From There To Here Stories Of Adjustment To Spinal Cord Injury:

From there to here, 19?? Forty five personal stories of how people have responded to the sudden and overwhelming change following a spinal cord injury All explore their initial trauma and confusion their vision of the future challenged and ultimately arrive at a place that each person in their own way calls adjustment **Deep** Marcy Joy Epstein, Travar Pettway, 2010-03-11 This project fits into the larger picture of excellence that we wish to accomplish in all dimensions of our health system groundbreaking and dedicated research compassionate clinical care progressive education and a welcoming environment that includes community with people with disabilities In **Deep** the writers and editors of this book realize this mission with accuracy and clarity Denise G Tate Director of Research at the University of Michigan Model Spinal Cord Injury Care System People with spinal cord injuries experience life beyond their medical and rehabilitative journeys but these stories are rarely told **Deep** Real Life with Spinal Cord Injury includes the stories of ten men and women whose lives have been transformed by spinal cord injury Each essay challenges the stereotypes and misconceptions about SCI with topics ranging from faith to humility to sex and manhood offering a multitude of voices that weave together to create a better understanding of the diversity of disability and the uniqueness of those individuals whose lives are changed but not defined by their injuries Life with SCI can be traumatic and ecstatic uncharted and thrilling but it always entails a journey beyond previous expectations This volume captures this sea change exploring the profound depths of SCI experience **Spinal Cord Injury** Thomas N. Bryce, MD, 2009-09-04 A spinal cord injury SCI profoundly changes a person life and can affect nearly all of the body systems Practitioners managing persons with SCI must treat the medical complications that arise and be equipped to help their patients return to a productive integrated life within society **Spinal Cord Injury Rehabilitation Medicine Quick Reference** provides the necessary knowledge to help facilitate this process Addressing over one hundred varied topics related to spinal cord injury ranging from Treatment of Vocal Fold Paralysis or Post Traumatic Stress Disorders to Intrathecal Pump Management and Paraplegia this text is a handy reference for the busy practitioner Presented in a consistent two page format for maximum clinical utility the book is organized into three sections The first covers the medical and psychological conditions associated with spinal cord injury the second discusses common interventions while the last outlines expected functional outcomes Every entry is standardized for quick look up in the office or clinic and features description etiology risk factors clinical features natural history diagnosis red flags treatment prognosis helpful hints and suggested readings All **Rehabilitation Medicine Quick Reference** titles offer Consistent Approach and Organization at a glance outline format allows readers to find the facts quickly Concise Coverage of must know information broken down into easy to locate topics **Fast Answers to Clinical Questions** diagnostic and management criteria for problems commonly encountered in daily practice **Hands on Practical Guidance** for all types of interventions and therapies **Multi Specialty Perspective** ensures that issues of relevance to all rehabilitation team members are addressed **Spinal Cord Injury** Martha Somers, Jade

