From Soul To Self:

From Soul to Self James Crabbe, 2012-09-10 *From Soul to Self* takes the reader on a fascinating journey through philosophy theology religious studies and physiological sciences Each of the essays drawn from a number of different fields focuses on the idea of the soul and of our sense of ourselves A stellar line up of authors explore the relationship between a variety of ideas that have arisen in philosophy religion and science each idea seeking to explain why we think that we as individuals are somehow distinct and unique Contributors Richard Sorabji Anthony Kenny Kallistos Ware Peter Riviere Gary Matthews Susan Greenfield Galen Strawson **Warning!** P. A. Ransom, 2019-01-10 *Warning Reality May Not Be Compatible with Your Worldview* explains how the most significant event in human history was the awakening of intellectual consciousness and the ability to make informed decisions based on careful observation logic and critical reasoning Author P A Ransom explores the evolution of the brain what reality is and how we search for it in our complex world He addresses the question of our assumptions about truth and faith and how when faith is added to the equation it can destroy the credibility of anything it wishes We all live in a world that is constructed in the mind Our senses tell us that the world is real We just accept as fact that what our senses reveal to us is not an illusion Yet even our senses can be tricked if you have experienced an illusion like a magic trick or special effects you know how easily the brain can be deceived What we think we know is sometimes far from the truth No matter how well considered our knowledge is it is always subject to change as our understandings evolve It would be prudent then to reexamine our beliefs *Warning Reality May Not Be Compatible with Your Worldview* exposes the truth about dogma and rituals that lead our minds into delusional beliefs When we embrace ignorance we turn our backs on truth and close our minds to new ideas and discoveries **The Unconscious Abyss** Jon Mills, 2002-08-01 The first extended treatment of Hegel's theory of the unconscious and his anticipation of Freud
