Light Ahead for the Negro Edward A. Johnson,2021-06-08

Light Ahead for the Negro 1904 is a novel by Edward A Johnson Written while Johnson was working as an assistant U S Attorney in North Carolina the novel is a groundbreaking work of speculative fiction and Afrofuturism from a pioneering African American politician and lawyer I glanced through the floor but the earth was almost indistinguishable and was disappearing rapidly There was absolutely nothing that I could do I looked up again at my friend who was clambering up rather clumsily I remember thinking at the moment Involuntarily I closed my eyes for a moment When I opened them again he was gone My feelings were indescribable I commenced to lose consciousness owing to the altitude and the ship was ascending more rapidly every moment Finally I became as one dead The son of an abolitionist applies to work at a school for African American children in Georgia In June 1906 he joins a wealthy friend on a flight from New York City to Mexico boarding an experimental airship at a West 59th Street pier When an instrument failure sends them spiraling into the upper atmosphere the narrator loses consciousness One hundred years later he lands on a lawn in Georgia awakening to discover a utopian society in which anti blackness has been completely eradicated With a beautifully designed cover and professionally typeset manuscript this edition of Edward A Johnson s Light Ahead for the Negro is a classic work of African American literature reimagined for modern readers

Charles N. Hunter and Race Relations in North Carolina John H. Haley,2014-07-02 Charles N Hunter one of North Carolina s outstanding black reformers was born a slave in Raleigh around 1851 and he lived there until his death in 1931 As public school teacher journalist and historian Hunter devoted his long life to improving opportunities for blacks A political activist but never a radical he skillfully used his journalistic abilities and his personal contacts with whites to publicize the problems and progress of his race He urged blacks to ally themselves with the best of the white leaders and he constantly reminded whites that their treatment of his race ran counter to their professed religious beliefs and the basic tenets of the

American liberal tradition By carefully balancing his efforts Hunter helped to establish a spirit of passive protest against racial injustice John Haley's compelling book largely based on Hunter's voluminous papers affords a unique opportunity to view race relations in North Carolina through the eyes of a black man It also provides the first continuous survey of the black experience in the state from the end of the Civil War to the Great Depression an account that critiques the belief that race relations were better in North Carolina than in other southern states
