Lilian39s Story:

Katie and Alex Alison Maloney,2010 **Briella in the Skye** ,Daniel,Gabrielle Low Illustrated by Daniel Low,2022-03-08
Shortly after Christmas 2020 we were told by our doctor that he saw a little more fluid than normal in the baby s head
Concerned he sent us to a specialist at twenty two weeks The specialist did an ultrasound About thirty minutes later I was
taken back to his office to speak about what he saw Due to COVID 19 my husband couldn t be there Without offering to call
my husband the doctor told me our baby s head was swollen with fluid because she never developed brain tissues Also
because her brain didn t develop other parts of her vital organs had defects Some of those defects included the loss of the
function to swallow part of her heart having defects and her face and toes being abnormally formed I didn t cry in his office
probably due to shock Briella s swollen head was putting my life in danger and could have been fatal if I kept her any longer
The sense of urgency was unfathomable and devastating Having to lose our baby that we wanted so badly and for whom we
waited three years broke us There are very few people who talk about child loss because it s so hard and painful People don t
know how to react to us Once we started to tell our story we realized that losing a child at any stage is a lot more common
than we thought We wanted to write this book to offer awareness and a different perspective **Filling a Little Space:**
