## **Folklore And Customs Of Rural England:**

**Folklore and Customs of Rural England** Margaret Baker,1977      **British Sources of Information P.**

Jackson,2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual      Stations of the Sun Ronald Hutton,2001-02-15 Comprehensive and engaging this colourful study covers the whole sweep of ritual history from the earliest written records to the present day From May Day revels and Midsummer fires to Harvest Home and Hallowe en to the twelve days of Christmas Ronald Hutton takes us on a fascinating journey through the ritual year in Britain He challenges many common assumptions about the customs of the past and debunks many myths surrounding festivals of the present to illuminate the history of the calendar year we live by today      *Killing Tradition* Simon J. Bronner,2008-11-21 Across the country and around the world people avidly engage in the cultural practice of hunting Children are taken on rite of passage hunting trips where relationships are cemented and legacies are passed on from one generation to another Meals are prepared from hunted game often consisting of regionally specific dishes that reflect a community s heritage and character Deer antlers and bear skins are hung on living room walls decorations and relics of a hunter s most impressive kills Only 5 percent of Americans are hunters but that group has a substantial presence in the cultural consciousness Hunting has spurred controversy in recent years inciting protest from animal rights activists and lobbying from anti cruelty demonstrators who denounce the custom But hunters have responded to such criticisms and the resulting legislative censures with a significant argument in their defense the claim that their practices are inextricably connected to a cultural tradition Further they counter that they as representatives of the rural lifestyle pioneer heritage and traditional American values are the ones being victimized Simon J Bronner investigates this debate in *Killing Tradition Inside Hunting and Animal Rights Controversies* Through extensive research and fieldwork Bronner takes on the many questions raised by this problematic subject Does hunting promote violence toward humans as well as animals Is it an outdated activity unnecessary in modern times Is the heritage of hunting worth preserving *Killing Tradition* looks at three case studies that are at the heart of today s hunting debate Bronner first examines the allegedly barbaric rituals that take place at deer camps every late November in rural America He then analyzes the annual Labor Day pigeon shoot of Hegins Pennsylvania which brings animal rights protests to a fever pitch Noting that these aren t simply American concerns and that the animal rights movement in America is linked to British animal welfare protests Bronner examines the rancor surrounding the passage of Great Britain s Hunting Act of 2004 the most comprehensive and divisive

anti hunting legislation ever enacted The practice of hunting is sure to remain controversial as it continues to be touted and defended by its supporters and condemned and opposed by its detractors With *Killing Tradition* Bronner reflects on the social psychological and anthropological issues of the debate reevaluating notions of violence cruelty abuse and tradition as they have been constructed and contested in the twenty first century **Staffordshire Folk Tales** Johnny Gillett,2011-11-30 These lively and entertaining folk tales from one of Britain s most fascinating counties are vividly retold by local storyteller The Journey Man Their origins lost in the oral tradition these thirty stories from Staffordshire reflect the wisdom and eccentricities of the county and its people Staffordshire has a rich and diverse collection of tales from the stories of some of Britain s most famous mythical heroes to tales of demons dragons boggarts and brownies These stories illustrated with twenty five line drawings bring alive the landscape of the county s moorlands forests and fertile plains **The Living Stream** James Rattue,2001 This is the first general history of wells and their religious and cultural associations The author begins in ancient times exploring the archetypal motifs present in the cult of water He then goes on to trace the development of holy wells in England *Witchcraft, magic and culture 1736-1951* Owen Davies,2024-06-04 The only serious study of witchcraft and magic from 1736 to 1951 Brings together matters ranging from upper class spiritualism to rural witchcraft in an exciting and intellectually stimulating way Essential reading for all social historians and all h **The Vanishing Countryman** G. E. Mingay,2021-06-23 First published in 1989 The Vanishing Countryman investigates how farmers farm workers and other country crafts and tradespeople have fared in response to significant changes across the British countryside in the past one hundred years The book explores the move towards large scale and capital intensive farming and the conflict between increased production and damage to the environment It looks at the decline in the number of farm workers crafts and tradespeople It also considers the changes in social composition across country villages and the impact that this has had on living standards housing and transport The Vanishing Countryman will appeal to those with an interest in rural and social history and in the history of the British countryside specifically **Damnable Practises: Witches, Dangerous Women, and Music in Seventeenth-Century English Broadside Ballads** Sarah F. Williams,2016-03-09 Broadside ballads folio sized publications containing verse a tune indication and woodcut imagery related cautionary tales current events and simplified myth and history to a wide range of social classes across seventeenth century England Ballads straddled and destabilized the categories of public and private performance spaces the material and the ephemeral music and text and oral and written traditions Sung by balladmongers in the streets and referenced in theatrical works they were also pasted to the walls of local taverns and domestic spaces They titillated and entertained but also educated audiences on morality and gender hierarchies Although contemporaneous writers published volumes on the early modern controversy over women and the English witch craze broadside ballads were perhaps more instrumental in disseminating information about dangerous women and their acoustic qualities Recent scholarship has explored the representations of witchcraft and

