conflict generated by long standing divisions and new rivalries A postwar generation of intellectuals and artists led by Jos Carlos Mari tegui and galvanized by left wing thinking and an avant garde aesthetic sought representation in the fields of politics and the arts to realize the modernizing potentialities opened up by a Positivist oligarchy New political and artistic conceptions raised their awareness of the fractured sense of nationhood in Peru and the need for a new project of nation formation based on a common political and cultural consciousness Crucially this gave rise to divergent political and artistic positions and practices Mari tegui s Indigenist Marxist politics and Modernist inspired poetics through his influential journal Amauta were pivotal in revitalizing conciliating and channeling those of his cohorts and challengers Comprising six full length chapters a comprehensive introduction and conclusion this monograph is ambitious in scope and depth It provides fresh readings of key writings of Mari tegui one of Latin America s most important and revolutionary political cultural and aesthetic theorists through the lens of his poetics emphasizing the value of this approach for a fuller understanding of his work s political meaning and impact It does so through detailed analysis of the poetic expressive language employed in seminal political essays aimed at forging a new Marxist position in 1920s Peru Furthermore it offers powerful and original critiques of under studied intellectuals of this time especially aprista Futurists Socialists and Indigenists including female writers and artists such as Magda Portal ngela Ramos and Julia Codesido whose work he championed These readings are fully contextualized in terms of detailed critical study of complex sociopolitical conditions and positions and biographical intellectual backgrounds of Mari tegui and his contemporaries This monograph underscores the fundamental importance of Mari tegui in the development of political and artistic practices and projects that shaped a national shared yet also heterogeneous political culture and cultural tradition in Peru during and after his lifetime **Resistance and the City**

Be Centered in Christ and Not in Self Angelyn Dries,2017-07-25 The story of the one hundred years 19182018 of the Missionary Society of St Columban is filled with adventure stress and danger with the

humdrum of daily life with martyrs twenty seven of them thus far including Columban Sister Joan Sawyer with innumerable personal and society global connections and issues with men who went from the familiarity of daily life and people they knew to lands and people unknown to bring the good news The story is charged with humor and courage along with faith hope and love The people in this story lived within particular national histories and an evolving global Christianity The history of the US region of the Missionary Society of St Columban interacts with movements of Catholic and American history These contexts influenced the ability of the Columbans to grow in the United States to provide desperately needed resources for the missions and to further Catholic engagement in the mission *Bringing Law Home* Katherine Eva Maich,2025-08-05 The personal nature of domestic labor and its location in the privacy of the employer s home means that domestic workers have long struggled for equitable and consistent labor rights The dominant discourse regards the home as separate from work so envisioning what its legal regulation would look like is remarkably challenging In *Bringing Law Home* Katherine Eva Maich offers a uniquely comparative and historical study of labor struggles for domestic workers in New York City and Lima Peru She argues that if the home is to be a place of work then it must also be captured in the legal infrastructures that regulate work Yet even progressive labor laws for domestic workers in each city are stifled by historically entrenched patterns of gendered racialization and labor informality Peruvian law extends to household workers only half of the labor protections afforded to other occupations In New York City the law grants negligible protections and deliberately eschews language around immigration Maich finds that coloniality is deeply embedded in contemporary relations of service revealing important distinctions in how we understand power domination and inequality in the home and the workplace **British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain** ,2005 **The Oxford Critical and Cultural History of Modernist Magazines** Peter Brooker,Andrew Thacker,2009 A study of the role of little magazines and their contribution to the making of artistic modernism and the avant garde across Europe this volume is a major scholarly achievement of immense value to those interested in material culture of the 20th century [Encyclopedia of Latin American and Caribbean Literature, 1900-2003](#) Daniel Balderston,Mike Gonzalez,2004 The *Encyclopedia of Twentieth Century Latin American and Caribbean Literature 1900-2003* draws together entries on all aspects of literature including authors critics major works magazines genres schools and movements in these regions from the beginning of the twentieth century to the present day With more than 200 entries written by a team of international contributors this Encyclopedia successfully covers the popular to the esoteric The Encyclopedia is an invaluable reference resource for those studying Latin American and or Caribbean literature as well as being of huge interest to those following Spanish or Portuguese language courses **The Generation of '72** Brantley Nicholson,Sophia A. McClennen,2014-03-21 Caught between the well worn grooves the Boom and the Gen X have left on the Latin American literary canon the writing intellectuals that comprise what the Generation of 72 have not enjoyed the same editorial acclaim or philological framing as the literary cohorts that bookend them In

sociopolitical terms they neither fed into the Cold War inflected literary prizes that sustained the Boom nor the surge in cultural capital in Latin American cities from which the writers associated with the Crack and McOndo have tended to write This book seeks to approach the Generation of 72 from the perspective of cosmopolitanism and global citizenship a theoretical framework that lends a fresh and critical architecture to the unique experiences and formal responses of a group of intellectuals that wrote alongside globalization s first wave
