If I Should Wake Before I Die H. Leon Greene, 1997 Written by a practicing cardiologist and longtime researcher in the subject of sudden death this book explores the deceptive theology of the near death experience from a Christian medical perspective Instead of offering a glimpse of heaven or hell as described in the popular press Dr Greene refutes these experiences and challenges the validity of near death experiences as a vehicle for spiritual revelation

Gethsemane Day Dorothy Molloy, 2010-12-22 *Hare Soup* Dorothy Molloy s first collection of poems was published by Faber in 2004 just weeks after the poet s untimely death *Gethsemane Day* brings together her last and hitherto unpublished poems which celebrate survival with all the anarchic zest mordancy and lyric drive of *Hare Soup* while

confronting individual illness and death with moving lucidity The Poems of Dorothy Molloy Dorothy Molloy, 2019-09-17 Dorothy Molloy was a star in the making when Faber prepared her debut *Hare Soup* 2004 for publication before tragedy struck and she died four days before advance copies arrived With its distinctive and unsettling mix of comedy and complicity dark humour and disturbance a feminist burlesque that has seen her work christened as gurlisque *Hare Soup* stripped the veneer from the niceties of relations in family life and the Catholic church turning its inventive and sexually charged gaze to corruption and abuse in our most private spaces The book rightly won accolades and admirers and was followed by a further posthumous collection *Gethsemane Day* 2006 that was prepared from typescript The Poems of Dorothy Molloy gathers these two collections alongside her manuscript work which appeared as *Long Distance Swimmer* Salmon 2009 and the remaining body of unpublished material to present a complete edition of poems to meet the growing readership of this startling talent

Theater of the Mind Neil Verma, 2012-06-29. For generations, fans and critics have characterized classic American radio drama as a theater of the mind. This book unpacks that characterization by recasting the radio play as an aesthetic object within its unique historical context. In *Theater of the Mind*, Neil Verma applies an array of critical methods to more than six thousand recordings to produce a vivid new account of radio drama from the Depression to the Cold War. In this sweeping exploration of dramatic conventions, Verma investigates legendary dramas by the likes of Norman Corwin, Lucille Fletcher, and Wyllis Cooper on key programs ranging from *The Columbia Workshop*, *The Mercury Theater on the Air*, and *Cavalcade of America* to *Lights Out*, *Suspense*, and *Dragnet* to reveal how these programs promoted and evolved a series of models of the imagination. With close readings of individual sound effects and charts of broad trends among formats, Verma not only gives us a new account of the most flourishing form of genre fiction in the mid-twentieth century but also presents a powerful case for the central place of the aesthetics of sound in the history of modern experience.
