*Candles in the Dark* Margaret Cooper Brinton, 1968      *Dark Nights, Bright Lights* Susanne Bach, Folkert Degenring, 2015-10-16

Light and darkness shape our perception of the world. This is true in a literal sense but also metaphorically in theology, philosophy, literature, and the arts. The light of day signifies life, safety, knowledge, and all that is good, while the darkness of the night suggests death, danger, ignorance, and evil. A closer inspection, however, reveals that things are not quite so clear-cut and that light and darkness cannot be understood as simple binary opposites. On a biological level, for example, daylight and darkness are inseparable factors in the calibration of our circadian rhythms, and a lack of periodical darkness appears to be as contrary to health as a lack of exposure to sunlight. On a cultural level, too, night and darkness are far from being universally condemnable. In fiction, drama, and poetry, the darkness of the night allows not only nightmares but also dreams; it allows criminals to ply their trade and allows lovers to meet; it allows the pursuit of pleasure as well as deep thought; it allows metamorphoses, transformations, and transgressions unthinkable in the light of day. But night is not merely darkness. The night gains significance as an alternative space, as an other of the day, only when it is at least partially illuminated. The volume examines the interconnection of night, darkness, and nocturnal illumination across a broad range of literary texts. The individual essays examine historically specific light conditions in literature, tracing the symbolic and metaphoric content of darkness and illumination and the attitudes towards them.

*Light Up the Dark* Douglas A. Balzer, 2021-11-30

The power of darkness remains notably present in our world. The ministries of healing and deliverance have always been intended to function as primary signs of Christ's advancing Kingdom of Light. Yet why were they so prolific during the time of Christ and the Early Church but distant today? How might we reclaim these while avoiding the ditches that harmed the church in the past? How might we re-establish healing and deliverance as critical facets to disciple-making? Balzer leads you on this exploratory journey, considering the foundation of scripture, history, and evidence-based research. Numerous recommendations are given to forming these expressions in a healthy, balanced, and reproducible manner. Jesus desires to light up the dark.
