To Light the Sabbath Candles Christine Graef, 2018-09-13 Keeping the Sabbath is the only commandment God called holy and said to remember The moment the women light the Sabbath candle we glimpse the boundless realm of the world to come as all work is put down and we meet with the Lord The flame reveals our distinctions and makes known our gifts a flame that spoke from Mount Sinai led the Israelites through the desert consumed offerings and anointed the new church Jesus said Come Let anyone who hears this say Come He opens his kingdom with generous hospitality an invitation to a place at the table for anyone called to reconcile the wild and natural branches of the olive tree Under the shared commandment to know God the radiance is drawing together a family at his table in an unprecedented movement bringing Jew and Gentile into the one new humanity Jesus prayed for us to be Sabbath is the only ritual listed in the ten commandments In it he has set a table before us in the presence of the enemy who tried to divide the wholeness of the body of Christ the feminine importance in bringing light and the sacredness of heritage      Sayings of the Ancestors John Holmes McDowell, 2021-11-21 The Sibundoy valley of southwestern Colombia is the home of a unique Indian culture one that blends Incan elements with those of the aboriginal natives Moreover Sibundoy bridges two domains the Andean highlands and the Amazonian basin and inter mixed with all of these elements are European influences particularly folk and orthodox Catholicism From this cultural enclave John

McDowell presents here a body of oral material collected from the Santiago Ingano community. This corpus of material is made up of some 200 sayings of the ancestors, proverb-like statements many concerned with dreams and the forecasting of future events. From an analysis of these sayings emerges a cosmological view of the Sibundoy Indians, a glimpse of their spiritual world. It is a world where spirits constantly impinge on the activities of everyday life. It is a world where the sayings can both warn of spiritual sickness and offer the way to spiritual health. For the Sibundoy, the sayings go back to the first people, the ancestors who established for all time the models for a proper life. The study of the sayings is rounded out with references to the parallel fields of mythology and folk medicine as these contribute to a clearer understanding of their roles and functions in Sibundoy life. Sayings of the Ancestors provides a fascinating body of original folkloric and ethnographic material from a unique cultural locus. It is also an engrossing demonstration that what seems a miscellaneous group of small beliefs can be seen as the components of a larger world order. The book and its interpretive findings will be a valuable resource for folklorists, anthropologists, and many Latin Americanists.

**THE SPIRITUAL MIND OF CHRIST** Kiiza Smith, 2020-10-17. THE WAY TO LIVE WITH THE MIND OF CHRIST: one of the greatest revelations of my life is I can choose my thoughts and think things on purpose. In other words, I don't have to just think about whatever falls into my mind. This was a life-changing revelation for me because as Proverbs 23:7 says, "As he a man thinks in his heart, so is he." I like to say it like this: Where the mind goes, the man follows. Now God is concerned about the hidden man of the heart, which is our inner life. Our inner life is what we think about. And like the scripture above says, the way we think determines how we live and who we are. That's why we need to think about what we're thinking about. It's so important for us to understand this because if we don't learn how to take every thought captive to the obedience of Christ, see 2 Corinthians 10:4-5, we won't live the life Jesus died to give us: a life of peace with God, peace with ourselves, great relationships, real joy, and the ability to become all God has created us to be. It comes down to choosing to believe what God says, the truth, more than we believe our feelings, what other people say, or our circumstances.

*The Invisible Wounded Warriors in a Nation at Peace* Jan Grimell, 2022. Although there has not been war in Swedish territory for many years, this does not mean that the country has no veterans who have experienced the challenges of war zone deployments or suffer from combat trauma. *The Invisible Wounded Warriors in a Nation at Peace* gives a rare look at the international operations of the Swedish military while offering the reader a unique and deeper understanding of life with PTSD. The book uses terms such as moral injury to further describe the complexity. Complex PTSD after deployment in a conflict zone is a uniquely complicated web of problems that can have medical, psychological, moral, existential, and spiritual dimensions. The book discusses what this might mean from an identity and pastoral care perspective.
