Skins Adrian C. Louis, 2002-10-11 By the end of the twentieth century Adrian C. Louis had become one of the most powerful voices in the canon of Native American literature. *Skins*, his best known work, is now offered by the University of Nevada Press with a new foreword by David Pichaske. It is the early 1990s and Rudy Yellow Shirt and his brother Mogie are living on the Pine Ridge Reservation in South Dakota, home of the legendary Oglala Sioux warrior Crazy Horse. Both Vietnam veterans, the men struggle with daily life on the rez. Rudy, a criminal investigator with the Pine Ridge Public Safety Department, must frequently arrest his neighbors and friends, including his brother, who has become a rez wino. But when Rudy falls and hits his head on a rock while pursuing a suspected murderer, Iktome, the trickster enters his brain. Iktome restores Rudy's youthful sexual vigor, long lost to years of taking high blood pressure pills, and ignites his desire for political revenge via an alter ego, the Avenging Warrior. As the Avenging Warrior, Rudy takes direct action to punish local criminals. In a violent act, he torches the local liquor store, nearly burning Mogie alive while he is hiding on the store's roof, plotting to steal booze. Although the brothers reconcile before Mogie dies, he leaves the Avenging Warrior with one final mission: go to Mount Rushmore and blow the nose off George Washington's face. Louis's critically acclaimed novel was made into a movie in 2002, directed by Chris Eyre.

Another Place Andrew Elkins, 2002 Contending that many good poets live and write in the American West, Andrew Elkins suggests that the western landscape, be it New Mexico desert or Alaskan wilderness, shapes the work that is created there. The place's essence and spirit inevitably become part of the work that flows from the poet's creativity. Elkins examines the work of Peggy Pond Church, John Haines, Adrian C. Louis, Richard Hugo, Jane Hirshfield, and several cowboy poets. Texas Christian University Press.

Classicism and Christianity in Late Antique Latin Poetry Prof. Philip Hardie,2019-08-27 After centuries of near silence Latin poetry underwent a renaissance in the late fourth and fifth centuries CE evidenced in the works of key figures such as Ausonius Claudian Prudentius and Paulinus of Nola This period of resurgence marked a milestone in the reception of the classics of late Republican and early imperial poetry In *Classicism and Christianity in Late Antique Latin Poetry* Philip Hardie explores the ways in which poets writing on non Christian and Christian subjects used the classical traditions of Latin poetry to construct their relationship with Rome s imperial past and present and with the by now not so new belief system of the state religion Christianity The book pays particular attention to the themes of concord and discord the cosmic sense of late antiquity novelty and *renouatio* paradox and miracle and allegory It is also a contribution to the ongoing discussion of

whether there is an identifiably late antique poetics and a late antique practice of intertextuality Not since Michael Robert's classic *The Jeweled Style* has a single book had so much to teach about the enduring power of Latin poetry in late antiquity
