

Finding Virtue's Place
Examining America's Civic Life

S. Lance Denning

Finding Virtues Place Examining Americas Civic Life

Paul Kantor, Dennis R. Judd

Finding Virtues Place Examining Americas Civic Life:

IBSS Compiled by the British Library of Political and Economic Science, 2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **Finding Virtue's Place** S. Lance Denning, 1999-12-30 The revival of America s civic life is one of the most popular proposals to cure the host of social and political ills that plague contemporary life The thinking is that many of our social problems including drug abuse crime divorce and welfare dependency are the products of an individualistic culture that no longer joins together to solve its collective problems Individualism has devolved into selfishness and private rights take precedent over any collective good As one analyst states our once demanding virtues have turned into relativized values and the loss of social demands allow people to act in ways destructive of the general welfare Denning examines in detail today s civic virtue debate and the main proponents of this agenda He argues that the conservative focus on moral behavior excludes other essential factors that contribute to social changes that affect America s civic behavior Instead of recalling some halcyon civic benchmark he addresses today s problems in the context of the social changes that contribute mixed results to America s collective action One fundamental change gives greater power to people in the Jeffersonian tradition to determine how they choose to govern themselves Equally important after a brief review of what happens in today s local communities across the country Denning challenges the diatribe that America lacks civic virtue Moreover as America struggles with growing economic inequality its civic life mirrors the growing disparity in wealth As suburbia displays some hallmarks of traditional civic activity inner cities develop civic activities out of utter necessity to fend off the ills of crime drugs poverty and economic desperation **Special Issue:**

Guide to Election 2000 , AJPS American Journal of Political Science , 2000 The Journal of American History Organization of American historians, 2000 **Bibliographie Internationale de Science Politique** , 2000

Forthcoming Books Rose Arny, 2000 *The British National Bibliography* Arthur James Wells, 2000 **Pews, Prayers, and Participation** Corwin E. Smidt, 2008 Pews Prayers and Participation Religion and Civic Responsibility in America offers a fresh approach to key questions about what role religion plays in fostering civic responsibility in contemporary American society In the course of their study the authors examine whether an individual exhibits a diminished a privatized a public or an integrated form of religious expression based on the individual s level of participation in both the public worship or private prayer dimensions of religious life They question whether the privatization of religious life is counterproductive to engagement in public life and they show that religion does indeed play a significant role in fostering civic responsibility across each of its particular facets From publisher description **Bibliographic Index** , 2001

American Urban Politics in a Global Age Paul Kantor, Dennis R. Judd, 2015-10-05 Bringing together a selection of readings that represent some of the most important trends and topics in urban scholarship today American Urban Politics

provides historical context and contemporary commentaries on the economy politics culture and identity of American cities This seventh edition examines the ability of highly autonomous local governments to grapple with the serious challenges of recent years challenges such as the stresses of the lingering economic crisis and a series of recent natural disasters Features Each chapter is introduced by an editor s essay that places the readings into context and highlights their central ideas and findings Division into three historical periods emphasizes both the changes and continuities in American urban politics over time The reader is the perfect complement for Judd Swanstrom s City Politics The Political Economy of Urban American 7 e also available in a new edition ISBN 0 205 03246 X

Democracy in Suburbia J. Eric Oliver, 2021-01-12 Suburbanization is often blamed for a loss of civic engagement in contemporary America How justified is this claim Just what is a suburb How do social environments shape civic life Looking beyond popular stereotypes *Democracy in Suburbia* answers these questions by examining how suburbs influence citizen participation in community and public affairs Eric Oliver offers a rich engaging account of what suburbia means for American democracy and in doing so speaks to the heart of widespread debate on the health of our civil society Applying an innovative unusually rigorous mode of statistical analysis to a wealth of unique survey and census data Oliver argues that suburbs by institutionalizing class and racial differences with municipal boundaries transform social conflicts between citizens into ones between political institutions In reducing the incentives for individual political participation suburbanization has negated the benefits of small town government and deprived metropolitan areas of valuable civic capacity This ultimately increases prospects of serious social conflict Oliver concludes that we must reconfigure suburban governments to allow seemingly intractable issues of common metropolitan concern to surface in local politics rather than be ignored as cross jurisdictional And he believes this is possible without sacrifice of local government s advantages Scholars and students of political science sociology and urban affairs will prize this book for its striking findings its revealing scrutiny of the commonplace and its insights into how the pursuit of the American dream may be imperiling American democracy