malfeasance in English street literature until now however the role of music and embodied performance in communicating female transgression has yet to be investigated Sarah Williams carefully considers the broadside ballad as a dynamic performative work situated in a unique cultural context Employing techniques drawn from musical analysis gender studies performance studies and the histories of print and theater she contends that broadside ballads and their music made connections between various degrees of female crime the supernatural and cautionary tales for and about women **The Clues in the Fjord** Satu Rämö,2024-10-10 THE CORRECT EBOOK IS NOW AVAILABLE FOR PURCHASE Satu R m s Hildur series is a wildly successful publishing phenomenon that has put the genre of Nordic blue on Europe s literary map The Guardian Atmospheric and startlingly original Sunday Times Hildur R narsdottir is the only police detective working on the isolated west coast of Iceland She is desperate to forget her traumatic past by burying herself in her cases alongside her new trainee Jakob Johanson But Jakob s life has its own complications and it soon becomes clear that neither can run from their pasts for long When a local man is found with his throat slit underneath an avalanche that has buried much of the evidence Hildur and Jakob must set their own problems aside and unravel the dark secrets to expose a killer Translated by Kristian London Praise for Satu R m Hildur R narsd ttir a police detective who surfs the icy waters of Iceland barrels into the genre like a tsunami This book must be read in one sitting Max Seck NYT and Der Spiegel bestselling author R m plans to continue Hildur s story and if she does it as well as in this her debut novel she may become a significant new name in Nordic crime fiction Helsingin Sanomat Something Wicked Carol Ann Lee,2024-10-10 On 20 August 1612 ten people from Pendle were executed before a vast crowd at Lancaster s Gallows Hill The condemned and their associates had endured six months of accusations imprisonment and torture their treatment was such that one of the group died in Lancaster Castle s dungeons while awaiting trial Today a thriving tourism industry exists in and around Pendle the former home of the so called witches yet virtually everything we know about the case originates from a single source Thomas Potts Wonderful Discoverie of Witches hurriedly published in 1613 and distinctly skewed in favour of the prosecution Until now Sunday Times bestselling author Carol Ann Lee brings an entirely fresh perspective to the story by approaching it as true crime Having worked in the genre for more than a decade her research leads to revelatory discoveries transforming our knowledge of those shadowy figures behind ill famed names and the terrible events that befell them After four centuries of superstition and surmise the two central warring families each headed by a fiercely independent widow working as cunning women emerge fully formed as the book uncovers the reality of their lives and their alleged crimes before exploring the trial and executions Along the way we uncover the truth behind some of the story s most enduring mysteries the legend of Malkin Tower and the final resting place of the Pendle witches This is a ground breaking book that will take the reader on a spellbinding journey into the dark heart of England s largest and most notorious witch trial *Art of Death* Nigel Llewellyn,2013-06-01 How did our ancestors die Whereas in our own day the subject of death is usually avoided in pre Industrial England the rituals and

processes of death were present and immediate People not only surrounded themselves with memento mori they also sought to keep alive memories of those who had gone before This continual confrontation with death was enhanced by a rich culture of visual artifacts In *The Art of Death* Nigel Llewellyn explores the meanings behind an astonishing range of these artifacts and describes the attitudes and practices which lay behind their production and use Illustrated and explained in this book are an array of little known objects and images such as death s head spoons jewels and swords mourning rings and fans wax effigies church monuments Dance of Death prints funeral invitations and ephemera as well as works by well known artists including Holbein Hogarth and Blake

