethnic identities are often blamed as a cause of conflict within nation states This intriguing volume recognizes that migrants with an Islamic background are seen as especially problematic cases Turks are the biggest category among Muslim migrants in Europe and more than one third of all Muslim migrants in Europe are from Turkey Referring primarily to immigration from Turkey this book combines both exemplary case studies of Turks within Europe and theoretical papers with innovative perspectives on the relations between integration and identity *Female Imperialism and National Identity* Katie Pickles, 2002 Through a study of the British Empire's largest women's patriotic organisation formed in 1900 and still in existence this book examines the relationship between female imperialism and national identity It throws new light on women's involvement in imperialism on the history of conservative women's organisations on women's interventions in debates concerning citizenship and national identity and on the history of women in white settler societies After placing the IODE Imperial Order Daughters of the Empire in the context of recent scholarly work in Canadian gender imperial history and post colonial theory the book follows the IODE's history through the twentieth century Tracing the organisation into the postcolonial era where previous imperial ideas are outmoded it considers the transformation from patriotism to charity and the turn to colonisation at home in the Canadian North

Recalling the Caliphate S. Sayyid, 2022-06-13 As late as the last quarter of the twentieth century there were expectations that Islam's political and cultural influence would dissipate as the advance of westernization brought modernisation and secularisation in its wake Not only has Islam failed to follow the trajectory pursued by variants of Christianity namely confinement to the private sphere and depoliticisation but it has also forcefully reasserted itself as mobilisations in its name challenge the global order in a series of geopolitical cultural and philosophical struggles The continuing if not growing relevance of Islam suggests that global history cannot simply be presented as a scaled up version of that of the West Quests for Muslim autonomy present themselves in several forms local and global extremist and moderate conservative and revisionist in the light of which the recycling of conventional narratives about Islam becomes increasingly

problematic Not only are these accounts inadequate for understanding Muslim experiences but by relying on them many Western governments pursue policies that are counter productive and ultimately hazardous for Muslims and non Muslims alike Recalling the Caliphate engages critically with the interaction between Islam and the political in context of a post colonial world that continues to resist profound decolonisation In the first part of this book Sayyid focuses on how demands for Muslim autonomy are debated in terms such as democracy cultural relativism secularism and liberalism Each chapter analyses the displacements and evasions by which the decolonisation of the Muslim world continues to be deflected and deferred while the latter part of the book builds on this critique and attempts to accelerate the decolonisation of the Muslim Ummah

Insiders and Outsiders Gerald Kernerman, Philip Resnick, 2005 Insiders and Outsiders celebrates the work of Alan Cairns one of the most influential Canadian social scientists of the contemporary period Few scholars have helped shape so many key debates in such a wide range of topics in Canadian politics from the electoral system and federalism to constitutional and Charter politics to questions of Aboriginal citizenship This volume contains engaging and critical analyses of Cairns contributions by a diverse group of scholars political scientists legal scholars historians and policymakers many of them leaders in their own fields It includes assessments of his role as a public intellectual his interpretation of Canada s electoral system his views on federalism and on Canadian unity his approach to Aboriginal non Aboriginal relations and his writings on citizenship and diversity The book will be of particular interest to students and scholars of Canadian politics history and society especially those examining issues such as the Charter of Rights Aboriginal politics federalism multiculturalism political institutions and political change It should also be of interest to a larger public that follows the Canadian political scene and that shares Cairns concerns with broad questions of citizenship diversity and national unity

The Fragile Civic Identity Pasquale De Marco, 2025-03-15 In an era of increasing division and polarization it is more important than ever to understand and strengthen our civic identity Civic identity is the sense of belonging and connection that individuals feel to their community and nation It is shaped by a variety of factors including shared history culture values and institutions A strong civic identity is essential for a healthy and vibrant democracy It is the foundation of social cohesion and trust and it is a bulwark against the forces of division and polarization When individuals feel connected to their community and nation they are more likely to be engaged in civic life to vote and to hold their leaders accountable However civic identity is under threat in many parts of the world The rise of populism and nationalism has led to a resurgence of divisive rhetoric and policies This has contributed to a decline in trust in government and other institutions and it has made it more difficult for people to come together and work towards common goals This book offers a comprehensive and accessible exploration of civic identity It examines the historical and philosophical foundations of civic identity the challenges facing civic identity in the 21st century and the importance of civic identity for a healthy democracy The book also provides a number of concrete recommendations for how to strengthen civic identity and build more cohesive and inclusive communities

This book is essential reading for anyone who is interested in understanding the challenges facing our democracy and who wants to work towards building a more just and equitable society. It is a call to action for all of us to embrace our civic identity and to work together to create a better future for our communities and our nation. If you like this book, write a review.

