Summary of From Strength to Strength by Arthur C. Brooks: Finding Success, Happiness, and Deep Purpose in the Second Half of Life thomas francis, 2023-11-06 From Strength to Strength by Arthur C Brooks Constantly striving for success can lead to a loss of happiness in the long term In our fast paced world we often find ourselves relentlessly pursuing traditional achievements neglecting other vital aspects of life Arthur C Brooks in his book From Strength to Strength 2022 explains this phenomenon and offers solutions He highlights two phases of career success each associated with different types of intelligence one in youth and another in later life Preparing for the second phase with the right mindset enables a seamless transition between these strengths The Curse Of Striver The striver's curse is an underlying source of anguish that afflicts many accomplished individuals It manifests as an unceasing drive to constantly do more achieve greatness and attain larger goals often at the expense of personal contentment This perpetual guest for success leaves individuals dissatisfied in the long run Breaking free from this curse is attainable for anyone willing to put in the effort Arthur Brooks own transformation from this mindset significantly improved his life and can do the same for others Challenging your innate desire to be a striver may be difficult but ultimately rewarding Embracing your imperfections and relinquishing self imposed limitations can lead to lasting happiness and enhanced success Confronting the inevitability of decline and mortality with bravery and self assurance can help mend neglected relationships from the pursuit of worldly success While stepping into the unknown may be intimidating after investing substantial effort to avoid it it also holds the promise of excitement and new opportunities Grab a copy andlearn more **"From Strength to Strength."** Walter John Trower,1891* **Arthur C.
