## **Lincolns Ababins Their Trial And Execution:**

*Lincoln's Assassins* James L. Swanson, Daniel Weinberg, 2008-05-20 This definitive illustrated history of Abraham Lincoln's assassination follows the shocking events from the tragic scene at Ford's Theatre to the trial and execution of John Wilkes Booth's coconspirators. Few remember them today but once the names Mary Surratt, Lewis Powell, David Herold, George Atzerodt, Edman Spangler, Samuel Arnold, Michael O'Laughlin, and Dr. Samuel Mudd were the most reviled and notorious in America. In *Lincoln's Assassins*, James L. Swanson and Daniel R. Weinberg present an unprecedented visual record of almost three hundred contemporary photographs, letters, documents, prints, woodcuts, newspapers, pamphlets, books, and artifacts many hitherto unpublished. These rare materials evoke the popular culture of the time, record the origins of the Lincoln myth, take the reader into the courtroom and the cells of the accused, document the beginning of American photojournalism, and memorialize the fates of the eight conspirators.

**Lincoln's Assassins** James L. Swanson, Daniel R. Weinberg, 1990 *The Lincoln Assassination Conspirators* Edward Steers, Jr., Edward Steers, Harold Holzer, 2009-03-15 On May 1, 1865, two weeks after Abraham Lincoln's assassination, recently inaugurated president Andrew Johnson appointed John Frederick Hartranft to command the military prison at the Washington Arsenal where the U.S. government had just incarcerated the seven men and one woman accused of complicity in the shooting. From that day through the execution of four of the accomplices, the Pennsylvania-born general held responsibility for the most notorious prisoners in American history. A strict adherent to protocol, Hartranft kept a meticulously detailed account of his experiences in the form of a letterbook. In *The Lincoln Assassination Conspirators*, noted Lincoln scholars Edward Steers Jr. and Harold Holzer, in partnership with the National Archives, present this fascinating historical record for the first time with contextual materials and expert annotations providing a remarkable glimpse behind the scenes of the assassination's aftermath. Hartranft oversaw every aspect of the prisoners' daily lives, from making sure they were fed and kept clean to ensuring that no one communicated with them except on the written orders of Secretary of War Edwin M. Stanton. In his Letterbook, Hartranft scrupulously recounts the arrival of each prisoner and describes the prison routine which included three simple meals a day, a twice-daily cell inspection by Hartranft himself, and frequent physical examinations by an army physician. The prisoners wore wrist and leg shackles, and controversially, most of them wore special hoods designed to isolate them from their surroundings. When the conspirators' trial began, the nation waited eagerly for news, and many sought retribution against those they held responsible for the nation's grief. Hartranft resisted calls for both vengeance and mercy and continued to treat his notorious charges as humanely as possible, facilitating meetings with clergy and sending letters to and from family members. Yet, as his detached, detailed description of the execution of four of the conspirators shows, he did not allow emotion to impede the performance of his duty. The legal and moral issues surrounding the conspirators' trial, the extraordinary use of military rather than civil justice, the treatment of the accused while incarcerated, the fine line between swift and precipitous justice, remain volatile, unsettled.

issues today Hartranft's keen observations ably analyzed by historians Steers and Holzer will add a riveting new chapter to the story of Lincoln's assassination *Abraham Lincoln's Execution* John Chandler Griffin, 2006 Lincoln was not assassinated he was ordered executed by fellow politicians and military leaders because he wanted to welcome the Southern states back into the Union with their full constitutional rights restored Threatened by this and other possibilities of clemency for the South Vice Pres Andrew Johnson Secretary of War Edwin Stanton and the U S chief of the National Detective Police Lafayette Baker took action to ensure that this would not occur A chapter is dedicated to the secret papers of Baker and the crucial role he played in Lincoln's murder Baker's notes reveal that he worked with Booth to arrange the assassination and outline a widespread conspiracy among politicians and military leaders This evidence first published in Civil War Times magazine in 1961 is reproduced here in its entirety including the actual deciphered text from Baker's secret notes Presenting incriminating evidence against the above conspirators biographies of lesser known players in the assassination plot and John Wilkes Booth's role as a pawn *Abraham Lincoln's Execution* offers new perspectives on the murder that continues to intrigue historians Details about Stanton's motivations to replace Cameron as Secretary of War and the facts about Lincoln's order to amass the Virginia assembly to end military action in Virginia are also presented shedding new light into one of American history's darkest corners Publisher's website **The Assassination of President Lincoln and the Trial of the**