Fixing American Politics Roderick Hart, 2021-11-29 *Fixing American Politics* Solutions for the Media Age brings together original chapters from 34 noted scholars from two disciplines political science and communication asked to identify the most pressing problems facing the American people and how they can be solved Authors address the questions succinctly and directly with their favored solutions featured in chapter titles that exhort and inspire The book gives the reader much to think about and debate Should news outlets be funded with public money rather than by private enterprise Are the new social media a boon or a bane to political elections Is the American past dead or is it living once again Do churchgoers and environmentalists have anything to discuss Is the FCC doing its job Can political ads be made less toxic Should Fox News be cancelled Should cancel cultures be cancelled Can we become more civil to one another and if so how *Fixing American Politics* poses all the best questions and offers some concrete answers as well This book is perfect for students citizens the media and anyone concerned with contemporary challenges to civic life and discourse today

Restless Souls Leigh Eric Schmidt, 2012-09-05 Yoga classes and Zen meditation New Age retreats and nature mysticism all are part of an ongoing religious experimentation that has surprisingly deep roots in American history Tracing out the country's Transcendentalist and cosmopolitan religious impulses over the last two centuries *Restless Souls* explores America's abiding romance with spirituality as religion's better half Now in its second edition including a new preface Leigh Eric Schmidt's fascinating book provides a rich account of how this open road spirituality developed in American culture in the first place as well as a sweeping survey of the liberal religious movements that touted it and ensured its continued vitality

Religion as Social Capital Corwin E. Smidt, 2003 While Robert Putnam's *Bowling Alone* 2000 highlighted the notion of volunteerism little attention has been paid to religion's role in generating social capital an ironic omission since religion constitutes the most common form of voluntary association in America today Featuring essays by prominent social scientists this is the first book length systematic examination of the relationship between religion and social capital and what effects religious social capital has on democratic life in the United States *Resources in Education*, 1999-04 **The Routledge International Handbook of Multidisciplinary Perspectives on Character Development, Volume II** Michael D. Matthews, Richard M. Lerner, 2024-03-29 Drawing from philosophy religion biology behavioral and social sciences and the arts *The Routledge International Handbooks of Multidisciplinary Perspectives on Character Development Volumes I and II* present cutting edge scholarship about the concept of character across the life span the developmental and contextual bases of character and the key organizations of societal sectors within and across nations that promote character development in individuals families and communities This second volume *Moderators Threats and Contexts* focuses on the moderators and covariates of character development with chapters pertaining to cultural and contextual based exemplars of character development grit achievement and resilience hope for the future and parenting and self regulation With contributions from international experts Volume II goes on to discuss threats to moral positive or virtuous character development as well as the different contexts wherein the character is studied and promoted Special attention is paid to the centers of excellence at universities around the world that specialize in character development research and character education This comprehensive publication is an essential reference for researchers and graduate students in behavioral sciences biology philosophy theology and economics as well as practitioners leading or evaluating character education or character development programs around the world Find Volume I *Conceptualizing and Defining Character* here www.routledge.com/9781032169491

Journalism in the Movies Matthew C. Ehrlich, 2010-10-01 From cynical portrayals like *The Front Page* to the nuanced complexity of *All the President's Men* and *The Insider* movies about journalists and journalism have been a go to film genre since the medium's early days Often depicted as disrespectful hard drinking scandal mongering misfits journalists also receive Hollywood's frequent respect as an essential part of American life Matthew C. Ehrlich tells the story of how Hollywood has treated American journalism Ehrlich argues that films have relentlessly played off the image of the journalist

as someone who sees through lies and hypocrisy sticks up for the little guy and serves democracy He also delves into the genre s always evolving myths and dualisms to analyze the tensions hero and oppressor objectivity and subjectivity truth and falsehood that allow journalism films to examine conflicts in society at large *Journal of Character Education* Marvin W Berkowitz,Jonathan M. Tirrell,2021-09-01 The Journal of Character Education is the only professional journal in education devoted to character education It is designed to cover the field from the latest research to applied best practices We include original research reports editorials and conceptual articles by the best minds in our field reviews of the latest books and other relevant strategies and manuscripts by educators that describe best practices in teaching and learning related to character education The Journal of Character Education has for over a decade been the sole scholarly journal focused on research theory measurement and practice of character education This issue includes a Voices section highlighting the 2017 Character org Sandy Award recipient along with four peer reviewed articles and a book review Congressional Record United States. Congress,1998
