Culture and Customs of Morocco Raphael Chijioke Njoku, 2005-12-30 Moroccan culture today is a blend of Berber African Arab Jewish and European influences in an Islamic state Morocco s strategic position at the tip of North Africa just below Spain has brought these cultures together through the centuries The parallels with African and Middle Eastern countries and other Muslim cultures are drawn as the major topics are discussed yet the uniqueness of Moroccan traditions particularly those of the indigenous Berbers stand out The narrative emphasizes the evolving nature of the storied subcultures With more exposure to Western style education and pop culture the younger generations are gradually turning away from the strict religious observances of their elders General readers finally have a substantive resource for information on a country most known in the United States for the Humphrey Bogart classic Casablanca images of the souks markets hashish and Berber rugs The strong introduction surveys the people land government economy educational system and history Most weight is given to modern history with French colonial rule ending in 1956 and a succession of monarchs since then The discussion of religion and worldview illuminates the Islamic base and Jewish communities but is also notable for the discussion of Berber beliefs in spirits In the Literature and Media chapter the oral culture of the Berbers and the new preference for Western style education and use of French and even English are highlights The Moroccans are renowned as skilled artisans and their products are enumerated in the Art and Architecture Housing chapter along with the intriguing descriptions of casbahs and old quarters in the major cities Moroccans are hospitable and family oriented which is reflected in descriptions of their cuisine and social customs Moroccan women seem to be somewhat freer than others in Muslim countries but the chapter on Gender Roles Marriage and Family shows that much progress is still needed Ceremonies and celebrations are important cultural markers that bring communities together and a wealth of religious national and family rites of passage with accompanying music and dance round out the cultural coverage **Cumulative Book Index** ,1995 A world list of books in the English language **The Standard Periodical Directory** ,1978 This directory may be used to identify specialized trade journals as possible sources of business information or advertising **New Serial Titles** ,1998 A union list of serials commencing publication after Dec 31 1949 **Fodor's North Africa** ,1985 *Whitaker's Cumulative Book List* ,1979 The Publishers' Trade List Annual ,1989 Report of the Secretary of the Senate from ... Staff, 2002-03 A chronological listing of all British

naval vessels lost through accident or enemy action from 1860 to the end of the First World War with full descriptions of the circumstances A sequel to David Hepper s highly valuable British Warship Losses in the Age of Sail which is now the standard reference on the subject this volume carries the coverage forward from the first ironclad to the end of the First World War All losses down to the smallest vessels are included whether caused by accident stress of weather or enemy action and full details of the circumstances are given based on courts of enquiry senior officers reports and other primary source material Many incidents in this volume have never previously been studied in any depth including scores of sinkings during the First World War so the book represents a real and substantial contribution to the subject But it is more than a bald recitation of facts with highly readable entries containing fascinating and little known details There is also a representative selection of photographs showing the variety of fates suffered by warships in this era The organisation is basically chronological but there are full indexes by ship name by commanding officer and by ship type making thematic research that much easier In summary the book is an important new source of reference for the naval history of this period BOOK JACKET
