Igbo-English Dictionary Michael J. C. Echeruo, 2001 Convergence: English and Nigerian Languages Ozo-mekuri Ndimele, 2016-02-22 The present volume which is the 5th in the Nigerian Linguists Festschrift Series is devoted to Professor Munzali A Jibril a celebrated icon in university administration and an erudite Professor of English Linguistics The title of this special edition was specifically chosen to crown Professor Jibril's academic prowess in both English and indigenous Nigerian languages and to mark and laud his official departure from active university lectureship 72 assessed papers are included from the many submitted Papers cover the main theme of the volume i.e the interaction between English and indigenous Nigerian languages and there are a number of papers on other secular areas of linguistics such as language and history language planning and policy language documentation language engineering lexicography translation gender studies language acquisition language teaching and learning pragmatics discourse and conversational analysis and literature in English and African languages There is also a rich section devoted to the major traditional fields of linguistics phonology morphology syntax and semantics Igbo-English Dictionary G. E. Igwe, 1999 2002 Publication University Press Nigeria The lack of a comprehensive dictionary has hindered the learning and teaching Igbo and the language has been neglected due to considerable variations between the dialects and the lack of a single authoritative policy on a standard written language This massive new resource seeks to document different dialects of Igbo but specifically Central Igbo dialects Wherever possible and necessary variants are given from different dialects In documenting developments of a living language the dictionary is also designed to work towards a standard Igbo *Advanced Igbo Language* Elisha O. Ogbonna, 2022 This straightforward and comprehensive book deals with encompassing features of Igbo linguistics in a manner that is new exciting and revealing to both speakers and learners It is a well organized and systematic material that started from the foundational principles of language study This excellent book presents Igbo orthography phonemes phonemic analysis phonetic transcription place of articulation prefixes prosody segmental phoneme morphemes class changing class maintaining word formation lexeme synonyms antonyms ambiguities and solution to ambiguities in Igbo language This book should form a useful textbook for high and tertiary institutions and private establishments where Igbo language is learned and taught **The Linguistics of Temperature** Maria Koptjevskaja-Tamm, 2015-02-11 The volume is the first comprehensive typological study of the conceptualisation of temperature in languages as reflected in their systems of central temperature terms hot cold to freeze etc The key issues addressed here include questions such as how languages categorize the temperature domain and what other uses the temperature expressions may have e.g when metaphorically referring to emotions warm words The volume contains studies of more than 50 genetically areally and typologically diverse languages and is unique in considering cross linguistic patterns defined both by lexical and grammatical information The detailed descriptions of the linguistic and extra linguistic facts will serve as an important step in teasing apart the role of the different factors in how we speak about

temperature neurophysiology cognition environment social cultural practices genetic relations among languages and linguistic contact The book is a significant contribution to semantic typology and will be of interest for linguists psychologists anthropologists and philosophers Achievement as Value in the Igbo/African Identity Vernantius Emeka Ndukaihe,2006 Achievement seems to be a first class value in our world today With the ongoing global debate on what constitutes identity can we include achievement as one of the constituents In the Igbo African identity the achievement instinct is basically innate The ethics of this phenomenon needs an evaluation aimed at improving the status quo What is the plight of the Igbo African achieving in the face of modern capitalistic tendencies What has become of the many other values in her identity which has been her pride as a race How is her religiosity which is inseparable from daily living affected by modernity and its new trends of the achievement ethos These are some of the issues that are addressed in this book with the conviction that theology achievement and identity are continuity The Complete Dictionary of Guosa Language 2Nd Revised Edition Igbineweka Alex G.,2019-02-01 This book is about breaking new grounds in the world zonal lingua franca **Lexicalization patterns in color naming** Ida Raffaelli,Daniela Katunar,Barbara Kerovec,2019-10-09 The volume presents sixteen chapters focused on lexicalization patterns used in color naming in a variety of languages Although previous studies have dealt with categorization and perceptual salience of color terms few studies have been consistently conducted in order to investigate phonological morphological syntactic and semantic devices languages use to form color terms The aim of this volume is to approach color data from a relativist and typological perspective and to address some novel viewpoints in the research of color terms such as a the focus on language structure per se in the study of lexicalization data b investigation of inter and intra language structural variation c culture and language contact as reflected in language structure Topics of this book have a broad appeal to researchers working in the fields of linguistics anthropology sociology and psychology Religious Ethics William Schweiker,David A. Clairmont,2020-04-10 An inclusive and innovative account of religious ethical thinking and acting in the world Rather than merely applying existing forms of philosophical ethics Religious Ethics defines the meaning of the field and presents a distinct and original method for ethical reflection through comparisons of world religious traditions Written by leading scholars and educators in the field this unique volume offers an innovative approach that reveals how religions concur and differ on moral matters and provides practical guidance on thinking and living ethically The book s innovative method integrating descriptive normative practical fundamental and metaethical dimensions of reflection enables a far more complex and nuanced exploration of religious ethics than any single philosophical language method or theory can equal First introducing the task of religious ethics the book moves through each of the five dimensions of reflection to compare concepts such as good and evil perplexity and wisdom truth and illusion and freedom and bondage in various theological contexts Guides readers on understanding assessing and comparing the moral teachings and practices of world religions Applies a disciplined scholarly approach to the subject of religious ethics Explores the distinctions between religious

ethics and moral philosophy Provides a methodology which can be applied to comparative ethics for various religions Compares religious traditions to illuminate each of the five dimensions of ethical and moral reflection Religious Ethics Meaning and Method will help anyone interested in the relation between religion and ethics in the modern world including those involved in general and comparative religion studies religious and comparative ethics and moral theory

Anthropological Linguistics Andrea Hollington,Alice Mitchell,Nico Nassenstein,2024-02-15 This collection presents new research on key topics in anthropological linguistics with a focus on African languages While Africanist linguists have long been concerned with sociocultural aspects of language structure and use no comprehensive volume dedicated to the anthropological linguistics of Africa has yet been published This volume seeks to fill this gap The chapters address a broad range of topics in anthropological linguistics including classic themes such as spatial reference color kin terms and emotion as well as emerging interests in the linguistic expression of personhood sociality and language ideology All contributions are based on original empirical research and present insights into African language practices from a sociocultural perspective The volume showcases research on dozens of African languages spoken across the continent with particular emphasis on languages of East Africa This book will be of interest to areal specialists as well as to anthropological linguists worldwide