The Future of Identity Kenneth Hoover, 2004-06-15. As the world bears witness to the terror and warfare provoked by people's sense of who they are, how they are regarded, and what they deserve, we have entered into the age of identity. Erik Erikson (1902-1994) was the prophet of this new age. His lifetime of clinical and interdisciplinary work on human development focused on the formation and maintenance of identity among people of diverse backgrounds: black, white, and Native American; rich, middle class, and poor; male and female. In this volume, scholars from various disciplines, some who knew and worked with and became good friends of Erikson, discuss and assess his legacy and investigate the challenges that identity brings to the contemporary world. Contributions to this volume frame the challenge identity poses to contemporary scholarship through Erikson's own work, research in empirical and clinical psychology, individual and rational choice theories, Marxism, democratic theories of political participation, fundamentalism, and globalization. Through the book's truly transdisciplinary scope, Erikson and his scholarship begin to be revisited by psychologists, sociologists, anthropologists, and students of interdisciplinary social sciences and humanities.

Symbols and Sacrifice in War Kirstin J. H. Brathwaite, 2025. A new theory of how soldiers persevere through the hardships of long wars. Nationalism and its effect on military strategy have long been of interest to scholars of conflict. Outcomes of war are not solely determined by firepower and numbers but also by the motivations of soldiers fighting for their nation. This book presents a new theory about the will to fight, arguing that how a conflict resonates with the myths, symbols, and core beliefs underlying national identity shapes soldiers' morale, discipline, and initiative in battle. Brathwaite compares the will to fight of British, Indian, and Australian soldiers in World War II. She draws on military records such as unit diaries and morale reports to demonstrate the connection between identity and the will to fight. Her research is important because political leaders make key decisions on matters ranging from the use of force to military manpower policy based on beliefs about what motivates soldiers in battle. Scholars of security studies, policymakers, and military professionals will be interested in this new theory of a key aspect of military effectiveness and power.

National Deconstruction David Campbell. How did Bosnia once a polity of intersecting and overlapping identities come to be understood as an intractable ethnic problem? David Campbell pursues this question and its implications for the politics of community, democracy, justice, and multiculturalism through readings of media and academic representations of the conflict in Bosnia. National Deconstruction is a rethinking of the meaning of ethnic nationalist violence and a critique of the impoverished discourse of identity politics that crippled the international response to the Bosnian crisis. Rather than assuming the preexistence of an entity called Bosnia, Campbell considers the complex array of historical, statistical, cartographic, and other practices through which the definitions of Bosnia have come to be. These practices traverse a continuum of political spaces from the bodies of

individuals and the corporate body of the former Yugoslavia to the international bodies of the world community Among the book s many original disclosures arrived at through a critical reading of international diplomacy is the shared identity politics of the peacemakers and paramilitaries Equally significant is Campbell s conclusion that the international response to the Bosnian war was hamstrung by the poverty of Western thought on the politics of heterogeneous communities Indeed he contends that Europe and the United States intervened in Bosnia not to save the ideal of multiculturalism abroad but rather to shore up the nationalist imaginary so as to contain the ideal of multiculturalism at home By bringing to the fore the concern with ethics politics and responsibility contained in more traditional accounts of the Bosnianwar this book is a major statement on the inherently ethical and political assumptions of deconstructive thought and the reworkings of the politics of community it enables

National Identity in EU Law Elke Cloots, 2015-02-12 Despite nearly sixty years of European integration neither nations nor national loyalties have withered away On the contrary national identity rhetoric seems on the rise not only in politics but also in legal discourse Lately we have seen a rise in the number of Member States invoking their national identity in an attempt to justify a derogation from a requirement imposed on them by a Treaty article or an EU legislative act or to legitimize a particular national reading of such an EU norm Despite this the European Court of Justice ECJ has yet to develop a coherent approach to such arguments or express a vision of the role national identity should play in EU law Elke Cloots undertakes this task by providing a principled and coherent scheme for the adjudication of disputes involving claims based on the national identity of a Member State Should arguments involving national identity be legally relevant If yes how should the ECJ approach such identity related interests Cloots crafts a normative framework to assist the ECJ in striking the right balance between European integration and respect for the identity concerns at issue The book combines rigorous theoretical inquiry with thorough analysis of the European Treaties and case law with particular attention paid to litigation involving domestic measures concerning the national system of government constitutional rights protections and language policy Clarifying the issues at stake and presenting a solution to these problems this book will be an invaluable resource for the academics lawyers and policy makers in the field

Identity In Democracy Introduction

In today's digital age, the availability of Identity In Democracy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Identity In Democracy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Identity In Democracy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Identity In Democracy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Identity In Democracy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Identity In Democracy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Identity In Democracy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Identity In Democracy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Identity In Democracy books and manuals for download and embark on your journey of knowledge?

FAQs About Identity In Democracy Books

1. Where can I buy Identity In Democracy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Identity In Democracy book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Identity In Democracy books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Identity In Democracy audiobooks, and where can I find them? Audiobooks: Audio recordings of books,

perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