*Dictionary of Plant Lore* D.C. Watts,2007-05-02 Knowledge of plant names can give insight into largely forgotten beliefs For example the common red poppy is known as Blind Man due to an old superstitious belief that if the poppy were put to the eyes it would cause blindness Many plant names derived from superstition folk lore or primal beliefs Other names are purely descriptive and can serve to explain the meaning of the botanical name For example Beauty Berry is the name given to the American shrub that belongs to the genus *Callicarpa* *Callicarpa* is Greek for beautiful fruit Still other names come from literary sources providing rich detail of the transmission of words through the ages

Conceived as part of the author s wider interest in plant and tree lore and ethnobotanical studies this fully revised edition of Elsevier s *Dictionary of Plant Names and Their Origins* contains over 30 000 vernacular and literary English names of plants Wild and cultivated plants alike are identified by the botanical name Further detail provides a brief account of the meaning of the name and detailed commentary on common usage Includes color images Inclusive of all Latin terms with vernacular derivatives The most comprehensive guide for plant scientists linguists botanists and historians

*Cunningham's Encyclopedia of Magical Herbs* Scott Cunningham,1985 A comprehensive guide to the magical use of over 400 herbs and plants from all over with details on aspects of magic Herbalism

**A Book of Feasts and Seasons** Joanna Bogle,1992 A Book of Feasts and Seasons recaptures the lost traditions surrounding major feasts and festivals every occasion of the Christian Year

**Cunningham's Encyclopedia of Wicca in the Kitchen** Scott Cunningham,2012-04-08 From the author of *Wicca A Guide for the Solitary Practitioner* a guide that s fascinating for anyone who is interested in food or magic or both

Marion Zimmer Bradley New York Times bestselling author There s a reason caviar has a reputation as a love food but a little vanilla or peppermint can work wonders too You ll savor mushrooms like never before after experiencing their intuitive raising effects and a bunch of celery will resonate with new meaning as it boosts your sexual desire and psychic awareness

Virtually any item in your pantry can be used for personal transformation From artichokes to kidney beans to grape jelly food contains specific magical energies you can harness for positive results This encyclopedia of food magic offers twenty seven of Scott Cunningham s favorite recipes Magical menus for more than ten desired goals including love protection health money and psychic awareness are provided as well This commemorative edition also presents special features and articles celebrating Scott Cunningham s remarkable life An absolute must have book whether you are Wiccan or not The information

within these pages is invaluable to a Witch and researcher in the field of food lore SacredSpiral.com      **The Complete Book of Spells, Curses, and Magical Recipes** Leonard R. N. Ashley, 2011-10-10 Do you want to cast a spell on a suitor banish a ghost cure a toothache or harvest protective herbs If so this is the book for you The Complete Book of Spells Curses and Magical Recipes explains how men and women throughout history have invoked the supernatural for specific uses and provides information about the history of witchcraft magical recipes and occult practices from ancient to modern times Here is a comprehensive and enlightening guide to the rites rituals and magic of cultures throughout time      **Julius Caesar** Richard Wilson, 2017-04-29 Julius Caesar A New Casebook provides students and academics with a selection of important essays by leading contemporary critics on Shakespeare's first Globe play New historicist feminist psychoanalytic and Marxist readings of the tragedy have been chosen to highlight the urgency with which this drama of prophecy interpretation and political crisis speaks to twenty first century concerns about democracy the media and mass communication      The Treadwell's Book of Plant Magic Christina Oakley Harrington, 2023-04-03 The Treadwell's Book of Plant Magic is a marvel of a volume sure to arm any witch or anyone actually with the knowledge they need to infuse their lives with plant enchantments of all sorts This is the wise and wondrous herbal reference book we have been waiting for Pam Grossman author of Waking the Witch Reflections on Women Magic and Power In The Treadwell's Book of Plant Magic author Christina Oakley Harrington founder of the renowned Treadwell's Books in London focuses exclusively on the magical powers attributed to the plants She has sifted through hundreds of traditional sources to create a rare compendium of the old ways in which plants have been used to achieve love win competitions become invisible gain good luck achieve success receive protection and more The book also offers practical updates to the old uses which the modern reader will find easy to carry out The Problems and Solutions section suggests the appropriate plant or plants for almost any circumstance one could face in life Each spell is carefully cited to its traditional source to aid the reader in further study      **Subject Catalog** Library of Congress,
