Onishi, 2018-04-24 Through a bold and historically rooted vision for the future of philosophy of religion The Sacrality of the Secular maps new and compelling possibilities for a nonsecularist secularity In recent decades philosophers in the continental tradition have taken a notable interest in the return of religion a departure from the supposed hegemony of the secular age that began with the Enlightenment At the same time anthropologists and sociologists have begun to reject the once dominant secularization thesis which both prescribed and described the demise of religion in modern societies In The Sacrality of the Secular Bradley B Onishi reconsiders the role of religion at a time when secularity is more tenuous than it might seem He demonstrates that philosophy s entanglement with religion led perhaps counterintuitively to vibrant reconceptions of the secular well before the unraveling of the secularization thesis or the turn to religion Through rich readings of Heidegger Bataille Weber and others Onishi rethinks what philosophy can contribute to our understanding of religion and the wider social and cultural world **Dawn of The Coruscus** Maximillian Q.

Letizi, 2013-02-26 This novel starts with a prologue dealing with the mythology surrounding the development of two different species of mankind the group of people designated as Homo Sapiens and the much smaller subtype know as Cro Magnon Man The action starts immediately with the two groups clashing and then differentiating into the development of civilizations populated by Homo Sapiens but mentored by Cro Magnon known as the Coruscus As the adventure develops other themes

come into play The capacity of the Coruscus to influence the whims of nature has been characterized by numerous titles the most common of which is known as magic Magic is the undercurrent of this action adventure but there are more themes which become sophisticated in both concept and presentation For example the idea of life beyond death is explored There are detailed description of Virgil s journey into the realms of life beyond this physical plane There are also metaphysical themes running through this novel with detailed descriptions of chakra meditations as necessary preparations for Virgil to enter into the realms beyond the first plane of physical life The dark side of human nature is explored but mostly in the context of an adventure story about the Coruscus known as Virgil and his warrior companion known as Glaiden The story describes how their relationship was developed and how their efforts to evade the overwhelming Roman forces of the rouge Coruscus known as Baracore When evasion is no longer an option battles ensue [A Spiritual Hypothesis](#) Daniel Punzak,2017-04-06

Rimson,2022-11-03 The content of this book has the intent to somehow expose the nature of God and his unparalleled ability to laugh God s initial purpose and the most visible reason for God laughing in contrast to scripture is really only displayed for one reason and that is when he makes fun and laughs at the calamity of the unrighteous because he sees that their day is coming for recompense and retribution However in conjunction with God laughing at the wicked in regards to their sinister plots to eradicate God s choice people God also displays a sense of humor when he deals divinely and sovereignly with his children even though his sense of humor is oftentimes dry It s God s unique humor nonetheless However it is this godly sense of humor that periodically leaves us his children chuckling at his ideologies his peculiar way of doing things **The Furniture Being** Simon Ingsworth,2025-04-03 Alexander who is grieving the loss of his mother feels alone and isolated His days consist of lying in bed watching tv and