Bender-Burnett,2024-03-18 A comprehensive approach to complex challenges Here s the foundational knowledge skills and understanding physical therapists need to develop and implement rehabilitation programs for persons living with spinal cord injuries From coverage of pathology and the pathological repercussions through medical and rehabilitative management to patient and family education students will be prepared to be effective members of the rehabilitation team They ll also understand the importance of psychosocial adaptation and develop insights into their roles in the process *The Routledge International Handbook of Disability Human Rights Hierarchies* Stephen Meyers,Megan McCloskey,Gabor Petri,2023-10-31 Disability is defined by hierarchy Regardless of culture or context persons with disabilities are almost always pushed to the bottom of the social hierarchy With the advent of the Convention on the Rights of Persons with Disabilities 2006 disability human rights seemingly provided a path forward for tearing down ableist social hierarchies and ensuring that all persons with disabilities everywhere were treated equally Despite important progress the disability human rights project not only remains incomplete but has often created new hierarchies among persons with disabilities themselves or across the human rights it promotes Certain groups of persons with disabilities have gained new voices while others remain silenced and certain rights are prioritized over others depending on what states international organizations or advocates want rather than what those on the ground need most This volume was inspired both by the continued need to expose human rights violations against persons with disabilities but to also explore the nuanced role that hierarchies play in the spread implementation and protection of disability human rights The enjoyment of human rights is not equal nor is the recognition of specific individuals and groups rights In order to change this situation inequalities across the disability human rights movement must be explored Divided into five parts Who counts as disabled Political social and cultural context Which rights on top whose rights on bottom Pushed to the periphery in the disability rights movement Representations of disability and comprised of 34 newly written chapters including case studies from the Anglophone Caribbean Bangladesh Bosnia Herzegovina China Ghana Haiti Hungary India Israel Kenya Latin America Poland Russia Scotland Serbia and South Africa and other countries this book will be of interest to all scholars and students of disability studies sociology human rights law and social policy New Essays on Life Writing and the Body Christopher Stuart,Stephanie Todd,2009-03-26 In light of materialist revisions of the Cartesian dual self and the increased recognition of memoir and autobiography as a crucial cultural index the physical body has emerged in the last twenty five years as an increasingly inescapable object of inquiry speculation and theory that intersects all of the various subgenres of life writing New Essays on Life Writing and the Body thus offers a timely original focused and yet appropriately interdisciplinary study of life writing This collection brings together new work by established authorities in autobiography such as Timothy Dow Adams G Thomas Couser Cynthia Huff and others along with essays by emerging scholars in the field Subjects range from new interpretations of well known autobiographies by Edith Wharton Gertrude Stein and Lucy Grealy as well as scholarly surveys of more recently defined subgenres such as the numerous New Woman

autobiographies of the late 19th century adoption narratives and sibling memoirs of the mentally impaired Due to their wide interdisciplinary focus these essay will prove valuable not only to more traditional literary scholars interested in the classic literary autobiography but also to those in Women s Studies Ethnic and African American Studies as well as in emerging fields such as Disability Studies and Cognitive Studies

Wheeling and Dealing Esther I. Wilder,2006 Before his motorcycle accident Travis saw himself becoming a pro football player Now paralyzed from the nipple down he says At times it s a pain in the ass literally and figuratively But it allows me to not be as threatening to some people the way I was when I was still an athlete Because a lot of times male interaction is done on the basis of pissing contests I m bigger I m tougher I m stronger I m smarter When you re in a chair they don t look at you like that At the same time Travis complains that many people are uncomfortable interacting with him because of his disability I would rather you make a mistake and deal with me than not deal with me at all Meghan is a high level quadriplegic living alone who uses a power wheelchair and requires daily attendant care She laments There are so many people who think we re asexual we re not pretty and we re creeps and weirdoes To dispel this myth she envisions a fashion show of women in wheelchairs parading down a runway Meghan has been involved in a number of sexual relationships since sustaining her injury While she doesn t think her disability has diminished her sexual pleasure she feels that it has affected her sexual performance Well you can t move it You can t like bump and grind In 32 unusually frank in depth interviews like these the men and women in this book freely discuss their sex lives their beliefs about God how they want others to treat them and whether they want to walk again In each chapter the author presents their complex voices and comprehensive research about different facets of spinal cord injury SCI **Wheeling and Dealing** explores the extent to which people with spinal cord injury locate their challenges in their physical impairments or in the social environment Some disagree with those disability activists who focus almost exclusively on the latter but the author examines this issue in depth Topics include Physical health from degrees of loss of function to problems like pressure sores temperature regulation and bladder control The stages of psychological adjustment and rehabilitation Obstacles to sexual intimacy treatment of erectile dysfunction and new sources of sexual pleasure and emotional intimacy Religion and spirituality Social and political beliefs with those with SCI weighing in on everything from welfare services to embryonic stem cell research Dating marriage and parenting Friendship networks and social supports concerns about transportation and accessibility stigma Education employment and economic consequences This book is the recipient of the 2004 Norman L and Roselea J Goldberg Prize from Vanderbilt University Press for the best project in the area of medicine
